TEN CENTS A WEEK

DRAWING OF NAMES FROM JURY WHEEL

For Saloon License Commissioners Proposed In Representative Hake's Bill

INTRODUCED IN OHIO LEGISLATURE TODAY

FIVE ARE TO BE CHOSEN

And Unanimous Vote Required Before Issue of License—Power to Revoke to Be Placed With Prosecutor—Garver Refuses to Sit With Drainage Committee—Assembly News.

[ASSOCIATED PRESS TELEGRAM]
Columbus, Feb. 26.—Another method of decentralizing the saloon license system by authorizing a board of five in each county drawn from the jury wheel to issue license, and a state inspector under the board of agriculture to enforce regulations, is proposed in a bill introduced today by Representative Hake of Trumbull. He represents the same county as Senator McDermott, author of what has been considered the administration's license decentralization bill, and is known as advocate of the dry cause.

The bill provides that between Jan. 1 and 6, of each year, the county clerk shall draw from the jury wheel the names of five men to act as the county licensing board. Those drafted may be excused by application to a common pleas judge in the same manner as they may be excused from jury service.

This board must consider applications and decide who shall be granted licenses within twenty days after members take the oath of office, and then it goes out of existence. Unanimous vote is required for granting licenses. Members are to be paid \$3.50 a day while they are sitting. The county clerk is given authority to grant licenses while the board is not in session if dry territory should be protected.

The power to revoke or suspend licenses is vested in the county prosecutor subject to consent of the common pleas court. The prosecutor also is to hear complaints and no appeal is provided from this decision.

The license year is to begin on the fourth Monday of February, and licenses may be issued only for one year at present. Removals are to be sanctioned by the clerk.

Law enforcement is left with a "state liquor traffic inspector" to be appointed by the board of agriculture with salary of not more than \$1,800 a year, and not more than 10 deputies, with salary not to exceed \$1,200. This system is similar to that in force before the license law was enacted.

One saloon for every 500 population is permitted, as under the present license law. The method of apportioning licenses for summer resorts is not changed.

Because Senators Garver of Miami and Meyers of Marion refused to participate in a meeting of the senate drainage and irrigation committee today, and Senator Cass of Putnam would not consent to voting to report out the Garver bill, amending the Vanderheide conservancy act, that

French Torpedo Boat Destroyer Struck Mine In Adriatic and Sank

[ASSOCIATED PRESS TELEGRAM]
Paris, Feb. 25.—The destruction of the French torpedo boat destroyer Dague in the Adriatic sea was announced today by the French ministry of marine.

The official announcement follows:

"The French torpedo boat destroyer Dague, while escorting a convoy with provisions for Montenegro, struck an Austrian mine off the port of Antivari (Montenegro) on Feb. 24 and sank. Thirty-eight of the crew disappeared. The accident did not hinder finishing the work of provisioning and the return of the convoy."

"The French cruiser Desaix made a demonstration against Akabah (Arabia) on Feb. 22. A landing party, aided by the ships cannon, dispersed and put to flight a small band of Turks occupying the village."

YOUNG WOMAN IS MURDERED; 3rd IN YEAR

AGED ECCENTRIC HELD UNDER ARREST SUSPECTED OF THE CRIMES

[ASSOCIATED PRESS TELEGRAM]
Aurora, Ill., Feb. 26.—A man sixty years old, described as being an eccentric, was held under arrest by the police today in connection with the murder of Miss Emma Peterson, who was found with her head crushed and jaw broken a half block from her home last night.

It was the third mysterious murder of a woman in Aurora in twelve months. In each case the victim has been strangled to death. In no case has the murderer been caught. The three unsolved murders are: Theresa Hollander, who was clubbed to death in a cemetery on the night of Feb. 16, 1914. Tony Petras, a former suitor, was twice tried on a charge of having slain her, and acquitted.

Jennie Miller was clubbed to death in a churchyard on the night of Nov. 19, 1914. Several arrests were made, but the crime was never solved.

Emma Peterson was found clubbed to death near the residence of former United States Senator Albert J. Hopkins. No weapon was found near the body; the police obtained no clues.

The man under arrest, John Mason, does odd jobs at St. Joseph hospital for his board. He had been detained by the police early last night after he attempted to seize a young woman by the arm a block from the spot where Miss Peterson's body was found.

The girl complained that she had been stopped by a man in the vicinity the night before. Her father followed her last night and trapped Mason. The police after questioning him, released him. Two hours later the body of Miss Peterson was found.

Mason, according to the police, admitted that he sometimes had carried a section of rubber hose filled with shot, but the sisters at the hospital asked for his release, declaring that he was a harmless eccentric.

Not positive that Mason is the man they want, the police employed trained bloodhounds, hoping to reveal the course taken by the murderer in making his escape.

Neighbors returning home found the body of the girl lying on the sidewalk. No one living within the block heard an outcry and the police believe she was struck down from behind and killed before she could cry for help. A handbag carried by her is missing.

Miss Peterson, who was 22 years old, had been living in the home of a wealthy retired farmer for the last three years.

The police are working on the

PROPOSE MODEL JUVENILE COURT FOR WASHINGTON

[ASSOCIATED PRESS TELEGRAM]
Washington, Feb. 26.—A model juvenile court in the national capital which would regard children coming within its jurisdiction not as criminals, but as wards to be saved for the state, was proposed today in a report to congress by Attorney General Gregory.

Children would not be called upon to answer the complaint of the criminal law, nor would they be arraigned nor put on oath with the requirement that they plead guilty or not guilty.

THREE ELECTROCUTED IN SING SING PRISON FOR KILLING WOMEN

[ASSOCIATED PRESS TELEGRAM]
Ossining, N. Y., Feb. 26.—Three men, all from New York City, were put to death in the electric chair at Sing Sing prison today for murdering women. Oscar Vogt stabbed Mme. Agnes E. Guth, a dressmaker, with whom he was infatuated. Vincenzo Campanella, a counterfeiter, shot his wife, after a prison term, because on his return he alleged he found her faithless. Robert Kane shot Anna Klein because he said she caused him to lose his wife's affections.

ATTITUDE OF GERMANY IS NOT CERTAIN

As to the Policy of Mine Planting Along Hostile Coasts

BERLIN FORMULATING REPLY TO AMERICAN NOTE

FRIENDLY TONE PLEAS

And It is Thought An Amicable Understanding Will Be Reached Between the Imperial Government and the United States Regarding Foodstuffs to Civilian Population.

[ASSOCIATED PRESS TELEGRAM]
Berlin, Feb. 26.—Via London.—The American note to Germany and Great Britain on the subject of foodstuffs to civilian populations of belligerents and submarine activities at sea, a copy of which was handed to the German foreign office by Ambassador Gerard the night of Feb. 22, has been a subject of exhaustive discussion for the past two days between the German imperial authorities concerned and the American ambassador.

As a result of this close attention the German reply is gradually taking definite form. The correspondent of the Associated Press has been assured by most competent and reliable authority that the American proposals are regarded as constituting a satisfactory base for future negotiation and that they are themselves in many respects acceptable. Certain of the proposals, however, will be subjected to more or less important modifications.

Government circles have expressed themselves as impressed by the friendly spirit in which these proposals have been advanced, and the evident desire on the part of the American administration to reach a solution of the difficulties involved in the present methods of maritime warfare, to belligerents and neutrals alike.

The American note probably will not be published here until the German response has been sent forward but there is good reason to believe that it deals with three principal subjects, namely, mine and submarine blockade of coasts; the use of floating mines, and the entry of foodstuffs for civilian populations.

It is difficult to obtain any expression of opinion concerning the German point of view on these points from any of the imperial governmental departments interested in the negotiations or to overcome the censorship restrictions in treating on this matter in news dispatches sent out from Berlin by telegraph.

However, from a general knowledge of German policy and intentions, it may be said with confidence that little difficulty will be experienced so far as Germany is concerned in reaching a mutual agreement for the discontinuance of floating mines. The attitude of the German admiralty on mine planting along

PREPARING OFFENSIVE IN THE WEST

Germans Believed to be Content With Recent Successes Eastward

WHERE THEY ARE MEETING STUBBORN RESISTANCE

THOUGHT WISEST POLICY

Allies Said to Be Well Prepared to Meet Another Rush, and Russians Are Rapidly Recuperating—Renewed Fighting Reported In the Caucasus, With the Turks.

[ASSOCIATED PRESS TELEGRAM]
London, Feb. 26.—The impression is gaining ground among British and French military commentators that Germany is preparing for a fresh expenditure of energy in the land campaign along the western front. Notwithstanding the recent successes of the Germans in the East, they are apparently encountering as stubborn resistance as at any time. The resiliency and recuperating powers of the Russian armies, according to theories advanced here, have convinced the German general staff that it is wisest to adopt the defensive in the Russian campaign while delivering another blow in the west. If this rush comes, the allies will be well prepared to meet it. During the last few months a decided change for the better has taken place in the forces of the allies, what with reinforcements, bigger guns and more complete equipment, lack of which was felt keenly during the early stages of the war.

As against the expectation of a new German general offensive in the west, another theory is advanced in some quarters that the German attack in the east will be continued with the main idea of taking Warsaw from the north. Przemysl, fifty miles north of Warsaw, now being in the hands of the Germans, according to their claim, it is probable that a battle is now raging along the River Orzys, where the Russians are attempting to stay the Teutonic advance.

The Turks are again appearing in the war news by virtue of the renewed fighting in the Caucasus. Meantime, the allied fleet has at last demolished the forts at the entrance to the Dardanelles in what is believed to be preliminary to the determined attempt to force the historic strait, the opening of which would result in important strategic, political and economic effects.

Wireless reports that the American steamer Dacia plans to go northward around Scotland on the way to Ham-burg revive speculation as to when and where she will be seized by the British.

[ASSOCIATED PRESS TELEGRAM]
Amsterdam, Feb. 26.—Via London.—The Swedish steamer Svartan, from Rotterdam, arrived today at Ymuiden, Holland, with a large hole in her starboard side near the bow. The captain reported that the Svartan had been damaged on Thursday afternoon by either a mine or a torpedo. It is his opinion that the damage was inflicted by a mine.

Last of the Dynamiters Caught By W. J. Burns.

DAVID CAPLAN
MILTON A. SCHMIDT

Milton A. Schmidt, known as "Schmitt", and David Caplan, the last of the dynamiters who blew up the Los Angeles Times building in 1910, killing twenty-one men, have been captured by William J. Burns, the famous detective. They were part of the plot for which the McNamara brothers were tried in Los Angeles. "Schmitt" was found in New York City, where he worked as a mechanic under the name of Joe Hoffman. Caplan had a chicken farm near Seattle. The arrests, which Mr. Burns has been trying to make since two days after the Los Angeles explosion, grew from his investigation of the blowing up of the tenement house at No. 1626 Lexington avenue, New York, July 4. The detective was convinced that the bomb which prematurely exploded there, killing an anarchist, was made by the man who made that used in the Los Angeles case. That led to the belief that "Schmitt" was in New York. After months of work he was located, and kept under cover in the belief that Caplan would appear. When it was learned that "Schmitt" was about to move, Burns with New York officers took him. Three detectives were hurried on to Seattle, and they soon had Caplan.

Condemnation Suit Against Sherwood Park Property For New Federal Building

(Special to the Advocate.)
Washington, Feb. 26.—The Treasury Department has carefully considered the report on the Newark Federal building situation as made by Mr. Field, special agent, who visited Newark early in February, and while Mr. Field's report is not made public it is believed that he has recommended one of two things.

First, the acquirement of additional ground adjoining the Sherwood site, or, second, the purchase of either the R. M. Davidson site or the old Methodist church corner property, including the Hetrick and Brooks building, the James E. Jones property on Church street.

Secretary McAdoo today directed that the condemnation proceedings in federal court at Columbus be prosecuted immediately with the idea of fixing a value on the corner piece of ground lying just north of the Sherwood site and immediately west of the Sherwood Hotel, being the same ground that was conveyed by the Sherwood company to the city of Newark for a public park at the time the rear of the lot was sold to the Federal Government for \$18,500. Once the government learns what it must pay for this corner piece it will decide whether to build the new structure there or go up town with it. The erection of the building will not take place on the original Sherwood site, though it now seems possible that it may be built out in front of the Hotel Sherwood on the corner of First and Main streets. It is said that the condemnation proceedings should not take over sixty days. It seems that the location of the postoffice will depend upon the price fixed for the Sherwood Park property.

WHEAT PRICES WERE PANICKY; 5 CENTS DROP

[ASSOCIATED PRESS TELEGRAM]
Chicago, Feb. 26.—Selling that bordered on a panicky nature, swept the wheat market down more than five cents a bushel today. The critical situation regarding the possible opening of the Dardanelles was chiefly responsible. May wheat sold as low as \$1.48 1-2 at the opening as against \$1.53 5-8 at the close last night.

July wheat dropped four cents. Support from those who believe that the straits are still a long way from being open to the shipment of grain, was forthcoming at the decline. May sold up to \$1.49 3-4 and July which had touched \$1.21 1-4, advanced to \$1.22 within the first ten minutes of trading.

Feverish unloading followed and the market soon smashed two cents below the undermost price at the start, but rallied again with a rush, though not so strongly as before. On the second wave of selling, May dropped to \$1.46 1-2, a fall of 1-5c, compared with last night. The extreme setback for July meanwhile was 4-5c to \$1.20 3-4.

The crowd of brokers in the wheat pit was not so large as frequently is seen during a much less excited market. The rapidity of the transactions today, however, was at a rate seldom equaled.

THREE MEN LOST LIVES WHEN THE CARIB WAS SUNK

[ASSOCIATED PRESS TELEGRAM]
Berlin via London, Feb. 26.—Three members of the crew of the American steamer Carib, lost their lives when their ship was sunk Tuesday in the North sea, probably by a mine. It has been learned that the Carib went down off Borkum Island, at the mouth of the Ems river and not near Helgoland, (another island 45 miles northwest of the mouth of the Elbe and Weser rivers), as was presumed from the first announcement. The American steamer Evelyn was also sunk off Borkum Island. No further details of the Carib disaster are available here.

NEW INVENTION BY GERMAN TO EXPLODE MINES

Berlin, via London, Feb. 26.—Reference to a secret invention supplementing mine throwers, is made by the National Zeitung's correspondent at Austrian press headquarters. He says an explosion is produced by a system similar to wireless telegraphy. The precision of the new invention is indicated, the correspondent declares, by the fact that twenty-four hits were made out of twenty-five shots.

RIOTS IN ITALY AT NEUTRALITY DEMONSTRATION

[ASSOCIATED PRESS TELEGRAM]
Genoa, Feb. 26.—Via Rome.—One person was killed and many were wounded during riots at Ventimiglia, which resulted from a demonstration in favor of the maintenance of neutrality by Italy. A counter demonstration by persons desiring the intervention of Italy in the war led to a serious fight.

Police and carabinieri interfered, but were unable to restore order for some time. During the fighting, several of the police and a major of the carabinieri were injured.

DROPPED DEAD IN SPEECH FAVORING ITALY'S ENTRANCE

[ASSOCIATED PRESS TELEGRAM]
Milan, Italy, Feb. 26.—Via Rome.—Senator Mosti-Trotti, a radical deputy, died suddenly today while he was delivering a speech in favor of the intervention of Italy in the war. Senator Mosti-Trotti was addressing a large crowd in the Verdi theatre. His remarks stirred the crowd deeply. As he reached the climax of his speech, amid an unusually enthusiastic outburst of applause, he suddenly pitched forward, dead.

Forcing of Dardanelles Would Give Allies The City of Constantinople

[ASSOCIATED PRESS TELEGRAM]
Constantinople, Feb. 26.—Via London.—Three warships of the allies were damaged in the bombardment of the Dardanelles foris Feb. 25, according to an announcement given out today at the headquarters of the Turkish army here.

Here is the text of the announcement:

"Ten big armored vessels on Feb. 25 again bombarded the Turkish forts at the Dardanelles for a period of 7 1-2 hours. At the conclusion of this operation, they retired in the direction of the Island of Tenedos.

"One ship of the Agamemnon type and two other armored vessels were damaged by the fire from the forts on the Asiatic side of the straits."

It was announced from London last night that all the forts at the entrance of the Dardanelles had been reduced by the combined fleets of Great Britain and France, a naval force which has been estimated over thirty vessels.

The English announcement made

no mention of losses, either to vessels or in men. It described the operations as successful and said they were continuing.

The Dardanelles are the key to Constantinople, and the effort to force them has been going on since the middle of December. In possession of this waterway, which is a strait about 45 miles long, and from one to three miles wide between the Sea of Marmora and the Mediterranean, the warships of the allies would not encounter any serious difficulty in making their way to Constantinople and training their great guns on the Turkish capital. Turkey always has relied upon the strength of the Dardanelles for protection from attack by sea; their defenses in the Sea of Marmora and around Constantinople have been described as relatively unimportant.

It is declared that with Constantinople in the possession of the allies, a vast amount of Russian wheat would come out from the Black Sea and be distributed to

(Continued on Page 12, Col. 3.)

Plot Charged Against German Naval Attache To Embassy In America

[ASSOCIATED PRESS TELEGRAM]
New York, Feb. 26.—Federal authorities today are investigating a statement made by counsel for Richard P. Stegler, the German naval reservist, arrested in this city Wednesday night, to the effect that Captain Boy-Ed, naval attache to the German embassy in Washington, had furnished an American passport to Carl Hans Lody, the German spy, who was put to death in the Tower of London last November. In his general denial of Stegler's statements involving him, Captain Boy-Ed referred to his allegation as "trash."

Charles H. Griffiths, former assistant U. S. attorney who was assigned by U. S. Commissioner Houghton to defend Stegler, linked the names of the German attache and Lody in a statement given out after a conference with Stegler in the tombs.

"Stegler told me," Mr. Griffiths said, "that on one occasion while he was on his way to keep an appointment with Captain Boy-Ed a Dr. Fuehr told him that Captain Boy-Ed had carried through the scheme and that he made it possible to secure an American passport for Lody and that Boy-Ed sent Lody to England where he was executed. Stegler also said that Dr. Fuehr had told him Boy-Ed was the only person who knew all the details of the Lody plot because he had planned the whole thing."

Mr. Griffiths said that all of Stegler's statements were corroborated by Mrs. Stegler, the young Georgia woman, at whose suggestion Stegler abandoned his alleged plan to go abroad. According to Mr. Griffiths, Stegler was to have sailed for England, to work for the German government in obtaining information as to the whereabouts of an English fleet of dreadnaughts supposed to be in St. George's channel. Stegler was to have gone on the steamer Franconia, according to the lawyer, and when he decided not to go, a young German American whom he knew by sight, but not by name, was assigned to the perilous task and sailed on

RUSSIA ORDERS SHRAPNEL FROM PITTSBURG FIRM

(Associated Press Telegram)
Pittsburg, Feb. 26.—Negotiations are in progress between the Russian government and a large machine company here which will likely result in a contract for \$10,000,000 worth of war munitions. Shrapnel shells form the principal part of the order, and as special machinery is required to make some sizes, the company has asked to deposit \$1,000,000 in bank to indemnify it should the machines become useless by reason of a sudden termination of hostilities. The company is now working on a number of large orders of similar character, its machine men, who have been trained to work their lathes at one-one-thousandth of an inch, being able to make fast time on shells where accuracy goes farther than a quarter of an inch.

DRAWING

(Continued from Page 1.)
measure will remain in the hands of the committee until next week.
Senator White of Erie, chairman of the committee, rebuked Senator Garver for preventing the committee from taking action on the bill.
"It is a disgrace for us to withhold this bill any longer," said Senator White. "If you have not enough votes in the senate to pass it, you ought at least not hold the bill up any longer."
Governor Willis today refused to say he favored reporting out the Garver bill. "I leave that matter entirely in the hands of the legislature," he said.
With the intention of relieving the idleness of Ohio coal mines, a bill was introduced today by Representative Whitacre, of Columbiana, to compel the state board of adminis-

tration to buy only Ohio-mined bituminous coal for the 19 state institutions under the board's supervision. Representative King, of Perry, also presented in the house today a duplicate of the Vorhies senate bill introduced yesterday, regulating rates which railroads may charge for hauling coal within the state. It also carries an emergency clause, on the ground that "local mines are idle, price to consumers excessive and miners families in want," and rate reduction will revive the mining industry.
Representative Beidler of Hancock introduced a bill providing penitentiary sentence for overdrawing a check account in a bank. The measure is a re-draft of the Hite bill, killed by the house, and arranged so that honest depositors who accidentally overdrew their accounts will not be embarrassed.
Citizens could carry weapons by securing permission from the sheriff and paying a license fee of \$1, according to a bill presented by Representative Palmer of Henry. Under present law, it is absolutely illegal to carry concealed weapons.

A wife might be granted a divorce on grounds of drunkenness of her husband for only two years, instead of three, as the present law provides, according to terms of a measure introduced by Representative Williams of Lawrence.
A bill of Representative Hoy of Jackson would permit the state industrial commission to make an additional allowance for medical or surgical attention when the victim of an industrial accident is required to receive these for more than two weeks.

A proposal to change the firemen and police pension system, to insure stability of the funds and to relieve municipalities of the pension levy, is contained in a bill introduced by Representative Whittemore of Summit. It provides that the state superintendent of insurance shall certify through county treasurers to municipal treasurers the funds to pay such pensions. Thus the money will come from the fees paid to foreign insurance companies for the privi-

lege of doing business in the state, instead of compelling municipalities to make a special levy for maintenance of the pension funds. Mr. Whittemore estimated the state would pay out about \$400,000 for the purpose.
Representative Eppstein of Lucas introduced a bill, providing for pensioning aged or infirm firemen who served with part pay. The city council may create a fund by levying not more than 1-10 of a mill, and elect a board of five persons to administer the fund.
House leaders today discussed informally the probable adjournment date of the legislative session, and it was said April 15 was agreed on as the tentative time for ending the law-making work. Hamilton county legislators were quoted by house leaders as agreeing partially to a program of adjournment nearly a month later than March 19, the day they proposed adjourning in the Pink resolution, pending in the senate.

ATTITUDE

(Continued from Page 1.)
hostile coasts however is at the present time unknown.

INTEREST MANIFEST AS TO GERMAN REPLY AND THAT OF ENGLAND.

(Associated Press Telegram)
Washington, Feb. 26.—Administration officials were looking forward with unabated interest today to early responses to the American government's informal proposals to Great Britain and Germany for the elimination of dangers to neutral shipping. These suggestions include removal of all unnecessary mines in the high seas and provide for the distribution of foodstuffs to the German civilian population and the abandonment of the German submarine warfare on merchant ships.
The American proposals have been submitted by England to her allies, France and Russia, for consideration. At the same time the British cabinet has taken them under consideration. Officials here expect that a reply will be forthcoming in a few days. Unofficial advice fail to disclose the attitude of the British cabinet towards the latest American move.
While merchant vessels still are being destroyed by mines and torpedoes, Secretary McAdoo, of the treasury department has ordered that all ports in the British Isles, including the continental port of Bordeaux, be made special ports requiring special rates of war insurance from the government bureau. This was done because of dangers to ships in the new German war zone.

YOUNG WOMAN

(Continued from Page 1.)
theory that all of the three murders of the last 12 months have been committed by the same man.
In an old wooden shack the police today pinned their greatest hope of running down the mysterious murderer who struck down Miss Peterson with a piece of gas pipe. The glove, with the weapon, was found within a half block of where the

Many People In This Town
never really enjoyed a meal until
they had tried
Rexall Dyspepsia
Tablet
before and after each meal. Sold only

Hall's Drug Store.

young woman was killed. The victim's handbag, opened and rifled, was found a block and a half way on the Northwestern railroad tracks.

The glove has been carefully guarded and will not be exposed until it is given to the bloodhounds for the scent. The hounds are on the way here from Decatur, Ills. Forty-two suspects, twenty-five of them negroes, have already been picked up in this, the third unsolved clucking to death of an Aurora woman with a year. As in the murder of Miss Jennie Miller, elderly daughter of a former mayor, who was slain with a pipe wrench as she passed a church, a "great tall man, wearing a long overcoat," is being sought. A man answering this description stood over the body of Miss Peterson, stooped to pick up something and then fled, Miss Eliza Galkins says.

Miss Galkins lives close to the scene of the crime and says she saw the man run towards the Northwestern tracks. She was brought to her window by a single long scream, she said. Supporting her story the handbag carried by the young woman was found on the tracks.

Chief of Police Nichols believes that the man who killed Miss Miller is the one who murdered Miss Peterson.

John Mason, an eccentric old man, who lives at the St. Joseph hospital, a block away from where Miss Peterson was killed; is still held by the police as a suspect, but they are inclined to believe he is innocent.

FARMERS ARE LOSING MONEY RAISING WHEAT

LESS THAN HALF THE ACREAGE
NOW SOWN AND OUTPUT
REDUCED.

Joseph Leiter Gives as a Cause
Higher Labor Cost and Shorter
Hours.

(Associated Press Telegram)
New York, Feb. 26.—Joseph Leiter, noted wheat operator of 15 years ago, testified today at the state inquiry into the increased cost of bread, that American farmers had long been selling wheat for less than what it cost. "The farmer," Mr. Leiter said, has nothing to say concerning what price he shall receive for his product. That is usually done at the terminal markets or exchange, he added, and the Liverpool exchange as the leading exchange of the world usually fixes the price.

Mr. Leiter said that although he had been a heavy speculator in wheat in 1897 and 1898, he had not speculated in grain since then. He admitted that he had not forgotten "any of the tricks of the trade," and said that he had been interested in grain since he was a boy.

"In 1897, I saw that wheat was selling at less than cost," he said. "I realized that this could not go on. Being young, and not knowing as much as I do now, I thought I'd make money by storing and holding the commodity until I could sell it at a profitable price."

"But my plans didn't work. I lost money on it and the only ones to make money were the farmers."

The farmer today cannot obtain proper return on his work, Mr. Leiter said, on the old basis of wheat prices, because farm labor has been increased in price and the laborers' hours have been shortened. The production of wheat, this country is gradually being reduced, he testified. The average farmer twenty years ago devoted 300 acres to wheat growing, while today he devotes only 100 acres.

TREMENDOUS COST OF WAR NOW FELT IN GREAT BRITAIN

(Associated Press Telegram)
London, Feb. 26.—Supplementary government estimates were issued this morning, covering the amounts which will be required to defray the expenses of naval and military operations, to cover the cost of assisting with the food supply and in promoting a continuance of trade, as well as other expenditures arising from the existing state of war.

An additional sum of \$185,000,000 will be necessary to meet the outlay up to the end of the fiscal year ending with the 31st of March, 1915. This makes the original vote credit and the previous supplementary vote a grand aggregate of \$1,819,000,000 for the current year.
Another vote of \$1,250,000,000 is asked for as an installment for similar expenses which may be incurred during the year ending March 31, 1916. Included among the purposes of the present vote credit, is a project to raise funds by British dominions and protectorates outside of the United Kingdom, and by the powers allied with Great Britain.

EVERYDAY ETIQUETTE

"Will you kindly explain the meaning of R. S. V. P.," also T. S. V. P. which was on a note I received today," pleaded a woman.
"R. S. V. P. means Plait; literal translation, Plait, if you please. Tournure S'il Vous Plait means, turn, if you please; in other words, please turn the page, replied her elder sister."

Though petroleum exists in Siam and has been used in a crude way by the natives for lighting, no attempts have been made to develop the deposits.

GRANVILLE IS RESPONDING TO BELGIAN RELIEF

(Special to the Advocate.)
Granville, Feb. 26.—The Women's Missionary Organization of the Baptist church enjoyed their annual conference and rally yesterday afternoon in the social rooms of the church. Reports from the Home and Foreign secretaries, Mrs. Grissinger and Mrs. F. F. Murray, show that both societies have met their appointments with a slight balance in the Home treasury. Under Mrs. D. C. Gilmore's vigorous administration during the past two years, the organization has done a wonderful amount of work in both departments and she is being heartily congratulated on the success of her labors as president. She will be succeeded by Mrs. Robert Biggs, another of the efficient members of the organization. An appetizing supper was served and a social hour enjoyed by the large number present.

Mr. Ralph Smoots, whose marriage to Miss Bertha May Ellis of Newark was solemnized on Wednesday evening in Newark, arrived in Granville with his bride yesterday afternoon, and took possession of his parents' pleasant home on Broadway. Mr. and Mrs. E. A. Smoots are spending the winter in California, and on their return the young couple will move into a home of their own. They have the felicitations of their many friends in this community.

Mr. W. P. Ullman, druggist and book man, attended the Rexall convention held in Columbus two days this week. Mrs. C. E. Stanton entertained with a delightful luncheon yesterday afternoon in honor of Mrs. C. B. Newton of Bowling Green. In the evening Mrs. Newton was one of a party motoring to Columbus to attend the Symphony concert in Memorial Hall. Dr. and Mrs. R. S. Colwell, Miss Margaret Colwell, Miss M. E. Penney were among others who went.

Mr. D. E. Williams, a prominent lawyer of Columbus was in Granville Thursday in attendance at the funeral of his sister, Mrs. Friend Case.

Mr. Interrieden of St. Mary's, auditor of the Columbus Natural Gas company, was calling on Granville friends yesterday.

Miss Frances Hicks of Urbana was the guest of Miss Alma Brumback during the past week.

Miss May Griffin of West Virginia, is visiting at the home of her uncle, Mr. Charles Griffin.

Mr. and Mrs. E. H. Hammond attended the Smoots-Ellis wedding in Newark Wednesday evening.

Mrs. C. L. Williams is visiting at the home of her son-in-law and daughter, Mr. and Mrs. George Walter in Clifton, Cincinnati.

Mrs. Josephine E. Miller of Toledo is visiting at the home of her brother, Mr. E. F. Hobart on Centerville street.

Mr. and Mrs. Henry Welsh, who have just returned from a visit with their son Will in Middleport, expect to leave here on Monday for California.

The Shepardson Glee club will give its annual concert this evening at 8 o'clock in Recital Hall. It promises to be a fine performance. Mrs. Theodore Johnson will be the soloist.

Mrs. Minnie Norris Davidson of Cincinnati, with her little daughter, is visiting at the home of her parents, Mr. and Mrs. Albert Norris in Cherry street.

Mr. T. M. Kier and Mr. Fenwick Ewing, in addition to their courtesy in offering their office on Broadway as a receiving station for Belgian relief donations, started the list with a generous contribution of three large boxes of food supplies. Others are sending in supplies in amounts of varying value. Your donation need not be great in order to be acceptable. You would pass a starving child on the street without an attempt to relieve its sufferings. Here is an opportunity to feed at least one of the "little ones" for a few days.

In regard to the relations which the commission has established with the various belligerents, Mr. Herbert C. Hoover, London, chairman of the Commission for Relief in Belgium, says: "I wish to say a few words up to the diplomatic situation in connection with this work. I make this statement in view of the discussion which is now raging around these points. The first thing I wish to make clear, with emphasis, is that the Germans are not interfering with the distribution of this foodstuff. Not one mouthful has gone down a German throat yet, nor do I believe it ever will. We have had nothing but help from the Germans."

Many here are withholding their contributions because as they assert, the food never will reach the Belgians.

A Way to Help Hospital and Library.

Whether a man possesses the inherent right to exercise any control over property after his death, by will, has been seriously questioned by many eminent thinkers in times past, and there is a great divergence on the question even now, but in the suggestion made in this article the ethical or metaphysical element will not enter. Testamentary disposition of one's belongings is a privilege granted by the law of this state, and this fact will form the basis for whatever is written.

It has often been said that "the law itself makes the best will, and the provisions for descent and distribution of a decedent's estate by will and statute seems eminently just and facile for almost every family entitled to share in the property left at death.

But often other contingencies than merely provisions for a testator's family, arise in the minds of one who decides upon making a will. There may be more than enough property to adequately support the man's dependents, there may be no children who need his bounty, or the children may be womanhood and their position established.

The one making a devise under such circumstances will inevitably cast about in thought for some worthy person or object as a beneficiary of bequests to be made. It is at this point that the Advocate would offer a suggestion.

A prominent Newark attorney said Thursday that he had drawn several wills lately in which either the City Hospital or the Newark Public Library was named to take specified sums under the provisions of the document.

It struck us that the subject might be spoken of, and would lead to some thought upon the part of any one who reads this, who may be thinking of making some disposition of his property after death.

The City Hospital is one of the most deserving institutions in the city per se. The circumstances under which it was founded and now exists make it even more worthy of consideration on the part of those who have means to give for the support of such an enterprise. For an enterprise it has been on the part of the boards of Women Managers and the Trustees. The Library, in its sphere of usefulness is of equal merit as a Newark asset.

These institutions have no large endowment fund to the income from which is sufficient to place them above the need of funds. There is expense connected with each that is a necessary concomitant of its activities. This expense must be met, and few appreciate the struggle that has been made almost continuously to keep the hospital and library going concerns.

There are many persons in Newark who have made or intend drawing up their wills. Would it not be a laudable act to make the Hospital or the Library devise for some stipulated amount?

It has only an endowment of \$10,000 given by Mr. E. H. Everett. This is a munificent gift and shows

Feb. 26 in American History.
1883—General Charles Robert Woods, a noted Federal soldier, died in Newark, O.; born there 1827. Woods commanded the famous expedition to relieve Fort Sumter in April, 1861, which precipitated the outbreak.

1897—David L. Froudfelt, well known poet and author, died; born 1842.

1909—Rev. Theodore Caylor, noted minister and author, died; born 1822.

Ohio Legislative Notes

Columbus, Feb. 26.—The resolution of Senator Pink, the Republican, calling for an adjournment of the general assembly on March 19 was like the shot of a 72-centimeter gun in the breastworks, and the debris is not through falling. Representative Yeatman, Republican, had a twin resolution for the house. Declaring that the general assembly had been in session since January 4 without accomplishing anything of importance, at a cost of from \$2000 to \$4000 a day, and that the people were demanding adjournment and relief from a needless session, the resolution went in, supported by petitions and letters bearing names of influence in the business world. The authors of the resolutions are spokesmen for the Hamilton county delegation.

The Republican majority, which had in mind the passage of the Volstead bill, already reported from committee, for destruction of the non-partisan judiciary system, awoke to the importance of the press which let the people know what was on foot, and took cognizance of the delay of the Democratic state committee to do their worst with the promise of a referendum. The notice that the Democratic committee, which met in Columbus in December and again in February, meant what they said about referendums, caused a conference of the majority leaders. The Democratic defiance was issued Tuesday and on Tuesday afternoon the Volstead bill got the indefinite postponement, which is the polite and sensible way of crying "no."

When the short budget bill carrying \$6,566,000 was up in the house, Representative Kramer, Democratic floor leader, took occasion to remind the majority that the governor and other Republican leaders said there was a great deficit in the treasury, though he saw by the papers there was a balance of more than ten millions which the Democrats had accumulated, and that ex-Governor Cox had the receipt of Willis therefor. He said he believed the newspapers were right, and that the Democrats would support the measure which affected their own savings. Mr. Kramer unmercifully scored the Republicans for their false position, and off the floor did

not mince words in treating the campaign attitude of Mr. Willis and terming it as the "most villainous politics" he had ever witnessed. The surplus has been and still is in the treasury and will be there until after the Republicans in the legislature make a lot of appropriations. It is now the desire of the majority leaders to pass appropriations before they attempt to make reply to Mr. Kramer. Then they hope to be able to get from under the fact that Republicans themselves will have created a deficit if any there be, for the reason that Governor Cox, who inherited some three millions from Governor Harmon, nearly quadrupled that saving during his two years in the office of governor.

Administration leaders are making a strenuous effort in attempting to delude Republican farmers into the belief that the Wages law is not being changed because of the opposition of Democratic legislators. This statement was prepared and sent broadcast by the Republican press bureau after its weekly conference in the office of Governor Willis, who, himself, is therefore cognizant of the deceit. The truth is that no tax bill has been before either branch of the assembly and no committee has ever taken up the subject. The hunger for offices, however, will soon place the administration of the law in the hands of Republicans, and that is all the administration has care for.

Representative Lansing, of Cuyahoga, would go the Hamilton county gentleman one better in the matter of adjournment. Quit this week, he would resolve, until March 5, and then come together to adjourn sine die.

Every man appointed by Governor Willis is either an attaché of the Republican state committee or a graduate of Ada. And this is getting going those fellows with jealous dispositions, who think their alma maters are just as good as Ada. Nor do they like one bit this new Ada yell, suggested by Billy Ireland:

"Readin', writin',
"Addition,
"Father's on a public commission!
"When we come to graduate
"Maybe we can run the state!
"Rah! Rah! Rah!
"A-D-A!"

Spirit of the Press

Hereditary Mayoralty.
Is there a third generation of Carter Harrison to reign over Chicago? The original Carter ruled for ten years. The second Carter has just come to grief in the Democratic primaries after twelve years in the mayoralty. Of course, his political career is not ended necessarily, but it would be interesting to know whether the hereditary principle is to be applied further in the western metropolis.—Philadelphia Record.

Pink Congratulated.
Congratulations of the public are due to Senator Lewis Pink of Cincinnati, who introduced in the state senate Tuesday a resolution for early adjournment of the legislature. The senator's head is level. He points out in his resolution that there is a general desire in Ohio that the legislature go home; that while it is in session it costs the taxpayers \$3000 a day, and that it has accomplished nothing of importance.

If the legislature adopts Senator Pink's resolution, and hastens passage of the appropriation bill so that the members may go home March 19, a grateful public will include the entire membership in the applause it is now giving the author of the resolution.—Columbus Citizen.

Power in Limitations.
One of the most successful business men in this country was talking to a friend the other day in a grammatical way. He made an unusually brilliant remark, whereupon the friend asked him why he did not write down some of his splendid parts of speech, that the public might have the benefit of his wisdom. The business man replied that he could not write, and then laconically added: "My limitations are my greatest assets."

And it is an absolute fact. Had he been able to write, or rather, had he followed the art of writing, he would probably today be working for someone else on a meager salary. But, having his limitations, and knowing them, he hired people to do his writing—and many other things—and gives to his tremendous business enterprises the inspiration and the punch which he possesses.—Dayton Daily News.

T. R. Called Copperhead.
Plauding Mr. Roosevelt's attacks upon President Wilson's policy of strict neutrality, the London Spectator is confident that "a vast number" of Americans will recognize that Mr. Roosevelt "has arisen to the greatness of the occasion," and that he "has performed a task worthy of himself and of the place he holds in the national life."

It makes little difference what the London Spectator thinks, but it would be unfortunate, indeed, if any considerable number of thinking Englishmen deluded themselves into believing that Mr. Roosevelt's copperheadism represents American sentiment. What Theodore Roosevelt is in this crisis of a little importance as what Franklin Pierce thought of Abraham Lincoln in the crisis of 1861.

The attitude of the American people toward their president and their government at this time was defined by former President Taft in the noble and patriotic speech that he made at Morristown on Washington's birthday. Referring to those persons who "attack President Wilson because he has been faithfully following the example set and the ad-

LO! HOW THE MIGHTY HATH FALLEN!

monitions given by our first president," Mr. Taft said:

We must abide by the judgment of those to whom we have intrusted the authority, and when the president shall act, we must stand by him to the end.

That is how most Americans feel. What Mr. Taft said at Morristown was said in substance recently in the house of representatives by Mr. Mann, the Republican leader, except for a few German-Americans, a few Anglo-Americans and a few professional critics like Mr. Roosevelt, there is no popular dissent from the president's interpretation of the rights and duties of neutrality.—New York World.

Parole System Applauded.
In declaring the parole system to be the "most valuable agency in the rehabilitation" of prisoners, the California state board of prison directors doubtless does not overstate the case. Paroling prisoners gives them the one best chance to retrace a false step, and the infrequency with which a parole is broken evidences their appreciation of it.—New York World.

Pointed Observations

Lucky is the lawmaker whose name comes toward the end of the roll-call. Twenty-seven Massachusetts state senators who privately oppose woman suffrage voted for it the other day after they saw it was sure of defeat.—Cleveland Leader.

Another pathetic little feature of everyday life is the way an editor will devote not a little valuable time to reading anonymous letters and getting mad about them that absolutely no attention is paid to such communications.—Ohio State Journal.

If the cherry tree story is true, George Washington would have made a poor war correspondent.—Washington Post.

The Panama-Pacific Exposition is wide open and in full blast. But it's a long way to San Francisco, and there are many bad spots in the walking.—Pittsburg Chronicle-Telegraph.

Would it be all right to call London's new aeroplane police force fly cops?—Columbian State.

Lord Rosebury thinks the war is a blessing in disguise. If so the disguise is just perfect.—Philadelphia Press.

The president of the London Ethical Society charges Uncle Sam with indirect responsibility for the European war. We take it, however, that the skirts of Siam are altogether clear.—Norfolk (Va.) Pilot.

Arizona's supreme court upholds prohibition. But why on earth does a state with a whole desert to itself want a "dry" law besides?—New York World.

Whatever you may think about the propriety of it, no prudent foreign ship will sail into the war zone without an American flag on board.—Pittsburg Dispatch.

The Modern Child.
Hostess (at children's party):—How would you children like to play London Bridge?

Miss De Style (age fourteen):—We would much prefer a game of auction, if you don't mind.—Puck.

Judge Monroe of Los Angeles says small wages cause most divorces. Chicago has 2000 union janitors.

"Well, by the looks of you I should say you were a veteran."—Philadelphia Ledger.

His Favorite Songs.
John Bull's favorite songs these days are the "Star Spangled Banner," the "Stars and Stripes Forever," and "Three Cheers for the Red, White and Blue."—Pittsburg Gazette Times.

Might Do For That.
Musical Maiden (after trying her voice):—Do you think I can ever do anything with my voice, professor?
Music Master (cautiously):—Well, it may come in handy in case of fire.
—Sydney Bulletin.

Going Up.
Professor of Chemistry—If anything should go wrong in this experiment, we and the laboratory with us might be blown skyhigh. Come closer, gentlemen, so that you may be better able to follow me.—Brooklyn Eagle.

Society

Mr. and Mrs. Wesley Braden were very pleasantly surprised at their home in Charles street on Thursday evening by a party of masqueraders. The evening hours were devoted to games, after which luncheon was served, the following: Mr. and Mrs. Charles Eichorn, Mr. and Mrs. Thomas Cramer, Mr. and Mrs. Arthur Fleming, Mr. and Mrs. Charles Provin, Mrs. Pound, Misses Florence Palmer, Hazel Wright, Helen Sawyer, Chloe Braden, Messrs. Paul Wright, Feral Provin, Carl Braden.

On Wednesday afternoon from two until five o'clock, Miss Looise Tygard entertained "The Coterie" at her country home, "Sunni-Vue" farm. The afternoon was spent in a very interesting book discussion and a pleasant social hour.

The members present were: Mrs. L. C. Bailey, Mrs. C. W. Chaffin, Mrs. K. C. White, Mrs. C. O. Gale, Mrs. W. C. Taylor, Miss Mae Davy, Miss Nell Davy, Miss Helen Peters, and Miss Vera Peters.

The next meeting will be with the Misses Peters on March 10.

The Rose Embroidery club met at the home of Mrs. W. H. Martin in East Main street on Thursday. The following members, Mesdames Crabbin, Heim, Hammick, Viola Maxwell, Crisman, Bumgartner, and Maxwell, and guests, Mrs. Bertha Martin and Mrs. Maude Kelley were present. The next meeting will be at the home of Mrs. Heim.

RICHARDS-BOWMAN.
A simple but charming wedding took place at the home of Miss Alice Bland in North Fifth street on Thursday night, when Miss Florence Bowman, formerly of Levitt & Bowman, was married to Mr. William H. Richards of Cincinnati. Miss Bertha Hopp was bridesmaid and Mr. Alva Knapp of Cincinnati, best man. As the bride party entered the parlors to the strains of "Lohengrin's Wedding March," played by Miss Hagerstrand, they were met under an arch of smilax and white roses by Rev. Mr. Schmidt, who read the simple but impressive ring ceremony. The bride wore a beautiful dress of blue charmeuse and lace and carried blue's roses. The bridesmaid wore blue crepe de chine and carried pink sweet peas. Only a few intimate friends were present.

Mr. and Mrs. Richards left on a late train for Cincinnati where they will be at home to their friends in Hartwell, after March 15.

Thursday afternoon the members of the Sunshin club were entertained at the home of Mrs. George Ross of Linden avenue, but one of the ladies being absent. With musical selections, sewing and a contest the hours were soon passed. Mrs. Guy Lentz won the honors in the contest. Mrs. John Lawver and Mrs. Guy Lentz were guests of the hostess. The next meeting will be held with Mrs. M. Devore at Flory avenue.

KELLER-FLETCHER.
The wedding of Miss Esther Fletcher, daughter of Mr. and Mrs. D. Fletcher of North Fifth street, and Mr. Ralph Keller was solemnized on Thursday afternoon at 3 o'clock at the parsonage of the Second Presbyterian church by Rev. Don Tullis.

The bride was gownned in a coat suit of blue with a spring hat of the same shade and she was attended by

When Croup Comes Treat Externally

The old method of dosing delicate little stomachs with nauseous drugs is wrong and harmful. Try the external treatment—Vick's "Vap-O-Rub" Salve. Just rub a little over the throat and chest. The vapor, released by the body heat, loosens the choking phlegm and eases the difficult breathing. A bedtime application insures sound sleep. 25c, 50c, or \$1.00.

Edward Vogel of Marion, O., was a visitor in the city Thursday and Friday.

Mrs. Blanche Woodward and Mrs. H. E. Woodward and two children are spending a few days in Bylesville, the guests of Dr. and Mrs. A. E. Fletcher.

Mr. and Mrs. C. S. Kerr of East Newark, returned yesterday after spending several weeks at Stuart, Fla., in company with Mr. and Mrs. C. T. Bricker and Mr. and Mrs. Aron Coad all of this city. Mr. and Mrs. Bricker and Mr. and Mrs. Coad are now enroute home but will make several stops before reaching Newark about March 8.

Frederick M. Black is in New York for a day or two.

William Heald and family of North Newark have moved to R. F. D. No. 3, Granville, O.

Judge and Mrs. T. B. Fulton and daughter, Mrs. Ferguson, Hon. and Mrs. W. D. Fulton and daughter, Miss Bertha, Mr. and Mrs. J. B. Irish all of Newark, Mr. and Mrs. J. W. Fulton, Mr. Roy Chrisman of Homer, Mrs. R. S. Fulton, Mrs. W. F. Rimer and Dr. A. T. Fulton of this city went to Buckeye City this morning to attend the funeral of the late Mrs. W. F. Senft.—Mt. Vernon Banner.

CORNETT-HAZLETT.

On Thursday evening at 6:30 o'clock was solemnized the marriage of Miss Florence Hazlett and Mr. Lewis Cornett. The wedding took place at the home of the bride's parents, Mr. and Mrs. C. H. Hazlett in East Main street. The Rev. George Bohor Schmidt officiating, the ring ceremony being used. The decorations of the rooms were white roses and smilax.

The bride and groom were attended by Miss Ruth Braden of this city and Mr. Howard Boals of Pittsburgh, Pa. The bride was becomingly dressed in electric blue taffeta and carried a bouquet of bride's roses and forget-me-nots. The bridesmaid was dressed in olive green poplin and carried pink Killarney roses. Following the ceremony a wedding supper was served the immediate families of the contracting parties, the table being centered with white roses.

Mrs. Cornett is the daughter of Mr. and Mrs. C. H. Hazlett of East Main street. Mr. Cornett is employed as an operator of the Pennsylvania railroad company and is the son of Mr. and Mrs. G. A. Cornett of Port Washington, O.

Mr. and Mrs. Cornett will make their home for the present with the bride's parents, and will be at home to their friends after March 15, 1915.

Mr. and Mrs. Luther Benner, entertained at their home, 255 North Fifth street on Friday evening. A dainty luncheon was served the following guests: Misses Effie Norman, Elsie Rowe, Mae Walton, Pauline Helfrey, and Tillybell McDonald, Messrs. Edward Moran, John Shimmel, Ralph Cherry, Raymond Jones and Thomasweeney.

BAUGHMAN-BOOTH.

A very pretty wedding was solemnized at the home of Mr. and Mrs. J. W. Booth Wednesday evening when their daughter, Etha Olive, was united in marriage to Mr. Roy Baughman, Rev. E. H. Funk officiating.

The bride was charmingly dressed in a gown of pink silk crepe and cream lace. The bridegroom is the son of Mr. and Mrs. John Baughman of Black Run.

After the ceremony supper was served to Rev. E. H. Funk, Mr. and Mrs. Roy Baughman, Mr. and Mrs. J. W. Booth, Mr. and Mrs. O. A. Ashcraft, Miss Etha Baughman, Miss Vernice Booth and Mr. Orville Booth.

Mr. and Mrs. Baughman will make their future home on a farm near Frazersburg.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

THE SICK

Almost every home in the North End (From North street north), has one or more cases of grippe, and a number quite sick. In spite of this the Sunday and mid-week services at the Maple Avenue C. U. chapel are being largely attended and the revival interest is kept up.

Rev. W. H. Baker, 57 Norton avenue, who has been laid up with grip for nearly three weeks, is now able to do a little pastoral work. Mrs. Baker is also improving in health.

Mrs. Gertrude H. Doyle is ill with the grippe at her home in the Florentine.

Mrs. Emma Shrimplin was brought from Waukegan, O., on Panhandle train No. 19 and taken in Criss Brothers ambulance to the Newark Sanitarium to undergo an operation.

Mrs. Louise L. Haskins of Granville was taken to the City Hospital in Criss Brothers ambulance today where she will undergo an operation for appendicitis.

Warships taking refuge in a neutral port are liable to be disarmed after 24 hours.

JOHN J. CARROLL

GENEROSITY

OF NEWARK CITIZENS TOWARD BELGIAN LIEF IS BEING STIMULATED

But the Response is Not Yet What Those in Charge of Headquarters Had Hoped for.

The aspect in the Belgian Relief Commission headquarters in 12 East Church street today became more cheerful and encouraging and the appeal for food stuffs seems to have awakened some to the necessity, for a number of donations were received. However, the response is not nearly so great as it should be and every effort is being put forth by those in charge to stimulate the generosity of those living in the city and especially in the country districts.

So far all contributions have been from people living in the city, and little if any aid has been secured from the country people. In all the appeals for help received from the staunch little country of Belgium, which so heroically held to the principle it thought right, there has been a request for whole wheat and shelled corn. This could be donated by the farmers in small quantities which would hardly be missed. A bushel or two of whole wheat, or a bushel or two of shelled corn, from the many hundreds of Licking county farmers, would soon place Licking in the front ranks, of those desirous of aiding, less fortunate brothers.

Mr. Harvey Jewett, of Aberdeen, S. D., a former resident of Newark, was in the city Thursday and made a most generous donation to the commission. He gave 300 pounds of corn meal and 200 pounds of rolled oats. The Altar and Rosary society of St. Francis de Sales church gave a generous money donation. Also several sacks of flour have been received and a goodly amount of condensed milk is finding its way to the headquarters.

All are appealed to, to do something, or give something, no matter how small the donation, and if everyone would but feel that it is her or his special duty, to make some contribution, the matter of filling the car from Licking county, would be a matter of but a few days.

REID WOULD NOT ACCEPT R. R. CONTROL

UNDER PRESENT CONDITIONS IN THE WEST AS A PRECIOUS GIFT

He Says Earning Powers Are Cut, Rates Fixed and Taxes Are Put Up.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 26.—Daniel G. Reid, head of the group which took control of the Rock Island railway system in 1901, declared today at the interstate commerce commission's investigation of the road's financial affairs that organization of the two holding companies put no additional burden on the Chicago, Rock Island and Pacific company.

Mr. Reid's examination was concluded and his assertion that the holding companies with total capitalization of \$350,000,000, had not added to the burdens of the operating concern came during his cross examination which was very brief.

None of the stock of the New Jersey holding company had reached the public, he said, with the possible exception of a commission in stock paid to J. P. Morgan & Co., of New York on the purchase of the "Frisco" system. He did not know the amount of the commission or what had become of the stock.

During his direct examination Mr. Reid asserted that conditions had so changed in the railroad world of recent years that he would not now accept as a gift control of any western or southwestern railroad.

"When you want the earning powers of railroads by fixing rates, and everything else goes up in the way of taxes, conditions are worse," he said. "I am not complaining of the wages we must pay but of what we get to pay wages with."

Commencing with the skin, raise it high to remove any dirt that may have collected in the loose skin or the lines or wrinkles that may be appearing, and scrub, especially up behind the ears.

Particular care should be exercised in removing cold cream from these parts, since they invite and hold dust, and once started, blackheads are difficult to subdue, for the pores become enlarged and receptive.

The eyes should be washed out with boracic acid and water at least twice a week, and in the meantime the fingers should be kept from them.

In the daily ablution the eyelids are apt to be neglected, and so stored away in the folds of the skin, are collected dust particles. Lashes and brows must be kept scrupulously

clean and no cursory method will accomplish this.

With a soft brush and warm water the eyebrows should be brushed from the nose outward, and if dry a little oil applied to the roots, with a soft camel's hair brush. The lashes should be curled over the fingers.

Ears require a most painstaking toilette. Cold cream should be regularly applied to the face in order that the skin may be kept smooth and white.

YOUR BOYS AND GIRLS

Few grown people really appreciate music unless they can play themselves, nor does it follow that because a child does not care for the piano might not grow fond of the violin or the organ or the cello.

While few children really get to the point where it would seem worth while to prepare them for professional musicians, yet it is most important to give whenever possible enough instruction so that it will be possible for the pupil to be able to read a little independently of the teacher, and to be able to play, simple duets and accompaniments.

The most usual household instrument is, of course, the piano, so that piano instruction is the most available.

THREE INJURED IN WRECK OF SPECIAL

(ASSOCIATED PRESS TELEGRAM)

Lafayette, Ind. Feb. 26.—Three persons were injured, one probably fatally, when the eastbound passenger train known as the New York and New England special, on the New York Central Lines, was wrecked near here today.

Engineer James Biggs, of Indianapolis was the most seriously injured. A spearing rail or broken truck is believed to have caused the wreck.

Obituary

Isaac K. Frampton.

Isaac K. Frampton and old soldier died at this home in Perryton, on Thursday. Funeral will be held on Sunday at his home, the time announced later.

David M. Jones.

David M. son of Thomas and Margaret Jones was born in Newark, Ohio, May 5th, 1851, died at his home in Tuscarawas street, Feb. 25, 1915, at the age of 63 years 9 months, 20 days.

He became a member of the Welsh church when quite young, later taking his letters to the East Main Street church of which he was a faithful member.

He leaves to mourn his death, his brothers Morgan of Miami, Florida, and Evan, of Granville, and a host of relatives and friends who loved and honored him. Funeral services will be held at his late home, Saturday afternoon at 1:30 o'clock. Burial at Granville, Rev. Chas. Laughlin officiating.

In loving remembrance of our loving daughter and sister, Lillian, who died February 24, 1914.

Over in the Summer Land, "Ere sin could harm or sorrow fade, Death came with friendly care, The opening bud to heaven conveyed, And bade it blossom there.

This lovely bud, so young, so fair, Called hence by early doom, Just came to show how sweet a flower

In Paradise would bloom. She was but as a smile, Which glitters in a tear.

Seen but a little while, But, oh! how loved, how dear.

Mr and Mrs. J. N. Stasel and Family.

Bargains in the Wants tonight.

NIGHT RIDERS SUSPECTED OF DOUBLE MURDER

(ASSOCIATED PRESS TELEGRAM)

Madisonville, Ky., Feb. 26.—This section, the scene of a number of depredations committed by night riders, was stirred today by the discovery of what apparently was a double murder.

Demmett Woodruff, proprietor of a store, and Glover Hoard, his clerk, were found dead early today. Both had been shot. Woodruff's body was lying near the rear of the store and Glover's inside. The authorities attribute the murders to night riders.

WELSH OBTAINED CHARLIE WHITE AT MILWAUKEE.

(ASSOCIATED PRESS TELEGRAM)

Milwaukee, Feb. 26.—Freddie Welsh outboxed Charlie White in a 10-round no-decision boxing contest at the Auditorium last night, according to the almost unanimous opinion of sporting writers. Welsh appeared to have had the advantage of five rounds, the third to seventh inclusive. White shaded his opponent in the ninth and tenth and the first, second and eighth appeared to be even.

PICKETING BOARD ABOLISHED.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 26.—Motion of the railway picking board, as introduced in the next bill by the house, was approved today by the senate.

BRITISH CRUISERS LIE DAMAGED, SAYS LETTER TO GERMANY

(ASSOCIATED PRESS TELEGRAM)

Berlin, Feb. 26.—By wireless to Sarville, N. Y.—The Cologne Gazette has published a letter received in Germany from Montevideo, Uruguay, in which it is declared that seven British cruisers are lying at the Falkland islands, in the Southern Atlantic, severely damaged. This information has been brought into Montevideo the letter says by the officers of an Argentine steamer.

CARRANZA MAKES NO REPLY TO THE DEMANDS OF U. S.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 26.—No reply had been received today from General Carranza to the representations the United States has made against General Obregon's decree issued in Mexico City, levying a heavy tax on foreigners, and their properties. Protests have been made to the state department by Sir Cecil Spring-Rice, British ambassador, and Senor Riano, Spanish ambassador.

BERLIN SOCIALISTS APPROVE MEASURES TO CONSERVE FOOD.

(ASSOCIATED PRESS TELEGRAM)

Berlin, Feb. 26.—Approval of measures taken by the government to conserve the food supply, was expressed at 24 socialist mass meetings held last night in Greater Berlin. A reduction in the maximum potato price was demanded, however. Policemen who attended the meetings forbade the reading of uniform resolutions which had been prepared.

Sent-an-el Laxative Tablets

MADE IN AMERICA
MORE THAN A MERE CATHARTIC

SMILE WITH THE MORNING SUN
Sent-an-el Laxative Tablets will simply make you feel great. Purely vegetable, candy-coated Sent-an-els do all that any other cathartic or purgative does and they'll tone up your system. For Sent-an-els are more than a mere cathartic. They do this by getting at the blood, the seat of the trouble. They'll cleanse and purify that vital fluid making it rich and red as Nature intended, to go coursing through your veins and arteries, to vitalize your nerves, to build and to develop your whole system. Your druggist sells Sent-an-els. 10 doses 10 cents. Get a box to-night.

Dike's Extract Cod Liver Oil

Children and grown-ups who dislike Cod Liver Oil will not have the slightest objection to DIKE'S EXTRACT. It is pleasant to taste, gives strength and vigor and prevents catching cold. It relieves those deep-seated coughs that may lead to serious trouble.

Chicago Grain.
[Associated Press Telegram]
Chicago, Feb. 26.—Wheat: Dropped 7 1/2 cents a bushel in half an hour today under excited selling, due to reports that the outer defense to the Danubian line had been broken. The break in prices was in the face of announcements that a foreign government had called in Chicago, asking for an offer on 15,000,000 bushels, chiefly No. 2, hard winter, to be shipped within four days. The request was from a country that would be directly benefited by the opening of the Danubian line. The opening here, which was 2 1/2 cents to 3 cents under last night, was followed by rallies of a cent or more, but then came fresh breaks, with subsequent reactions of lessened vigor. Corn tumbled as a result of the break in wheat. The market was chiefly characterized by the unusual lack of support. After opening 3 1/2 cents to 3 1/4 cent down, the decline continued unchecked, but by no means as severely as wheat. General liquidation extended to oats as well as to other grains. Contrary to what has recently been the case, today was fully as weak as corn. Although provisions at first showed something of an upward tendency, the break in cereals quickly led to a reversal of sentiment. This was especially the case in regard to pork.

BAYONETS

USED IN PIERCE HAND TO HAND STRUGGLES IN RUSSIAN POLAND.

Powerful German Advance Said by Petrograd to be Developing Toward Warsaw.

[Associated Press Telegram]
Petrograd, Feb. 26.—(Via London.)—Members of the staff of the Russian army commenting on the recent military developments in northern Poland, all agree that from Przasnysz and Novogorod the Germans hope to develop a movement upon Warsaw.

Przasnysz is about 15 miles south of Warsaw and the town south of the East Prussian frontier which has been the scene of heavy fighting recently and which Berlin declared yesterday had been captured by German troops with a Russian loss of 10,000 prisoners.

This movement is being assisted by the commencement of an energetic offensive in the vicinity of Mogheli.

Against this powerful German advance, which evidently has assumed larger proportions than any previous movement in Russian Poland, the Russians had three strong lines of defense.

Fighting has been virtually uninterrupted and it invariably has seen bayonet engagements in which the Russians have become very skillful. There has been increased activity, apparently in eastern Galicia, where the Germans have been checked in their effort to reach Halicz, an important strategic point on the Dniester river.

According to information reaching the Russian general staff from the front, certain German commanding officers are declaring to their men that the Russians will continue retreating; that the Austrian occupation of Galicia has not been interrupted, and that peace soon will follow the success of German arms.

INVESTIGATING VIOLATION OF U. S. NEUTRALITY

[Associated Press Telegram]
New York, Feb. 26.—Investigation of alleged violations of custom laws and of American neutrality was begun today by the federal grand jury in the cases of the steamships Lorenzo, Berwind, Fram and Sommerstad, which, it is alleged, carried supplies from American ports to German men-of-war in the Atlantic early in the war.

BECKER DENIED A NEW TRIAL

[Associated Press Telegram]
New York, Feb. 26.—Charles Becker's application for a new trial on the indictment charging him with the murder of Herman Rosenthal was denied today by the supreme court.

LOST IN WOOL TRADING

[Associated Press Telegram]
Boston, Feb. 26.—The Commercial Bulletin will say tomorrow: "There has been a lull in the trading in wool this week, although the market has lost none of its strength. Reports from all over the world show that the tendency of wool values is still upward. Supplies here are limited, but holders of wool found little difficulty in realizing full market prices."

His Last Look.

A church in the north of Scotland regarding a pastor had a beadle who took an active interest in all that concerned the church. One of the candidates after the last service for the day was over stepped into the vestry to put off his gown. He thought he would have a look at the church and, meeting the worthy beadle putting things to rights, said: "I was just taking a look at the church."

"Are, tak' a guid look at it," said the beadle, "for it's no likely ye'll ever see it again."—Dundee Advertiser.

Immunity of Children.

Professor Ambrose asserts that the reason very young children are relatively immune to infectious diseases is that their hearts beat so much more rapidly than those of older persons that the blood flows swiftly through the arteries, and this swiftness of flow makes it difficult for micro-organisms to gain a foothold in the blood stream.

—New York World.

One Danger.

"Have you fastened the windows, dear?" she asked as they were about to retire for the night.

"No. What's the use? I gave you the last dollar I had to buy that new bag and we needn't fear burglars."

"But they might sit down on the hat, you know."—Washington Post.

Between Citizens.

He was abusing things in general. "Have you registered?" asked the other man.

"No-no."

"A citizen should always register. Your vote will do more to correct matters than your criticism."—Pittsburgh Post.

Seeking Information.

Musical Note.

"Say, Hiram, what do they mean by a Stradivarius?"

"Oh, a Stradivarius is the Latin name for a fiddle."—Musical Courier.

Over-Good Course.

Hi—What course is Sarah studying at that boarding school? Gi—I can't remember, but I think it's cosmetics.—Stamford Chaparral.

LARGE BUSINESS SHOWS EFFICIENCY

The efficiency of the service which a bank renders is reflected in various ways but mainly by the volume of business which the institution transacts.

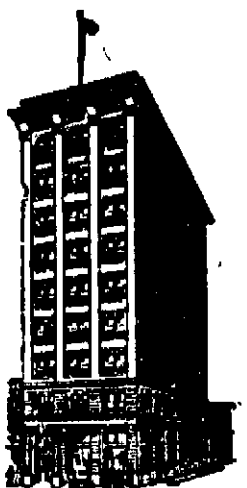

If it handles carefully and promptly the business with which it is favored it is certain to enjoy a liberal patronage.

This bank enjoys the distinction of having the largest number of depositors of any other financial institution in the city.

PROMPT AND EFFICIENT ATTENTION GIVEN TO ALL BUSINESS ENTRUSTED TO US.

Zanesville's Wonderful Nerve-Build-er Prescribed by Famous Berlin Physician.

Actual and prospective users of Nerv-Worth often ask about its origin. Nerv-Worth is made from a prescription given by Dr. Theibach, at the time a well-known nerve and stomach-trouble specialist of Berlin, Germany, to a Detroit, Mich., man who sought his help for nervous debility and indigestion while in the German capital. This traveler was in a bad way, but Dr. Theibach's prescription so quickly and thoroughly brought back his health that on returning to this country he took steps to get the formula on the market, so that his fellow American sufferers might profit by it as he had done.

So great has been the success of this plan that in the cities where Nerv-Worth has been introduced—Zanesville, Dayton, Springfield, Newark, Canton and Coshocton—about 10,000 bottles of the remedy have been sold, every bottle upon a strict money-back guarantee. Nerv-Worth is sold by T. J. Evans, Druggist, Warden Block, \$1.00 a bottle.

LOOK AT CHIL'S TONGUE IF SICK CROSS, FEVERISH

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

BREAD PRICES REDUCTION WILL STOP INQUIRY

(ASSOCIATED PRESS TELEGRAM)

New York, Feb. 26.—A return to the wholesale price of four cents a loaf for bread, which reports say the big baking companies are contemplating, will, Deputy Attorney General Becker indicated today, result in a discontinuance of the inquiry he is conducting here into causes for the increased price of wheat, flour and bread.

Mr. Becker in commenting on the report that big baking companies were considering a return to the wholesale price of four cents, said that he "hoped the price would soon be reduced," and he added that if such a step was taken, he would feel that the purpose of the state's inquiry was accomplished.

"The object of the anti-trust law is to preserve free competition," Mr. Becker said, in a statement. "The situation which has been created with hundreds of small concerns underselling the big ones, has provided the best example we have had in a long time what competition can accomplish." Unless prices are reduced, Mr. Becker declared his determination to continue the inquiry.

The hearings before the referee will be resumed today when Joseph Leiter, once prominent as an operator in the wheat market, will testify.

Two Kettles of Water.

Sir Robert Hart, speaking of marriage and death customs in the far east, told a story of a great Chinese scholar and high official who said that the foreign way of letting the young people fall in love and choose and the Chinese way of first marrying and then making acquaintance reminded him of two kettles of water. The first—the foreign—was taken at the boiling point from the fire by marriage and then grew cooler and cooler, whereas the second—the Chinese—was a kettle of cold water put on the fire by wedlock and ever afterward growing warmer and warmer, "so that," said his friend, "after fifty or sixty years we are made in love with each other!"—Exchange.

25 Years Ago

(From Advocate, Feb. 26, 1890.)

The electric car will be stopped at 8 o'clock this evening for the purpose of putting on a new set of motors and axles.

Mr. Harry Hibbert of the well known firm of Hibbert & Schaus, will erect a ten room residence in East Main street, between First and Front streets.

A gay party of canoeists, consisting of Messrs. Will Wells, Jim Thomas, Frank Atherton, Jim Hammill and Will Sprague went to the reservoir today for some sport.

Messrs. Harry Place, Paul Collins and John Hershberger leave for Seattle, Washington, this evening.

15 YEARS AGO TODAY.

(From Advocate, Feb. 26, 1900.)

The venerable Henry Cramer, while walking in his yard in the North End, fell and sustained painful bruises.

Mrs. G. W. Hildwick entertained a number of friends at her home in the East End last evening.

Lieut. Charles F. Sowersby and Miss Ada Miller, daughter of Mr. Phil D. Miller were united in marriage today at noon in Trinity church.

A. S. White, assistant treasurer of the National Salt company, New York, is in the city visiting his father, Erasmus White.

Fifty Years Ago Today. Feb. 26.

Two Federal divisions were organized out of miscellaneous commands at Newbern, N. C., to open the railroad to Goldsboro. Sherman was marching toward Goldsboro, and Newbern could be utilized as a water base for his army.

Twenty-five Years Ago Today.
John Jacob Astor's will, leaving the bulk of his vast estate, estimated at \$120,000,000, to his son, William Waldorf, was probated in New York.

FRECKLES

February and March Brings Out Un-
sightly Spots. How to Remove
Easily.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from Evans' Drug Store or any druggist and banish the freckles. Money back if it fails.

Sharpening a Worn File.

"When a file gets dull," said the master mechanic, "you can restore its effectiveness by pouring a little nitric acid over it. This roughens the raised parts and deepens the sunk parts so that it will again file your nails or cut a bar of iron."

Gastronomic Health.

"Pa, what is envy?"
"Envy, my boy, is what your millionaire uncle feels every time he hears you begging your mother for a second piece of pie."—Detroit Free Press.

COLD GONE! HEAD CLEAR AND NOSE OPEN—IT'S FINE

Take "Pape's Cold Compound" every two hours until you have taken three doses, & then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

NEWARK TELEPHONE
DIRECTORIES READY
FOR DISTRIBUTION

The new directories of the Newark Telephone company are ready for distribution and will be given out to patrons on Saturday morning. The books, which number 3800 will be distributed over the entire city Saturday morning and the distribution is in charge of Frederick Abbott, circulation manager of the Advocate.

Thirty-five of the Advocate carrier boys will distribute the directories to the homes and business houses over the city and all patrons are asked to have the old books ready, so they may be handed back to the boys, and thus avoid the confusion which might arise from the numbers in the old books.

The Time to Break It.

There is an anecdote in some volume of French theatrical memoirs narrating an experience of Mlle. Clairon, the great tragic actress, with a pupil of hers, a girl of strong natural gifts for the histrionic art, but far too frequent and too exuberant in her gesticulation. So when the pupil was once to appear before the public in a recitation Mlle. Clairon bound the girl's arms to her side by a stiff thread and sent her thus upon the stage.

With the first strong feeling she had to express the pupil tried to raise her arms only to be restrained by the thread. A dozen times in the course of her recitation she was prevented from making the gestures she desired until at the very end she could stand it no longer, and in the climax of her emotion she broke her bonds and swung her hands to her head.

When she came off the stage she went humbly to where Mlle. Clairon was standing in the wings and apologized for having snapped the thread.

"But you did quite right," said the teacher. "That was the time to make the gesture, not before."

The River Indus.

The River Indus in width during the year may vary by miles. Traffic for long distances cannot be guaranteed because the ever shifting channel throws up mud flats and sand banks here and overwhelmed good land there in a manner which defies the wisdom of the ancient boatmen.

Romans and Beards.

The ancient Romans considered it effeminate to wear beards. All their busts, representing the famous men of olden times, are without beards.

No weather is ill if the wind be still.
—Spanish Proverb

State News

Mayor Karb of Columbus voted ordinance requiring ambulances to take emergency cases to nearest hospital.

Sherman Lewis, a farmer near Xenia, has enjoined the agricultural commission and veterinarians who sought to prevent a public sale at the Lewis farm.

Fire believed to have been started by incendiaries burned three shops and a dwelling at Lakeview, near Bellfontaine yesterday. A new boat valued at \$5,000 was destroyed.

Mrs. John P. Eaton and young son of Delaware county were attacked by an enraged cow whose call had been taken from her.

T. C. Jones of the Delaware Gas company suffered a broken arm when his auto backfired.

Dayton's warehouse department announces that a new warehouse will soon be built.

Mrs. Elizabeth Landis, 86, of Piqua, died from injuries received in a fall down stairs.

Petitions for a Beal law election at Marysville are being circulated.

George W. Griffith of Marion died of heart disease while sitting in a chair, where he was found by his wife who thought he was asleep.

Erwin W. Heaton of Salem, a student at O. S. U., is in a serious condition from hiccoughs.

A. B. Cohen, former Columbus business man, died in Washington, D. C.

Mrs. Edythe Jones Haserot, 18, of Cleveland has sued her father-in-law, F. H. Haserot, wholesale grocer, for \$100,000 for alienating her husband's affections. They eloped and the father secured his son's commitment to the industrial school at Delaware. The husband is 19 years old.

JURY OF PHYSICIANS BRIGHT'S DISEASE

"They were not genuine cases of Bright's Disease." Then how about cases like this?

R. C. Pell, cor. Broadway and Battery Sts., is the manager of one of San Francisco's big corporations. His son had Bright's Disease. He called two physicians, one of them an Army surgeon. Usual albumen and patient swollen with dropsy. The doctors declared the case incurable. The father thereupon ordered Fulton's Renal Compound administered. Patient began to mend and in a month was so well his father could hardly credit it and had two other physicians examine the patient and analyze samples. Both reported normal.

Thus a jury of physicians decided the patient had Bright's Disease and was incurable and another jury of physicians later determined his recovery as to permanence, this was nine years ago and patient is in business in San Francisco at this writing. (Feb. 1914.)

The ability of Fulton's Renal Compound to reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS and we will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco, P. O. Box 114 is local agent. Ask for Pamphlet

NOTICE! NOTICE!

The Trustees of Newark township will be glad to receive and will distribute to the indigent and unemployed any contributions of shoes or articles of clothing that may be brought to the Township House to 53 South Second street.

By order of Trustees,
M. R. SCOTT, Clerk.

Eugene Field and Children.

"It was children whom Field loved best," says Miss Hildegarde Hawthorne in St. Nicholas, "and he would take all sorts of trouble to make a child happy. His room was crowded with toys, queer dolls, funny little mechanical toys that ran about or boxed or nodded strange heads or performed tricks. His study door was never shut to a child, and he had many child friends his family knew nothing of. His brother tells how a few hours after his death a little crippled boy came to the door and asked if he might go up and see Mr. Field. He was taken into the room where the gentle, most loved figure lay and left there. In a little while he came limping downstairs, the tears streaming down his cheeks, and went silently away, known to nobody there."

Paradoxical Energy.

"People who speak English do fun-ny things, don't they?"

"How so?"

"Why, they put stops on organs to make them go."—Baltimore American

Before and After.

"A woman is as old as she looks," quoted the wise guy.

"Before or after she is dressed to go out?" queried the simple mug.—Philadelphia Record.

Long Felt Want.

Woman—Have you no relatives? Tramp—None! What I lack is "yes" relatives when I need a loan.—New York Globe.

Know this—that every country can produce good men—Lewins.

The Object.

"Why do you write articles on how cheaply people can live if they try?"

"In the hope of getting enough money to avoid having to live that way."—Washington Star.

ALLIANCE

OF RAILROADS TO INFLUENCE PUBLIC OPINION AND ELIMINATE COMPETITION

Alleged to Have Existed According to Disclosures of Commerce Commission.

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 26.—Senators and representatives were studying today the disclosures by the interstate commerce commission in connection with its inquiry into the affairs of the Louisville and Nashville and allied railroads. The commission in its report to the senate, in response to a resolution of that body, alleged that the Louisville and Nashville acquired competing lines and that it conducted at an expenditure of millions of dollars, an elaborate political and publicity campaign to eliminate competition and influence public opinion.

The commission points out the need of further investigation together with an inspection of the railroads correspondence. Under the decision of the supreme court last Tuesday, the commission is powerless to make such an inspection.

It was considered doubtful in congressional circles whether, in view of the short time before adjournment, anything in a legislative way can be done at this session giving the commission access to the correspondence files of the railroads.

Members of congress, however, are considering an amendment to the interstate commerce act, which would give the commission this power.

COLD IN CHEST AND SORE THROAT CURED OVER NIGHT

A Big Yellow Box of Begy's Mustardine for 25 Cents—Doctors Prescribe It—Druggists Guarantee It.

It will not blister, is always ready and a box is better than and equal to 50 blistering mustard plasters.

Stops coughing almost instantly; ends sore throat and chest colds over night. Nothing like it for neuralgia, lumbago, neuritis and to speedily drive away rheumatic pains and reduce swollen joints.

Money back if it isn't better than any mustard preparation you have ever used for tonsillitis and pleurisy. Use it for sprains, strains, bruises, sore, painful or frosted feet and chilblains. Be sure it's Begy's Mustardine in the yellow box—the original real mustard preparation. 25 and 50 cents. T. J. Evans can supply you.

Uncle Walt

TWO VIEWS.

It rained all day, and Sarah Jane surveyed the dismal scene; her face against the window pane, she gazed, and cried, "How mean! Here I'm condemned to stay inside, and mope and break my heart when I would like to take a ride in Willie's chug-chug cart! Oh, rain, you spoil this life of mine. You make me wail and sob! The sun should have to pay a fine for loafing on its job!" Said Gladys Mae Rebecca, "Hoots! This weather can't be beat! It's just the stuff for men and brutes, and also for the wheat. What more could any one desire than such a day as this, when one can sit before the fire and read, in perfect bliss? The music of the blessed rain, as on the roof it falls, should soothe away our every pain, and heal our harness galls. I like the sunshine when it gleams on hill and bosky dell, but when the rain gets wet and streams, I like that just as well." Then Gladys Mae Rebecca took the Uplift Magazine, and in the cozy cozyness enjoyed the afternoon; while Sarah Jane, with gloomy mind, looked at gusty showers, and in a manner most refined, she cursed the dragging hours.

IS YOUR DAUGHTER PALE?

Does she inherit a delicate organization from you? The anemia of young girls may be inherited or it may be caused by bad air, lack of proper food, insufficient out-of-door exercise, hasty and irregular eating and not enough rest and sleep. It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart and headache. In a majority of cases constipation is present. Often the patient craves unusual things to eat, such as starch or chalk. There may be no loss of flesh but the complexion takes on a greenish-yellow pallor.

There is no need to worry in a case of this kind. The treatment is easy and simple. Dr. Williams' Pink Pills, non-alcoholic and free from any harmful drug, are just the tonic to remedy this condition. Improvement begins with the first dose. As the blood is made rich and red the peculiar pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of relapse is slight.

A booklet, "Building Up the Blood," which tells all about this treatment, will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.

NEW DISCOVERY FOR ECZEMA

Doctors Having Great Success with Amolox

Amolox is performing wonderful cures after all other remedies have failed. It is the prescription of a well-known physician who has used it in his private practice. For the first time it is now offered to sufferers of skin diseases at the leading drug stores.

In Youngstown, O., writes, "I have used Amolox in four bad chronic cases of skin diseases, all of which showed a marked improvement from the start. Two are entirely cured."

Amolox Ointment will quickly relieve pimples on the face, blackheads, and clear up a mucky complexion. Bad chronic cases of eczema, psoriasis, salt rheum, tetter, lasting for years, require both the Amolox solution and ointment to effect a cure. Trial size, 50c. Guaranteed and recommended by T. J. Evans.

SAFETY

OF SCHOOL CHILDREN FROM INJURY BY VEHICLES A PRIME OBJECT.

Of Organization in New York—Legislation Will be Attempted Governing Speed Maximums.

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 26.—Resolutions outlining the policy of the Safety First Federation of American, organized by representatives of automobile clubs, civic organizations, police and public service officials, were to be adopted and officers elected at the meeting of the new organization today. It is proposed to start a campaign for public safety, for vehicular and pedestrian traffic in all states and the federation will ask for the co-operation of all local safety organizations.

A maximum speed of four miles an hour by vehicles at street corners, and in every block where there is a public or private school, when the children are going to and from school, will be advocated. Ordinance to make pedestrians use the cross walks at all street intersections when crossing from one side to the other, will be introduced in councils of the cities of the country. Fire prevention and the regulation of street traffic will receive particular attention by the federation.

Harold W. Newman, commissioner of the department of public safety of New Orleans, chairman of the organization meeting said that the first important endeavor of the organization everywhere would be to push laws requiring mental and physical examinations of automobile chauffeurs.

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to the remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and press them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Evans Drug Store and other leading druggists of Newark and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain 10 pounds or more.

Deep Disgrace.
"I haven't seen Hemmandhaw for a week."
"No; he hasn't been out of the house since his accident."
"Was he seriously injured?"
"No; but he feels the disgrace deeply."

"Disgrace?"
"Yes; after living in the heart of the city all his life he went to the country one day last week and was run over by a milk wagon."—New York Tribune.

Neutrality.
Crawford, I understand that his matrimonial difficulties have been settled.
Grabshaw:—Yes; wife's relatives have agreed to maintain strict neutrality.—Life.

Diastolic Measure.
Petree:—I heard something this afternoon that fairly knocked me speechless.
Cutsler:—Do you mind repeating it to my wife?—Philadelphia Record.

Bargains in the Wants tonight.

HOPING

TO PASS SOME GENERAL LEGISLATION BEFORE CONGRESS ADJOURNS TUESDAY

Both Houses Driving Ahead with Big Appropriation Bills to be Disposed of.

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 26.—Congress was driving ahead today with the big appropriation bills in the hope of yet passing some general legislation before adjournment of the session next Thursday.

Administration senators are continuing their efforts to get action on the government ship purchase bill, but there is no assurance that it will again be considered in the senate at this session. It is thought possible that the Philippine bill may be passed if certain amendments to the preamble can be agreed upon.

The senate had before it today for consideration the naval and fortification appropriation bills, while the house continued work on the general deficiency bill, the last of the supply measures awaiting action in that body. The senate before it adjourned last night, passed the agricultural appropriation bill, after adopting an amendment to the measure providing for government loans for farmers, made considerable progress on the naval bill and began consideration of the fortification bills.

DARKEN GRAY HAIR, LOOK YOUNG

Gray Hair Darkened So Evenly No-body Will Know!—No Dye.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost overnight if you'll apply a few times, Q-Ban Hair Color Restorer to hair and scalp like a shampoo. Q-Ban Hair Color Restorer is harmless, not sticky, delightful to use and darkens the hair so naturally and evenly that no one can tell it has been applied. Q-Ban acts on the roots, makes the hair healthy and produces that soft, dark luster and abundance to the hair which makes the hair so fascinating and attractive, besides prevents dandruff, itching scalp and falling hair and promotes its growth. This is the age of youth. Don't stay gray and look old but try Q-Ban and you'll be delighted with your beautiful, soft, fluffy, dark hair and lots of it and youthful appearance. Money back if it fails to darken gray hair. Only 50c for a big 7-oz. bottle at R. W. Smith's Drug Store, Newark, O. Mail orders filled.

BOWLING

Blues Take Two.
The Blues won two out of three games from the Orioles last night in the Pastime league games on the Pastime alleys. Sheridan had high score and high average.

Blues		
Wendelkin	152	151
Giblin	184	138
Temple	197	193
Sheridan	148	149
Trickey	140	121
Totals	827	722

Orioles		
Orcutt	165	144
Winters	124	186
Giblin	150	151
Stone	122	220
Lyons	161	153
Totals	729	844

Tonight, Saints vs. Brewers; Bear Cats vs. Lions.

Three Straight for Tigers.
The Tigers won three straight games from the Giants last night in the United League games on the Pastime alleys. Dickinson had high score and Bentz high average.

Giants		
Lewis	195	174
Shelbirt	150	155
Orcutt	120	212
Kennedy	167	160
Jones	144	145
Totals	776	826

Tigers		
Bentz	188	150
Tanner	176	162
S. Costello	142	181
Goodell	164	169
Nutter	125	162
Totals	796	845

Tonight, Reds vs. Red Sox.

Don't miss the big two man tournament starting Monday on the Pastime alleys. The entry fee will be 50 cents a man. In addition to the cash prizes there will be lots of valuable prizes donated by the Newark merchants.

Ginger Out of Date.
"I don't think your speech was as full of ginger as some of your former efforts." "Maybe it wasn't," replied Senator Sorghum. "The way a man has to stick to a topic in these filibustering days makes him inclined to dispense with ginger and look for glue."—Washington Star.

Lung Trouble Yielded to This Medicine
If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows:—

3224 Girard Ave., Phila., Pa.
"Gentlemen:—In the winter of 1903 I had an attack of diphtheria, followed by pneumonia, and later by lung trouble. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of phlegm, looking stuff, and later I had many hemorrhages, and one time three in three successive days. Three physicians treated me, but I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well." (Abbreviated.)

(Address) ANNIE F. LOUGHRAN.
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-lifting the system. Contains no harmful or habit-forming drugs. Accept no substitute. Small size, 50c; regular size, \$2. Sold by leading druggists. Write for booklet of recoveries. Eckman Laboratory, Philadelphia.

One Safe Home Match will light all four burners

Try to light a gas stove with a short-stick match. is large and strong. The flame "takes hold."

If the stick does not break, or you don't burn your fingers, the chances are about three in five that the rush of gas from the burner will blow the match out. We do not exaggerate when we say that you can get as much real service from three Safe Home Matches as from five ordinary matches; They are non-poisonous, too. For that reason alone they should be in every home in America.

If you are exceptionally fortunate, you may light one burner—possibly even two. To light the others, you have to go through the same rigmarole.

With one Safe Home Match you can light all four burners. The stick

F. E. SLABAUGH WRITES LETTER IN CANAL ZONE

Former Sheriff of Licking County
Enjoying a Fine Trip Through
Interesting Country.

Former Sheriff Frank E. Slabaugh who is now enjoying a trip to Panama and Cuba writes under date of February 15th, at Colon to the Advocate, saying:

I received all Advocates sent here and I have read them with much pleasure. While I received several letters at this office the Advocate brought me more general news.

Cartagena, Colombia, is a quaint old Spanish town, with a high thick wall around the entire town that is the original town. The old town speaks for really a higher civilization than now exists there. The old buildings that have stood there from 200 to 400 years are not to be compared to the native buildings of more recent date which recent buildings will not endure for a quarter of a century. A visit to the old Cathedral in Cartagena is very interesting. It is a large stone and brick building erected in 1590 and stands as perfect as the day it was erected. This cathedral is filled with many old paintings and some said to have been done by some of the old masters. Herein is a pulpit of marble which is very beautiful and said to have been taken from a wrecked vessel off the coast about 1600, which pulpit was intended for a cathedral in Peru.

The altar is a work of art, being very handsomely carved after the ancient Spanish style, and overlaid with gold leaf. It is an immense altar and the guide stated that the gold to cover the same was valued at \$300,000. This cathedral contained many rare and beautiful statues and paintings and is one of the most interesting buildings of Cartagena. Our guide who could speak some English discovered that a Mr. Sanderson from Worcester, Mass., and I were masons and he desired to have us meet the Italian Consul Juan B. Mainero, at Cartagena. We found that he was a mason and although he could not speak English he gave us a splendid reception. Juan B. Mainero is 82 years old and has become very wealthy while in Cartagena. He called his son and an interpreter, had us visit his home and family and drink some very rare old wine with them. His home is rich with beautiful statues, alabaster vases, paintings and other ornaments. An immense sum of money is expended in the furnishings which adorn the floors and walls.

But the old Spanish civilization here has as it seems to me, passed away. The same is true of Panama. The ruins of old Panama stand today speaking of a wonderful civilization. The old cathedral walls and tower stand although the elements have battered them for 400 years. Trees have grown inside of the cathedral that are two feet in diameter. The large arches that span an entrance about 10 feet wide are about 6 feet thick, made of brick and plastered. Much of the plaster re-

main and the mortar between the brick is perfect. On the way one passes an arch bridge over which the road does not now pass. This arch was erected about 1519 and is yet perfect.

What a contrast to the buildings in New Panama. Very few buildings in New Panama will endure for half a century even with constant care. There are a few now building that are more substantial structures. Even the buildings built by our government are cheap and not destined to endure long. The only lasting work of our civilization that will endure is the immense concrete locks of the canal.

But if the canal is successful and that fact is now assured, in spite of the slides of the Culebra Cut, Colon and Panama are destined to become two great and important cities. A large part of the world's commerce must pass through this canal, making these cities very important. We have taught them one important fact, that the tropics may be made as healthy as any other part of the world. I have not seen a fly or a mosquito anywhere in this zone or in any part of Panama adjacent.

On coming back to Colon our ship was two hours late so we missed our ship to Havana. We sail this afternoon for Havana and then soon for the states. While this climate is warm and pleasant yet I prefer the four seasons and Licking county.

Yours truly,
FRANK E. SLABAUGH.

HIGH SCHOOL MARKSMEN.

(Associated Press Telegram)
Washington, Feb. 26.—Iowa City high school made the high score of 988 out of a possible 1,000 in the seventh weeks match for the public high school rifle shooting championship of the United States, in which that team still leads Class A.

Using a special form of stoker and grate, a German plant is making steam with cinders from locomotives.

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Ah! Pain is gone!
Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those tortuous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

SECOND ANNUAL AUTO SHOW WILL BE CREDITABLE

That the second annual automobile show to be staged the week of March 22-27, in the Arcade and Arcade Annex is to be as large, in comparison as the Cleveland and Columbus automobile shows, was the contention made today by Murray Connolly, temporary chairman of the Newark Automobile Dealers' Association.

"For," declared Mr. Connolly, "there were but 58 different makes of automobiles exhibited in the Cleveland show and Newark is to have 20. Cleveland has the whole state to draw its crowds from, while Newark has but Licking county."

Mr. Connolly was very enthusiastic over the prospect for this year's show. He says that the affair this year promises to be much larger in every way. Already 16 cars have been entered for exhibition. They are as follows: Reo and Maxwell, C. U. Stevens garage; Buick and Cadillac, Spillman garage; Hupmobile and Westcott, C. A. Pence of Hebron; Grant, four and sixes, Murray Connolly; Studebaker and Buick, S. E. Forsythe; Spinn, W. D. Wyeth; Altar car, Nye & Toeman; Dodge, Hudson and Ford, Hess Automobile Co.; Overland, Fred A. Simpson; Empire and Apperson, S. E. Anderson, Alexandria; Indian motorcycles, Geo. Streams; Thor and Miami motorcycles, Howard Beene.

According to Mr. Connolly, good progress is being made by Messrs. Simpson, Forsythe and Stevens, in the work of drawing up a constitution and by-laws under which the temporary association may be made permanent in Newark. These men were appointed by Mr. Connolly at last week's meeting of the association and they will present the articles at next week's meeting.

"A man from Alexandria, O., came into my garage today," said Mr. Connolly, "with the idea in mind of seeing the new Grand six, but when I told him that the automobile dealers were going to stage a show he decided to wait and visit Newark during show week. I also told him about the automobile parade, and he said he was going back to Alexandria and tell the boys about it, so you see there are probably some automobilists in the nearby towns that will be glad to compete for the prize we are offering."

The Courts

New Appellate District.

The Lloyd bill to create a new district court of appeals provides the following counties for the fifth district, which includes Licking county: Fifth—Morrow, Richland, Ashland, Knox, Licking, Fairfield, Perry, Morgan, Muskingum, Coshocton, Holmes, Wayne, Stark, and Tuscarawas.

The new arrangement drops Delaware county which is assigned to the Ninth district with Franklin, Madison, Union and Logan. There are now eight districts and the new bill proposes to create one new district, making nine in all.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 84 Progress Avenue, Providence, R. I.

From Mrs. Maria Irwin, Peru, N.Y.

PERU, N.Y.—"Before I took Lydia E. Pinkham's Vegetable Compound I was very irregular and had much pain. I had lost three children, and felt worn out all the time. This splendid medicine helped me as nothing else had done, and I am thankful every day that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N.Y.

From Mrs. Jane D. Duncan, W. Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. DUNCAN, Forest Avenue, West Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

TWO IDENTIFIED AS ROBBERS WHO ATTACKED FAMILY

Zanesville, Feb. 26.—Three men were arrested here today accused of having robbed members of John H. Mills' family, near New Concord, Tuesday night. Those arrested are Ray Donovan, aged 22; Harry Lutz, and Lewis Owings. The latter two are former convicts.

The three men were taken to Cambridge tonight to await action by the Guernsey County grand jury. Miss Agnes Mills and John Mills identified Owings and Lutz as two of the bandits.

OLYMPIC CLUB ARE CHAMPIONS AT BASKETBALL

(Associated Press Telegram)
San Francisco, Feb. 26.—The Olympic club basketball team of San Francisco, won the amateur athletic union basketball championship of the United States last night by defeating Whittier college of southern California in the final game of the tournament by a score of 29 to 16.

Attire to Suit.
"The cashier and his bride were certainly appropriately dressed for their wedding."
"How so?"
"She wore a changeable silk, and he had on a check suit."—Baltimore American.

People of the World.
According to an Italian every person in the world could stand comfortably in an area of 500 square miles, while a graveyard about the size of Colorado would bury all of them.

Doubt indulged becomes a doubt realized. To determine to do anything is half the battle. Courage is victory; timidity is defeat.—Nelson.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

"TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, sweaty feet—no corns or callouses.

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From an Excess of Hydrochloric Acid.

Undigested food relayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble, with excellent results.

Want a house? Read the Wants.

LIME JUICE IS CURE FOR RHEUMATISM

Several Newarkites who have tried it recommend lime juice as an antidote for uric acid and a cure for rheumatism. The lime is a small fruit resembling the lemon, largely grown in the West Indies, and is used principally by Americans in "rickets."

Lime juice becomes in the blood a powerful alkali. It is said to be the only fruit juice that bears this distinction, differing radically in this respect from the lemon and other citrus fruits. A tablespoonful in a glass of water, morning and night, is said to be enough to dissolve all of the secretions of uric acid in the joints of blood and drive them out of the system.

Its effects are said often to become manifest within 30 minutes after taking. Uric acid is supposed by doctors to be the great cause for rheumatism. It is produced by most of the foods and all alcoholic drinks. Even the milk and vegetable diets produce it, but in a lesser degree than meats.

One scientist who has tested the merits of lime juice urges the corporations and municipalities ought to be compelled by law to serve it to laborers suffering from rheumatic pains as a result of exposure to cold and dampness. The cost would more than pay for itself. Not only would the laborer perform more work, but his mind would be invigorated because of the relief to his system.

It must be understood, say those who advocate the use of the juice, that it will at first produce only a gradual cure for chronic sufferings. Those old humors of solidified uric acid in the joints must first be dissolved and carried out of the system. Having got rid of these lumps, there will soon come a sudden end of the whole business. After that the attacks can be met with, nearly instant relief, whenever they occur, by simply taking a little lime juice.

Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that T. J. Evans and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mr. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.

THORNVILLE

Dr. M. M. Rarick of Cleveland was a business visitor here last Saturday and remained with friends over Sunday.

Dr. George Farquhar was a professional visitor in Newark Tuesday and Wednesday of this week.

James Snider was in Newark Wednesday.

Mr. and Mrs. Noah Lee and little daughter were guests of their aunt here Wednesday.

Prof. C. B. Gades of Capital University preached a very edifying sermon at Lutheran church Sunday morning and also in the evening.

Messrs. Redelf and Fred Paulson of Capital University were here over Sunday and returned to their school work Monday morning.

Oscar Neel and wife were treated Tuesday evening to an old fashioned belling.

Charles Alsapach, West Columbus street, is quite poorly at this writing. Florence Smoke of Glenford was here on business Tuesday.

Grandma Fallers is very low with heart trouble and dropsy.

Miss Milla Alsapach is numbered among the sick.

Mrs. Grace Trout and little daughter of Oklahoma are visiting the former's brother, Mr. George Lynn, this week.

Edward Myers of Mcloath, Kansas, who was a former resident of this place, started for his home Monday. Mr. Myers had a nice visit here with relatives and comrades of the war of the rebellion.

B. A. Farquhar was the guest of friends in Zanesville a few days of last week.

MOTHERS: HERE'S A GREAT RELIEF

Thousands of mothers know by experience that a bottle of Hoff's German Liniment in the house often takes the place of a doctor, it stops the children's croup and head colds. This famous stainless, greaseless, refreshing-odor liniment is as pure and white as snow. It won't soil the finest clothes.

At the first sign of a "stiffness" in the head or lungs, get a bottle of Hoff's German Liniment. For 18 years it has been the unequalled remedy for Croup, the Lungs, Cold in the Head, Neuralgia, Toothache, Croup, Coughs, Rheumatism, Lambe Back, Aching Joints, Bruises, Sprains, Sore Feet, Corns, Bunions, etc.

There is nothing like Hoff's German Liniment in existence for stopping pain. It acts like magic. It is powerful, penetrating and soothing. You simply rub it in and the pain goes out. It is a pure white emulsion of camphor cream with other pure, harmless, effective ingredients. When applied externally it keeps the pores closed—keeps colds out. For Frost Bites, Chills, Chapped and Cracked Hands, nothing compares with Hoff's German Liniment.

Sold by all druggists—quarter of a pint for a quarter—enough to prove to you what we have been proving for 18 years the country over. Large family size, 50c. Positive guarantee of satisfaction goes with each bottle. If you are dissatisfied, your druggist is authorized to refund your money and ask no questions.

FEWER DESERTIONS IN ATLANTIC FLEET

(Associated Press Telegram) Washington, Feb. 26.—Desertions among the enlisted men of the Atlantic battleship fleet during last December, totaled only 74, the commander-in-chief of the fleet has just reported to the navy department. Department officials are highly gratified over the record.

Missed His Guess. Fortune Teller—"I can see money coming to you and no sickness whatever." Client—"That's funny, I'm the new doctor on the floor below."

Abe Martin

Bud Moors will open another picture show in the room where all the grocers have failed. There's too many storekeepers that slap you on the back in their stores that don't know you on the street.

WILLIAM FARNUM IN "THE SPOILERS" AT AUDITORIUM

In the matter of action, "The Spoilers" is most momentous. It is doubly significant that both the National Board of Censors, and the Chicago Local Board, which is very expertly pictured that it passed all these big events as worthy of saving, as showing the very atmosphere of the rugged life in the conquest of a new country where conditions were primitive, and the situations altogether unusual. It would appear that the ancient aphorism, "neither God nor law existed north of 53", had been tried out and banished, for this work was reformative, and led to the establishment of law and order, the recognition of the powers in civilization which bow to Divinity.

The gun-play in the streets of Nome, the ready resort to the good right arm to settle disputes, the tense and feverish crowds that hang over the gambling tables where fortunes in dust were swept away in a single night's play, all have their part in this big drama of realities. Never before in the history of gladiatorial combat has there been a more striking and thrilling modern gladiatorial combat than the contest between the "covered Glenister, and the wary and imperturbable McNamara; a wonderful finale for a succession of scenes that stir and quicken the pulse, and at the same time have a grip of mystery that keeps interest ever quick. Auditorium, two days, starting February 25 Afternoons 1:30, evenings 7. Prices 10-15-25c.

MILLERSPORT

A Martha Washington tea was held Monday at the Town Hall. Supper was served. There were four booths—candy booth, fancy work booth, a parcel post booth, and a fish pond. Vivian Spurgeon, Gladys Goldenbergh, Frances Bendum, Mary Diger, Viola McGilganin, and Pauline Harlow attended the candy booth; Bertha Viall, Katherine Haver, Mrs. Huffman, Ethel Bendum, Maggie Elder and Oliveta Cline attended the fancy work booth; Russell Click and Miss Petters attended the parcel post booth; Miriam Trigg and Viola McLanahan were in charge of the fish pond. Fine music was furnished by the orchestra. Fifty-five dollars was cleared and will be spent on the Millersburg playground.

Miss Regine Hoove gave a play Friday afternoon. The children were dressed in Colonial costumes.

Miss Regine Hoove spent Saturday, Sunday and Monday in Croton.

An up-to-date millinery and dress-making establishment will be opened here March 1.

Mr. Berry, proprietor of the Berry hotel, is quite ill.

Mr. Ralph Hunt of Columbus called on Miss Bertha Viall over Sunday.

A dance was given Monday evening at the Town Hall.

A program was given at the church Sunday evening.

Mr. and Mrs. Georgia Stevens were Millersport callers last week.

Frederick Kramer of Columbus visited with his grandmother over Sunday.

Miss Dorothy Kramer of Columbus was a Millersburg caller Monday.

Experienced Smokers "Roll Their Own"

"Bull" Durham is not the smoke of novices or dabblers in tobacco enjoyment, but of connoisseurs, smokers of experience, whose tastes have been trained to a fine discrimination and appreciation of tobacco quality. These men—and their number is legion—prefer the fresh cigarettes they roll for themselves with mellow, delicious "Bull" Durham tobacco to any other kind. Their expert preference has made it smart, fashionable, correct, to "roll your own" with

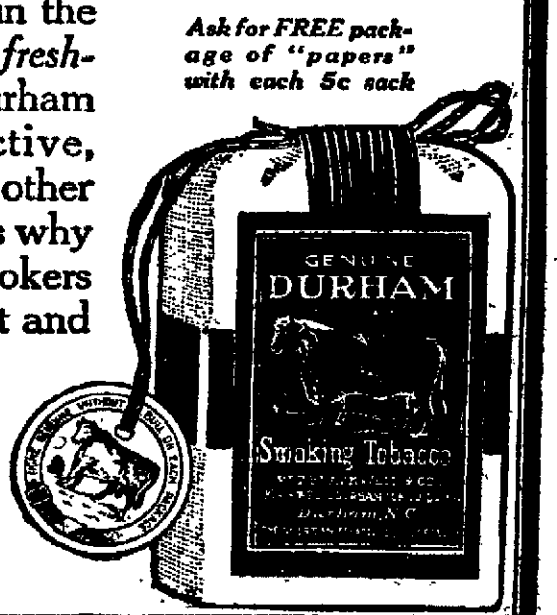

GENUINE "BULL" DURHAM SMOKING TOBACCO

The delicate, rich, mellow-sweet fragrance of this leaf can only be retained in the bulk of tobacco in the "Bull" Durham sack, and enjoyed in the fresh-rolled cigarette. That is why "Bull" Durham hand made cigarettes have a distinctive, unique, delightful aroma, found in no other cigarettes and in no other tobacco. That's why "Bull" Durham gives experienced smokers throughout the world supreme enjoyment and wholesome satisfaction.

FREE

An illustrated booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address: "Bull" Durham, Durham, N. C.

Born to Mr. and Mrs. M. W. Vanderbark, of 82 1/2 East Main street, on Feb. 21, an eight pound daughter.

Spiritualist's Meeting.
Rev. Mr. Rogers will conduct spiritualistic meetings Saturday and Sunday evening at 221 East Main street.

Ill With Grip.
George L. Miller, the florist, is confined to his home in West Main street suffering with a bad attack of the grip. Mr. Miller has been ill since a week ago yesterday.

Fruit From Florida.
Mr. T. J. Ratchen has received a fine box of Florida fruit, moss and orange blossoms from Mr. and Mrs. William Graef, who with his daughter and Miss Louis Kuster, are spending a few weeks at Miami, Fla. Clerk at Warden.

Manager William Creeden of the Hotel Warden has secured the services of Fred Bonnell, late of the United States Hotel at Middletown, O., and that gentleman will assist in the office.

Cut Lines from Harness.
The barn belonging to Mrs. Charles Hohrner in West Locust street was broken into Thursday night and the lines were cut from the harness and carried away. Nothing else was disturbed.

Mayor in Mt. Vernon.
Mayor R. C. Bigbee made a business trip to Mt. Vernon, Friday morning. The usual morning session of police court was postponed until Friday afternoon.

Drop in Temperature.
The thermometer at six o'clock this morning registered 22 degrees above zero, a drop of twelve degrees from the day before at the same hour. The maximum yesterday was forty above. Fair weather and cool is predicted for Saturday.

Able to be Out.
Miss Edith Welch, daughter of Mr. and Mrs. James Welch of Union street, is able to be out doors for short daily walks after being confined to the house for the past ten weeks with typhoid fever. Miss Welch's many friends will be glad to learn that she is on the rapid road to recovery.

Stole Gum Machine.
Patrolman Buehler brought to police headquarters Thursday night a gum vending machine which had been stolen from the Smith Drug store front early in the evening. The officer saw a boy carrying the machine through the alley leading from South Park to Canal street and called to the lad to stop. Instead, he dropped the machine and disappeared in the darkness.

Pay Checks Here.
The B. & O. pay checks were given out at the freight house this morning. The number of checks issued may be increased in the near future as it is rumored that the shops will open next month. This could not be confirmed by any of the officials but one of them here in the city a few days ago stated that lake traffic would soon open and then it would be absolutely necessary to rush the repair work.

At Maple Avenue C. U.
Wednesday night's prayer service at Maple Avenue C. U. chapel was one of the most gracious services for many days. Subject, "Social Life in

EVELYN CREW SAFE REPORT.
(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 26.—Minister Van Dyke at The Hague cabled today it was unofficially reported to him that the entire crew of the American steamer Evelyn, sunk by a mine, was safe at Bremen. The fate of Captain Smith and one boat load has been cloaked in mystery.

REPORT AUSTRIA DEFEAT.
(ASSOCIATED PRESS TELEGRAM)
Paris, Feb. 26.—A Montenegrin column operating in Bosnia was attacked Wednesday by superior Austrian force, says a Cetinje dispatch to the Havas agency. After a violent action on the banks of the Drina, which lasted several hours, the Austrians are reported to have been repulsed with considerable losses.

Christ, leader, G. E. Deveraux, forty-four in attendance and all taking some part, made it indeed a gracious service. This is a combination service, led by the Y. P. C. U. and participated in by all present, and promises to be the best service of the church. There is now a contest on for membership, with the goal one hundred members by April 1st. "Watch us grow!"

ASKS FOR DAMAGES
Clara Lowery has filed a petition in Clerk Bert O. Horton's office in which she makes the firm of Meyer & Lindorf defendants in a damage suit, in which she claims \$1137.50. The plaintiff states that she was in the Meyer & Lindorf store in East Park Place, Dec. 7, 1914, and observed the elevator door open standing to enter when through no negligence of her own she was thrown to the ground, badly bruised, her dress torn, etc., and that she sustained damages in the above sum.

Case Carried Up.
The Central City Stone Co., et al, plaintiff in error, vs. John W. Keller, administrator of the estate of Thos. B. Keller, defendant in error, is the title of a petition or brief by the plaintiff in error. The case is one of long standing and has been in several courts. It involves the right of probate courts in administering estates, in this particular instance the claim being made that the probate court had no jurisdiction to order or authorize the continuance of a business by the administrator.

Attacks Land Conveyance.
Lettie Williams vs. Ebenezer Williams and Maud House is the title of a petition filed in the court of common pleas today. Plaintiff states defendant Ebenezer Williams married her Jan. 19, 1907; that for three years and longer past the defendant has been an habitual drunkard and has failed and refused to provide her with the necessities of life. The plaintiff also alleges that on Aug. 27, 1914, without her knowledge or consent defendant made a deed purporting to convey real estate to the defendant Maud House, for the consideration of \$1, for the purpose and with the intent of depriving the plaintiff of having the same subjected to the payment of alimony to her and depriving her of interest in the property. Plaintiff prays for a divorce, permanent alimony and restoration of her maiden name Lettie Henderson.

Appointed Guardian.
Frank P. Gourley has been appointed guardian of Henry M. Gourley, an imbecile. Bond was given in the sum of \$6,000. The parties reside in Newton township.

FISH AND GAME PROTECTIVE ASSO. HELD ITS MEETING
The regular meeting of the executive committee of the Licking County Fish and Game Protective Association was held Friday forenoon in the audience chamber of the Park National Bank building.
A number of bills some unpaid and others paid were read and audited.
The main object of the meeting was the award of the prizes earned in promoting the membership of the organization. A report submitted showed that the following gentlemen, and contesting for the prizes had added to the membership as follows: Messrs. E. A. Hirst 78, Ed N. Vanatta 67, J. L. Brilliant 45, C. T. Bricker 33 and R. H. Fuller 9.
In the list of prizes are fly rod, casting rod, minnow bucket, assortment of lures, bait and tackle boxes. The sense of the executive committee was that the winners of the prizes take their choice of prizes in the order named.
It was decided to add a grievance committee to the otherwise perfect organization. The personnel of the committee was determined by the chair: Messrs. Dr. J. W. Rohrer of Granville and A. A. Stasel and G. W. Conway of this city.
The committee also decided to begin an educational campaign among the townships of the county. It is planned that the movement primarily and all the time let the farming people know that the movement is for no selfish end and seeks to do something for them in the way of the enforcement of the trespass law as far as the resources of the society and at their command will permit.

MUSIC HALL TEAM LOSES TO GRANDS THURSDAY NIGHT
The Grands of Columbus defeated the Music Hall team at the Music Hall Thursday night by 211 pins. Newark scored a total of 2308 pins while Columbus scored a total of 2308 pins while Columbus scored 2519 pins.
Tracy with 219 drew high score while Geyer scored the highest total with 527. The games were witnessed by large crowds.

CONTRACTORS MAY APPEAL DECISION ON ALIEN LABOR
(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 26.—In an effort to avoid a serious tie-up in public work under construction, contractors today expressed the opinion that an appeal to the United States supreme court and the granting of a stay pending decision by a supreme justice would be taken from the decision of a New York state court of appeals upholding the alien labor law.
Clarence A. Crane, secretary of the contractors association, who was arrested in the test case just decided, and attorneys for contractors said that such an appeal would be made on a writ of error, and with the application for a stay would be a request to expedite the case.
If the supreme court affirms the decision of the court of appeals, the only remedy will be in a repeal of the statute. A repeal bill is now before the legislature.

STILL ARGUING FRANK'S CASE IN SUPREME COURT
(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 26.—Arguments before the supreme court of the right of Leo M. Frank, convicted of the murder of Mary Phagan, the Atlanta, Ga. factory girl to release from custody on a writ of habeas corpus, were continued today.
Louis Marshall, of New York, continued his argument for Frank began yesterday, while Attorney General Gregory and Solicitor General Dorsey, of Georgia were ready to present reasons why the release should not be ordered.
Answer Filed.
The defendant has filed an answer in the case of George U. Wells vs. Leonidas Gamble, denying each and every allegation in the plaintiff's petition, in which damages were sought for the care and board and lodging of the defendant. The answer states that plaintiff married defendant's daughter and that he lived with them for a certain length of time and that no compensation was to be paid for his board or lodging; that he furnished plaintiff with many necessities and his labor to the value of \$257.20, and judgment is asked in that amount.
The flesh of the forequarters of the beaver has somewhat the flavor of beef and the hindquarters have a fishy taste.

Music and Fashions For Saturday Opening

Saturday will be the big day for showing the Advance Fashions for Spring. Also it will be the opening day for our new and enlarged Cloak Department. Come in to the opening and see the new styles. The Hawkins-Nutter orchestra will be with us from 2:00 to 5:00 in the afternoon and in the evening, to make our opening day a day of pleasure for you. Come in and spend the afternoon in our new department listening to the music. It will be a day to look about. Everybody who has seen our new department has been very much pleased with it. We want you to see it tomorrow. It will be a gala afternoon and we can promise you a very pleasant afternoon.

The following programme will be part of the afternoon's entertainment:

Co-ed.	Geraldine.
Bohemian Girl.	Memphis Blues.
Chinatown, My Chinatown.	
Lucia di Lammermoor.	I Want to Go to Tokio.
Poet and Peasant.	Lovelei.
It's a Long Way to Tipperary.	
He's a Rag Picker.	
When a Maid Comes Knocking	
And Many Other Selections.	

The balance of the store has been remodeled and enlarged. We want you to enjoy this afternoon. We aim to make this store a pleasant place to shop. And tomorrow we will double our efforts by combining pleasure with business.

You Are Invited To Our Opening Tomorrow

Music from 2:00 to 5:00 in afternoon; 7:00 to 8:00 in evenings by the Hawkins-Nutter orchestra.

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and snubborn lumps; your head aches and you feel sick and miserable, then when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin really does regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

3 NEW GRANGES ARE ORGANIZED IN LICKING COUNTY

The organization of three new granges on three successive nights is the unusual record of Arthur W. Caldwell, district organizer of the Sixth district, (composed of Muskingum, Morgan, Perry, Fairfield, Licking, Franklin, Delaware and Madison counties). Mr. Caldwell resides at Glenford, O. He is assistant Steward of Ohio State Grange.

In speaking of his work Mr. Caldwell says: "These meetings were of unusual interest and were well attended. It is the first case I know of, where three granges were organized in three nights in succession. Licking county now has 24 such organizations, six of which I organized. I acted in the same capacity in two cases in Muskingum county and have assisted in the organization of three in Perry county."

"These granges are composed of the very best farmers and citizens of their respective communities and the 24 have a membership of about 2,500. There is every indication that we will effect several more organizations soon."

Mr. Caldwell was assisted in the organization of the granges at Wilkin Run and Black Hand, by John C. Williams, master of Hanover Grange.

The three new granges and their officers, which were installed by Mr. Caldwell are:

Wilkin Run Grange was organized Wednesday evening, Feb. 17, with 42 charter members. The following officers were elected and installed: Worthy Master, W. L. Fisk; Worthy Overseer, Allen Miller; Worthy Lecturer, Cary Pound; Worthy Steward, A. L. Jones; Worthy Assistant Steward, Calvin Layman; Worthy Chaplain, Theodore Parker; Worthy Treasurer, B. W. Harris; Worthy Secretary, Henry Wilkin; Worthy Gate Keeper, E. H. Stradley; Worthy Geres, Mrs. A. L. Jones; Worthy Pomona, Mrs. Henry Wilkins; Worthy Flora, Mrs. Eva Layman; Worthy Lady Assistant Steward, Mrs. B. W. Harris; Bus-

ness Agent, Frank Outman; Legislative Committee, Charles Fisk. Black Hand Grange was organized Thursday evening, Feb. 18, with 65 charter members. The following officers were elected and installed: Worthy Master, A. P. Francis; Worthy Overseer, Charles Richardson; Worthy Lecturer, H. A. Albion; Worthy Steward, Ernest T. Kemper; Worthy Assistant Steward, Homer Wetters; Worthy Chaplain, J. W. Brown; Worthy Treasurer, Mrs. S. P. Montgomery; Worthy Secretary, M. H. Varner; Worthy Gate Keeper, Jesse Richardson; Worthy Ceres,

ARTHUR W. CALDWELL

Mrs. Ora Fluhart; Worthy Pomona, Mrs. H. A. Albion; Worthy Flora, Mrs. Kate Loughman; Business Agent, F. S. Montgomery; Legislative Committee, E. T. Hickham.

Madison Grange was organized Friday evening, Feb. 19, with 60 charter members. The following officers were elected and installed:

Worthy Master, J. W. Neibarger; Worthy Overseer, P. C. Rian; Worthy Lecturer, H. J. Doston; Worthy Steward, J. Q. Hickman; Worthy Chaplain, A. J. Neibarger; Worthy Treasurer, Orville Kiger; Worthy Secretary, Ira Wintermute; Worthy Gate Keeper, H. C. Neibarger; Worthy Ceres, Mrs. Bertha Watson; Worthy Pomona, Mrs. Nettie Butler; Worthy Flora, Miss Clara Hickman; Worthy Lady Assistant Steward, Mrs. Ella D. Poundstone; Business Agent, J. K. Poundstone; Legislative Committee, Bert Watson.

Hearts Treated Free

Dr. Franklin Miles, the Great Specialist Sends a New and Remarkable Treatment, Free, as a Trial.

Heart disease is dangerous, hundreds drop dead who could have been saved. Many have been cured after doctors failed. To prove the remarkable efficacy of his new Special Personal Treatment for heart disease, short breath, pain in side, shoulder or arm, oppression, irregular pulse, palpitation, smothering, puffing of ankles or drops, also nerve, stomach and rheumatic symptoms. Dr. Miles will send to afflicted persons a \$2.50 Free Treatment. Bad cases usually soon relieved.

These treatments are the result of 25 years' extensive research and remarkable success in treating various ailments of the heart, liver and stomach, which often complicate each case. Send for Remarkable Cures in Your State.

So wonderful are the results that he wishes every sick person to test this famous treatment at his expense. Afflicted persons should avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease. Send at once for his new Book and Free Trial Treatment. Describe your disease. Address: Dr. Franklin Miles, Dept. H, 126 to 146 Main St., Elkhart, Ind.

PLOT CHARGED

(Continued from Page 1.) The steamer with a bogus passport in his pocket.

The Franconia is due to arrive in Liverpool within a day or two. Stegler was quoted by Mr. Griffiths as having said that his negotiations with Boy-Ed had progressed to the point where they had discussed money that was to be paid to Mrs. Stegler while her husband was in England. According to the lawyer, Captain Boy-Ed, in a talk with Stegler at the German club in this city, had agreed to pay Mrs. Stegler \$15 a month while Stegler was in England and had furthermore agreed, should the British discover his mission and he met the same fate as Lady, to pay Mrs. Stegler \$150 a month so long as she should live.

Captain Boy-Ed denied all the statements alleged to have been made by Stegler. The naval attaché said he had tried to obtain employment for Stegler and had advanced him money on account of traveling expenses because he thought he could place him with a friend in Germany who wanted to employ a good linguist. Later, Captain Boy-Ed continued, he had decided that Stegler was not a suitable person for the position he had in mind and had asked Stegler to return the money advanced. This Stegler had not done, Captain Boy-Ed said.

"The impression that Stegler wishes to create," Captain Boy-Ed added, "that the real intention of his trip was to act as a spy for the German government, is false."

FORCING

(Continued from Page 1.) ports in France and England. The possession of Constantinople also would have the effect of driving Turkish naval power and particularly the former German cruisers Goeben and Breslau into the Black Sea, where they would be without any port of refuge.

While the efforts to force the Dardanelles have been going on for over sixty days, the immediate operation, which according to the British official announcement has now resulted successfully began about a week ago. Aeroplanes are said to have rendered material assistance.

The Dardanelles were forced in 1607 by an English admiral who made his way through the Sea of Marmora to Constantinople, but then encountered much more difficulty than he had in going in.

The Agamemnon type of British battleship is of 16,500 tons displacement and 425 feet long, with a main battery of four 12-inch guns.

Big Values From the Big Store Tomorrow In Winter and Spring MERCHANDISE

In winter merchandise, and which you will need for many weeks yet this season, all given clearing out prices. And in new spring merchandise you will find that we have marked them all at a price that will push them out.

You'll find price cards pointing to hundreds of money saving items here throughout the big store.

Women's Drawers at 18c.

Light weight knit drawers, in ankle length, regular 25c values at per garment tomorrow, only 18c

Outing Gowns at 49c.

In women's and misses' sizes, nicely made from good fancy stripe pink and blue outing flannel, 65 and 75c values, at only 49c

INFANTRY OF GERMANS IS RETREATING

Petrograd Believes Another German Plan of Attack On Warsaw

HAS BEEN SUCCESSFULLY COUNTERED BY ARMY

TEUTONS' ATTEMPT FUTILE

And Their Need of Reinforcements is Pressing—They Made Stubborn Efforts to Cut Railroad Communication to the North of Warsaw—Russian Report Issued.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 27.—Via London The German infantry forces are being thrust back across the River Nieman in Northern Poland, and the Russian general staff believes that another German plan of attack upon Warsaw has been countered successfully.

Relationship is divided between the stubborn effort of the Germans to cut railroad communication to the North from Warsaw and the coincident resumption of pronounced activity near Borzhimow, on the Central Poland front west of Warsaw.

To quote the opinion of a staff officer as deduced from these operations by the Germans at widely separated centers—"evidently the Germans intend to push forward again in the center. For this purpose they need reinforcements of troops on the Borzhimow front. In the Kovno district, activity is diminishing. Hence it is evident that the Germans are again using their perfect railway system to throw over troops from Kyvno toward Borzhimow.

"In order that we shall not be able to do the same thing, namely, rush troops southward to the Bzura and Rawa rivers, the Germans are making desperate efforts, first with cavalry and then with infantry, to cut the railroad from Warsaw north to Vilna. Thanks to the watchfulness of our commanders and to the indomitable energy of our troops, the efforts of the enemy have been futile."

NEWSPAPER MEN TO BE ALLOWED AT BRITISH FRONT

(ASSOCIATED PRESS TELEGRAM) London, Feb. 27.—Six newspaper correspondents are to leave London next Monday for the British front. They are going out under the auspices of the British war office. Among them is one American. This will be the first time newspapermen are permitted to visit the British lines. The same six men went to the French lines some weeks ago.

There are, in all, 18 correspondents credited to the British war office. They will go to the front in detachments of six each, the second group starting when the first returns, and the third following the second.

Evelyn Was Not Off Her Course and Should Have Been Safe, Is Reported

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 26.—The first report of Commander Gherardi, naval attaché at Berlin, on sinking of the American cotton steamer Evelyn by a mine in the North Sea, received here today, indicates that the ship was not off her course, as was suggested, and was in fact, in waters where she should have been safe.

By comparing the Evelyn's position in latitude and longitude and by studying maps and a comparison with the German admiralty's directions, naval officers are of the opinion that the Evelyn was about twenty miles off the North coast of Holland and twenty-five miles northwest of Borkum Island. The German war zone decrees placed a strip of thirty miles along the Dutch coast in the safety zone. The German embassy several days ago giving directions for shipping, announced that "merchant vessels bound for the Bms should make directly for its mouth."

DEMANDS ON CHINA ARE EXPLAINED

Japanese Premier Asserts No Trespass On the Open Door Policy

ESTABLISHED BY THIS GOVERNMENT IS INTENDED

RELATIONS ARE CORDIAL

Between This Country and Japan, and No Thought is Entertained of Infringing Upon the Rights of America Or Any Other Friendly Nation Having Interests in the Orient.

(ASSOCIATED PRESS TELEGRAM) Tokio, Japan, Feb. 27.—The Japanese premier, Count Okuma, said today that in presenting its demand to the Chinese government, Japan had no intention of trespassing upon the rights of China or interfering with the open door policy. The desire of Japan, he said, was that China should attain the real dignity of independence and not fall the prey of any nation.

Count Okuma's remarks were made to Professor Shailer Mathews, of the University of Chicago, and Professor Sydney L. Gulick, of New York, as they were taking leave of the premier. They sailed for San Francisco on the steamship Mongolia having completed their mission to Japan, under the auspices of the federal council of churches of Christ in America. In the judgment of the Japanese press, the work which they have done in fostering cordial relations between Japan and the U. S. is of historic significance and will prove to be most helpful in maintaining the friendship of the two nations.

Count Okuma stated to Prof. Mathews and Prof. Gulick that the integrity and prosperity of China not only were to the advantage of Japan, but that they constituted the sole guaranty of peace in the Orient. To secure this peace he said, was the underlying motive of Japanese diplomacy. Japan had no thought of infringing upon the rights of other nations, and her demands upon China would involve no such infringement.

BRITISH MERCHANT SHIP TORPEDOED IN THE CHANNEL

(ASSOCIATED PRESS TELEGRAM) Dieppe, France, Feb. 27.—It is reported here that a British merchant ship has been torpedoed in the English Channel, off Saint Valery-Sur-Somme. A French torpedo boat destroyer has gone out from Dieppe to the assistance of the British vessel.

The Evelyn apparently was only a short distance to the northwest of the mouth of the river when she sank in about seventeen fathoms of water.

In the opinion of naval officers here, the Evelyn probably struck a mine which had broken loose from its moorings somewhere along the German coast immediately to the north and which was floating towards the coast of Holland, where, according to reports numerous mines have been found on the shores.

8 OF EVELYN'S CREW NOW REPORTED LOST.

HEALTH DEPARTMENT OF NEW YORK WILL STOP CROWDING CARS.

New York, Feb. 27.—Relief for the New York strap hanger may come from an unexpected source—the health department. Dr. S. S. Goldwater, commissioner of health, with the approval of Mayor Mitchell, has undertaken to relieve the crowded conditions on cars on the ground that permitting passengers to be herded together is a menace to health. Dr. Goldwater has served mandatory orders upon the New York railways company and the Belt line railway corporation to stop overcrowding on the eighty-sixth and Fifty-Ninth street cross town lines.

GERMAN TEACHERS SERVING IN ARMY

Berlin, by Wireless to London.—Feb. 27.—The budget commission announces that out of 11,600 male high school teachers in the country, 4000 are serving in the army, while nearly half the high school pupils over 17 years of age have entered the military service.

LAWMAKERS ADJOURN: ALL NIGHT SESSION.

Charleston, W. Va., Feb. 27.—The legislature adjourned this morning after an all-night session at which the general appropriation bill carrying \$5,300,000 was passed. A special session was called for noon today by Governor Hatfield to consider what are known as the administration tax measures.

WIFE PLEADS WITH WILSON FOR STEGLER

ACCUSED GERMAN SPY WAS LED INTO PROJECT BY NAVAL ATTACHE

Upon Promise of Money to be Paid to Her—She Asks for His Freedom.

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 27.—President Wilson today received a letter from Mrs. Richard P. Stegler, wife of the German reservist arrested in New York on a charge of fraudulently obtaining American passport, declaring the Stegler had been led into the project by Captain Boy-Ed, German naval attaché here. Mrs. Stegler asked that her husband be set free. Her letter was referred to the department of justice, which is in charge of the investigation into the case.

Mrs. Stegler wrote the president that her husband had been promised \$150 a month for her support by Captain Boy-Ed while abroad and that she would be given \$150 a month for life if he was killed. She declared she had no money now and did not know how she could support herself unless her husband was released.

"When the secret service men came to see my husband," wrote Mrs. Stegler, "he told them the truth, because he wanted everything to be known. He could have burned the passports and saved himself from being accused of forgery, but he came right out and told everything."

MAY ADVISE CLIENT TO PLEAD GUILTY TO A CONSPIRACY CHARGE.

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 27.—Charles H. Griffiths, attorney for Richard P. Stegler, the German naval reservist, now in the Tombs on the charge of fraudulently obtaining an American passport, indicated today that if his client should be indicted for conspiracy he would instruct him to plead guilty and throw himself on the mercy of the court.

"Stegler has confessed that he conspired to obtain the passport," said Mr. Griffiths, "and to plead guilty is the logical thing for him to do."

The federal grand jury is expected to take action in the case on Monday.

United States Government Will Not Allow Belligerents to Detain a Vessel On Suspicion

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 27.—Behind the federal grand jury investigation in progress here to determine if there has been a systematic violation of American neutrality and customs law, there was said today to lie a determination by the United States government to make effective its stand against detention of any American vessel by a belligerent power on a suspicion that contraband is in the cargo.

It was explained unofficially that the government's position in the matter of preserving neutrality would be made more secure in the eyes of foreign nations by establishing a policy of prosecuting attempts at such violations, since such prosecutions would in effect, it was pointed out, serve to place guarantees upon American cargoes that they were not contraband. The document in possession of the

These are types of Piute Indians, some of whom have taken to the warpath to protect the Na-Gat, the young desperado who is fought by the United States marshal of Utah for the murder of a "greaser" who stole his saddle. The Piutes are mostly peaceful, and have not put on war paint and feathers for years. In fact, the full dress of a Piute is usually a pair of ninety cent overalls and a twenty-five cent undershirt. Most of the present generation would be scared half to death if they saw an Indian in all the glory of war paint and feathers such as the artists who love the Redskins have created.

No Extra Session Of Senate Will be Called For Treaty Ratification

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 27.—President Wilson has practically decided not to call a special session of the senate to consider the Colombian and Nicaraguan treaties. At the White House today, it was said that while the question still was under consideration, there were little prospects of a special session being called.

The opposition of some Republican senators make it improbable that any action on the treaties can be taken during the present session. The president expects, however, that at least some of his nominees for the federal trade commission will be confirmed before March 4. Any not confirmed are expected to get recess appointments.

While congress resumed its work today of cleaning up the appropriation bills and both senate and house leaders were giving informal consideration to the legislative situation, President Wilson was reviving over in his mind the question of whether or not to call an extra session after March 4, to take up the Colombian and Nicaraguan treaties. In congressional circles, an announcement on the subject was expected from the White House. The general impression prevailed that an extra session would not be called.

The Democratic leaders hope to take up some general legislation including the Philippine, the general dam and the ship purchase bills, but prospects for passage of these measures are not bright. Although conferees on the shipping bill have agreed to a report the Republicans are expected to continue their opposition to the measure.

The senate and house banking committees met today to consider the situation arising from the incorporation by the senate of the McCumber rural credits bill in the agricultural appropriation bill. It was believed the Democrats would substitute for the McCumber bill, the Hollis bill, regarded as an administration bill.

Debate was resumed in the senate on the conference report on the Seaman's bill, while the house considered the general deficiency bill.

AMENDMENTS TO DRY LAW IN W. VA. ARE STRINGENT

(ASSOCIATED PRESS TELEGRAM) Wheeling, W. Va., Feb. 27.—Amendments to the Yost prohibition law which became operative today, are expected to further decrease the consumption of intoxicating liquors in the state. Under the law, as it now stands, no more than half a gallon of liquor can be brought into the state by one person unless the quantity and quality are marked in large black letters on the package and alcoholic beverage shall not be kept in any bowling alley, poolroom, boat-house, public building, park road or alley. It also provided that county, municipal or district officers who neglect or refuse to enforce the law may be removed by circuit judges on written charges without jury trial and when it is shown that the state cannot be given a fair trial in liquor cases jurors may be called from another county. Officers of corpora-

tions violating the law are in future to be held personally responsible.

EXPECT WARM FIGHT ON MICHIGAN'S LAW FOR PROHIBITION.

(ASSOCIATED PRESS TELEGRAM) Lansing, Mich., Feb. 27.—One of the warmest legislative fights over a prohibition measure ever waged in Michigan, is expected to occur in the state senate soon. The senate committee on liquor traffic yesterday voted a bill which prohibits the sale of liquor within a radius of five miles from certain state educational institutions.

Opponents of the bill declare it would practically close all of the saloons in Ann Arbor, Lansing, Houghton, Marquette, Kalamazoo, Mount Pleasant and Ypsilanti. State educational institutions mentioned in the bill are located in these cities.

misstatements in clearance papers, as to ports of call or destination, and false statements in manifests as to the contents of cargoes are alleged, and the investigation of the charges is being conducted. It is understood, on the theory that such false statements constitute a conspiracy against the United States government.

Complaints are said to have been received by the federal authorities that dozens of tramp steamers have sailed with contraband cargoes after making illegal manifests and untrue statements as to destinations. Sailings from other Atlantic ports than New York are included within the scope of the inquiry.

CONTINUING TO HAMMER THE FORTS

Forcing of Dardanelles Now Considered Very Serious Undertaking

AND NO MERE DEMONSTRATION OF POWER.

RICH GRANARY OF RUSSIA

Must Be Opened, As the Huge Supply of Wheat There Unavailable As Long As the Historic Strait is Closed Has Become a Military and Economic Necessity.

(ASSOCIATED PRESS TELEGRAM) London, Feb. 27.—A fleet of British and French warships continues to hammer away today at the door of the Dardanelles, the straits which close Russia's rich granary; and the real necessity for the huge supply of wheat on the shores of the Black Sea causes the general belief that the present attack on the Dardanelles forts is a serious undertaking and not merely a demonstration.

Official announcements declare that after the reduction of the four outer Dardanelles forts mine sweepers went to work within the straits under the protection of the guns of the fleet while unofficial dispatches from Athens and Rome assert that at least one French warship actually has penetrated the passage.

Germany remains silent regarding her share in the military operations both in the East and the West, while Austria-Hungary declares that Austrian and German forces are holding their own in the Carpathians and in Eastern Galicia.

Petrograd, less reticent, announces a repulse of German attacks in Northern Poland with heavy losses. As a result of the desperate fighting of the past few days, the Russian general staff claims to have forced back the Germans along a front of 25 miles in the Przasnysz region. The impression is growing in England that the German advance in East Prussia is due mainly to political and economic motives and that consequently it is without great strategic effect on the Eastern campaign as a whole.

In the West, the French continue to claim advances in the Champagne district, with quiet prevailing along the rest of the line.

The shipbuilding strike is causing some concern in London, but the prompt action of the government in ordering the resumption of work during arbitration is expected to settle the dispute.

WILL ASK FOR RECEIVER FOR WESTERN PACIFIC

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 27.—Application for a receiver for the Western Pacific railway will be made after the railway will have defaulted the interest on its first mortgage bonds due March 1, according to announcement made today, after a meeting of the directors of the Denver and Rio Grande railway company, which controls the Western Pacific. The proceedings, it was said, will be of a friendly nature.

This method, it was said, had been decided upon as the best course to pursue in adjusting the company's financial difficulties and its relations with the Denver and Rio Grande.

Bankers representing security holders of the two properties were to meet this afternoon to discuss the situation. It was said that after the meeting a statement would be issued in their behalf.

The Western Pacific railway was incorporated by the Gould interests in California in 1893, its main object being to give the Gould system of railroads, then at its height, an outlet to the Pacific coast.

The line was to extend from San Francisco to Salt Lake City, a distance of slightly more than 900 miles, with a number of small branch lines in California.

Western Pacific's capital stock amounts to \$75,000,000, of which the Denver and Rio Grande railroad owns \$50,000,000.

Its bonded debt includes \$50,000,000 first mortgage five per cent gold bonds and \$25,000,000 of second mortgage sinking fund five per cent gold bonds.

Types of Piute Indians, Some of Whom Are On the Warpath.

INDIAN CHILDREN PLAYING STICKS

MOVIE ACTOR KILLED WHILE STAGING FILM

(Associated Press Telegram)
Los Angeles, Feb. 27.—An investigation was under way today of the death of Clarence Chandler, a motion picture actor, who was shot and killed yesterday in the staging of a battle scene in the San Fernando valley near here.

Chandler was a member of an attacking party instructed to capture soldiers barricaded in a cabin. Before word was given for them to begin firing with revolvers, a single shot was heard and Chandler fell in the midst of his companions, shot in the forehead.

All threw down their pistols. No one laid claim to the one revolver with a discharged cartridge. The pistols had been loaded with bullets in order to produce a realistic scene in shooting down the door of the cabin.

Theatres

At Auditorium.
Rex Beach's great American romance, "The Spoilers," indicates that fiction may have as high or higher aim than fact, for, in addition to telling a gripping and absorbing story, he has reflected certain phases of civilization's advance that will never come again. Undoubtedly, this Western world has experienced the last of the great gold rushes. These picturesque and frenzied pilgrimages that commenced with the Spanish invasion were continued with the journeys of the Argonauts over the great plains and the mountains of our West, in the days of '49; and concluded with the toilsome rush to the Klondike, or the sailing over seas to the Arctic shores of Nome. These were potential and picturesque periods in the big advance that made a conquest of the unknown to gratify men's never-ending thirst for gold.

In providing the big "properties" for this stage that runs hundreds of miles up and down the Pacific coast, from Washington to Alaska, it was necessary to charter vessels for voyages. The steamships "Ohio" and "Santa Maria" were engaged for this service, and half a hundred

vessels were leased to give life to the foreground or background of the water scenes. Special railway trains were secured; locomotives were leased to serve the desperate ventures of strong men fighting for their all to retake their own possessions from their oppressors.

In this scene move the Algonquians and the Eskimos, (the Aborigines); then there are sneaky invaders from far Australia, bronzed Africans who deserted the fever-belt for the new gold fields, and the all-pervasive Americans, who give the punch of power to all the proceedings. Auditions, Sunday and Monday, Feb. 28 and March 1. Four times daily, 10c, 15c and 25c.

Events at the Lyric theatre week of March 1.
Monday, King Baggot in a sensational rail road subject. Tuesday, Renfax talking pictures only real talkers in the business. Wednesday, it's here at last "After Her Millions," the wildest comedy riot that ever was permitted to escape from a producing studio. Three reels of hilarious fun. Thursday, Six reels of sensational scenes in George Kleins's new production. Between Savage and Tiger. Friday, Another real dim novel. The Girl of the Secret Service Saturday. Another side splitter one of those L. K. O's entitled "Father Was a Loafer." Sunday, An ideal ladies man. Mr. Sydney Ayres who will appear in "Her Bargain."

FRENCH PRESS SAY ENGLAND CANNOT ACCEPT U. S. TERMS

(Associated Press Telegram)
Paris, Feb. 27.—The French press is unanimous in declaring that Great Britain cannot accept the informal proposals said to have been made by the United States, that the embargo of foodstuffs for Germany be raised provided Germany abandons her intention of destroying merchant ships. The papers, however, express appreciation of the spirit in which the proposals were made.

The Martin declares such a step would be carrying altruism altogether too far, because "every loaf which a civilian was able to spare would be a loaf the more for a soldier; in other words, the allies are asked to continue the war and sacrifice the lives of their soldiers in order to save German civilians from want."

BRITISH ANSWER TO U. S. NOTE IS EXPECTED TODAY

(Associated Press Telegram)
Washington, Feb. 27.—An indication of the British government's attitude towards the American government's informal proposals to Great Britain and Germany for the removal of the menace to neutral shipping, officials here thought, would be forthcoming today. At any rate, an answer is expected in a few days. The German government's attitude on the issue is already known to be favorable to making concessions and as supplying the basis for negotiations between the nations involved.

Officials here learned today through unofficial sources that some British cabinet members take the attitude that proposals will be necessary in retaliation for Germany's submarine campaign. England's allies, including France and Russia, which have been considering the American proposals were said to be in full accord with her as to what steps she would take.

The Washington government believes that even though these proposals are not accepted, its efforts will not be wasted, since it will demonstrate to the belligerents the sincerity of the purpose of the United States and the impartiality of its position.

RECITAL

GIVEN BY SHEPARDSON GLEE CLUB HEARD BY LARGE AUDIENCE.

Belgian Relief Supplies to be Hauled to Newark Free—Many Social Events.

(Special to The Advocate)
Granville, Feb. 27.—The Shepardson College Glee club appeared last night in the first public concert of the school year and Recital Hall was filled with a representative audience of students and townspeople. The club composed of twenty-six members, under the efficient leadership of Miss Laura Harris, contralto, made a splendid showing, and was repeatedly recalled, responding once with a topical song full of local hits, which pleased the audience tremendously. They attempted nothing of the heavy classical style, preferring rather the brighter, lighter compositions which showed to advantage the purity and freshness of their voices and the admirable training, which they had enjoyed. The quartette, composed of Miss Florence Foster, first soprano, Miss Helen Olney second soprano, Miss Bernice Lemoi, first alto, Miss Laura Harris, second alto, was well balanced, and showed the results of intelligent and careful training.

Mrs. Theodore Johnson, formerly leader of the club, sang a double number in which her magnificent voice and charming stage presence were never more in evidence. In the selection, "Unto Thy Heart," by Alliston, Miss Betty Matthews, who played the violin obligato with a wonderfully sympathetic interpretation, shared honors with the vocalist in the hearty encore accorded by the audience. Miss Constance Cheney at the piano, was one of the attractive features of the program. The "Minuet" by Patty Stair was a dainty piece of vocalization whose charm was enhanced by the appearance of four lovely maids in quaint costume and powdered hair, who stepped the stately measures to their own tuneful voices. Below is the program:

The Doll's Wedding Song, G. Henschel
In the Boat, E. Greig-V. Harris
Glee Club.
The Trees by the River
The Mountains are Steep, J. Brahms
Behold! The Roses are Blooming...
Glee Club.
Song of the Dinah Dolls
The Quaker, S. Adams-Bernstein
Quartette.
You Ask Me for a Song, H. Hadley
Summer Night, W. Berwald
Glee Club.
Where My Caravan Has Rested, Lohr
Under Thy Heart, Alliston
Mrs. Theodore Johnson.
Violin Obligato, Miss Elizabeth Matthews.
An Irish Folk Song, Arthur Foote
The Land of the Leal, J. Belle Bottwood
A Red, Red Rose.
P. Hastings-V. Harris
Glee Club.

Vogel als Prophet, Robert Schuman
Grillen, Miss Constance Cheney
Minuet, Patty Stair
Glee Club.
Shepardson Glee Club—Director, Laura C. Harris; accompanist, Constance Cheney; secretary and librarian, Sara Holmes; treasurer, Helen Olney; business manager, Rachel H. Kendall.
First Soprano—Genevieve Cathcart, Florence Foster, Imogen Hamblen, Grace C. Jones, Elizabeth Porter, Edith Shreve, Florence Stacy, Harriett Swetland.
Second soprano—Maude Dittmars, Helen Lockhart, Helen Moore, Helen Olney, Emily Spencer, Lucile Summers.
First Alto—Helen Buck, Irma Hauser, Rachel Kendall, Bernice Lemoi, Marjorie Rettig, Lois Lockhart.
Second Alto—Juliet Barker, Helen England, Helen Gilmore, Miriam Hastings, Laura Harris, Sara Holmes.
Quartette—Florence Foster, first soprano; Helen Olney, second soprano; Bernice Lemoi, first alto; Laura Harris, second alto.
Soloists—Mrs. Theodore Johnson, soprano; Miss Constance Cheney, piano.

Mr. Harry Burkhart has kindly offered the free services of his motor truck to transfer the Belgian relief donations from the Granville receiving station to that of the Licking county headquarters in the Davidson building on Church street, Newark. This morning the free will offerings of some eighteen people were delivered at the

Newark station, including those of: T. M. Kier, Fenwick Swift, Howard Darrow, W. H. Kussman, Burton Case, J. J. Williams, E. E. Arnold, Irene P. Jones, Rev. J. W. White, Dr. C. J. Baldwin, H. W. Deming, Mr. and Mrs. Howell Richards, Mrs. J. C. Ewart, Miss Ewart, Mrs. F. M. B. A Little Girl. Many people from the neighboring communities have promised to bring in their supplies today. This list of contributors probably will be greatly increased before Tuesday.

A round of luncheons, dinners and afternoon parties have marked the visit of Mrs. C. B. Newton in Granville. Yesterday she was complimented with a beautifully appointed luncheon, given by Mrs. George W. Reece (Laura Belle Parsons) at her home on the Lancaster road. Covers were laid for Mrs. Newton, Mrs. R. S. Colwell, Mrs. Clark W. Chamberlain, Mrs. W. H. Johnson, Mrs. Clara M. Ogden and the hostess. In the evening, Mrs. Newton was honor guest at a dinner given by Miss Fannie J. Ferrar, head of the piano department of Denison Conservatory, in Shepherdson commons. Out of town guests were: Misses Clara Davies and Bertha Stevens of Newark, O.

The Granville chapter of the D. A. R. was delightfully entertained last evening at the home of Mrs. L. A. Austin in Elm street. Guests of the chapter were the husbands of the members.

Miss Louise Hamblin will entertain eight of the Academy girls and boys at dinner this evening at the home of her parents, Rev. and Mrs. Hamblin in West Broadway.

Services at St. Luke's church tomorrow, Feb. 28, will be conducted by Dr. Leighton of the Ohio State University, who is at the head of the philosophy department of that institution, and a fine speaker. All are invited to hear him. Morning service at 10 o'clock. Evening service omitted.

Rev. E. D. Barnes of Verona, N. Y., will occupy the pulpit of the Presbyterian church on Sunday, February 28. All are cordially invited.

At the Methodist Episcopal church tomorrow, the pastor, Rev. A. J. Hawk, will deliver the morning sermon on "Spiritual Efficiency." Dr. J. C. Arbuckle will preach in the evening.

Mrs. Howard Darrow left this morning for a week-end visit to the home of her parents, Mr. and Mrs. Joseph Keepers in Cambridge, O. Mr. Darrow will accompany the Denison delegation to Delaware this afternoon for the Ohio Wesleyan-Denison game tonight.

Mr. J. D. Lewis died at his home in New Philadelphia Friday morning at 8 o'clock. The body will be brought to Granville and placed beside those of his two brothers, the late John Lewis, former mayor of Granville, and Edward W. Lewis of Zanesville, whose funeral services were held last Tuesday. Services in Maple Grove cemetery Monday afternoon at 1:30 o'clock.

WEATHER IS IDEAL FOR AUTO RACE

(Associated Press Telegram)
San Francisco, Feb. 27.—Thirty-five drivers tuned up their cars today for the sixth Grand Prix automobile race, on the Panama-Pacific exposition four mile course.

It is expected, would require five hours to finish. With ideal weather and a track which experts declare was in good condition, it is thought a new record might be made.

Shortly before noon a sharp shower, which promised to continue indefinitely, threatened to bring the race to a close.

At the end of the twentieth lap, Alley, No. 2, had taken the lead away from Resta who had dropped back to sixth place. Ruckstell was still in second place and Wilcox third. The shower turned into a drizzle that made the track slippery and dangerous. Sand was thrown on the dangerous curves. Average for the twenty laps, 64 miles an hour.

DICKINSON NOW INSTRUCTOR AT OBERLIN COLLEGE

The many friends of George S. Dickinson will learn with pleasure that he has been engaged as an instructor in the conservatory of music at Oberlin college. Mr. Dickinson will enter upon his duties next September, and will teach musical history and theory. In the meantime Mr. Dickinson is teaching organ at Oberlin, as a substitute for Professor Oliver, who is ill. He will be engaged in his present capacity until the close of the school year in June, and will be joined by his wife in a few days.

It will be remembered that Mr. and Mrs. Dickinson were abroad when the war broke out and it was only Wednesday that they were notified that their baggage had arrived in New York city. Though they themselves arrived home early last September, the baggage was in a Paris warehouse and was only recently released.

Oberlin college has been enriched recently by the gift of three million dollars from the estate of the late Charles Hall, of Niagara Falls. It was while a student at Oberlin that Mr. Hall discovered a new and cheap process for manufacturing aluminum, and thereby laid the foundation for his great fortune. This gift to Oberlin means new equipment for the institution and higher salaries for the instructors.—Zanesville Recorder.

Mrs. Dickinson is the daughter of Dr. and Mrs. S. D. McClure, 124 West Main street, this city.

Colombo, Ceylon, wishes, among other things, barred wine and beer, according to a consular report.

LICKING COUNTY FARMERS PLEASE TAKE NOTICE

Are your hearts less generous than your town brothers? Can you not spare a bushel of wheat or a bushel of corn to keep life in the non-combatants of Belgium? Will you let women and children die of starvation by the thousand when Licking county has such abundant harvests? Never was there such a cry for bread in the world's history! The townspeople of Newark are responding generously to Belgium's cry. There are four days left for the county to do the same. The relief headquarters will be open through Thursday next, March 4. Bring in the wheat and corn!

Ladies in charge at Belgium relief headquarters 12 East Church street:

Monday—Miss Alice Ashbrook in charge, with assistants.

Tuesday—Mrs. Geo. Sprague, Mrs. E. C. Wright and Mrs. H. S. Fleek in the morning; afternoon, Mrs. F. S. Wright and Mrs. James Smith.

NEW ROOMS FOR ELECTION BOARD VERY CONVENIENT

Work has been finished on the interior of the room in the city building which will be permanent offices for the deputy state supervisors of elections for Licking county. The new suite is a model of convenience, having been arranged by Clerk Michael Sachs whose years of experience in the work have taught him just what is necessary for the rapid and accurate handling of election returns.

To the board and Clerk Sachs, the newspapers owe a deep debt of gratitude. A special room for the newspaper men have been provided for, right next to the private office of the board where the returns will be tabulated. The figures as they are read from the tally sheets may be copied by the reporters and quickly sent to the newspaper offices either by telephone or messenger. For the convenience of the messenger, a door communicating with the newspaper men's room is provided with an opening just large enough to pass out "copy." This door will be kept locked at all times so the election officials and the newspaper men need not be hampered in their work by visitors, when tabulating figures or doing mathematical gymnastics, in an endeavor to get to the public as quickly as possible the returns from the various precincts.

NEWARK MEN ARE ENJOYING STAY AT NAPLES, FLA.

Earl Lanning returned Friday night from a three months stay at Naples, Fla., where he had been employed by the Naples Development Co., in decorating and papering of the large resort hotel at that place owned by a company of capitalists among whom are two well known Newark men, Messrs. Edward Crayton and James K. Hamill. Mr. Crayton is managing the hotel which at this time is turning people away, in spite of the fact that a new wing of sixty-seven rooms was built this fall. Mr. Lanning states that Naples is an ideal place in which to spend the winter. Surf bathing is enjoyed every day and the fishing and hunting is excellent. There are a few mosquitos but after becoming acclimated no attention is paid to them. Deer, bears, wild turkey, pheasants and quail abound in great numbers and much game is brought to the hotel. After being pursued by a hungry bear one day some weeks ago, Mr. Lanning gave up hunting as a pastime and turned his attention to fishing. He reports some splendid catches of sea bass, four in one day weighing twenty-five pounds apiece, which he forwarded to the Elk club at Port Myer. He also harpooned a shark which tipped the scales at one hundred and eighty pounds, being a little over six feet in length. Mr. Lanning states that Mr. James K. Hamill and family are enjoying their stay at Naples and that Mr. Hamill's young son is noted as one of the best fishers on that part of the coast.

WILL ELIMINATE MUCH EXPENSE IN BANK DEPARTMENT

(Associated Press Telegram)
Columbus, Feb. 27.—One-fourth of the expenses of the state banking department will be eliminated without harming the efficiency of the department. Harry T. Hall, newly appointed superintendent, told the Howard department survey committee today. He said last year under the administration of Emory W. Lattimer as superintendent, expenses of the department were \$80,000. This year Mr. Hall said he could do the same amount of work with only about \$60,000.

A great saving can be effected by cutting traveling expenses, which were \$19,000 last year in the department. Mr. Hall declared. He caused much amusement in the hearing room by explaining that was "campaign year," and consequently travelling expenses of bank examiners and other employees of the department may have been high on that account.

MANSFIELD IS ELIMINATED IN THE TOURNAMENT

Delaware, Feb. 27.—Bellevue and Wooster look to be the final contenders Saturday afternoon in the northern division of Ohio's high school basketball tournament staged at Edwards' gymnasium under Ohio Wesleyan auspices Friday and Saturday. Bellevue, with a fast, heady five, pulled the surprise of the day yesterday afternoon by defeating Mansfield, last year's champions of the northern section, in the second series, and sprung into a quick prominence. Wooster's preliminary was easily won from Ashtabula, and her second game with Millford was not hard.

In the first half, the contenders put up one of the speediest high school games ever seen here and at the close Mansfield had a one-point lead in a 14-to-13 score. During the last 10 minutes, however, Mansfield was seemingly unable to stop a quick succession of passes, which netted Bellevue 13 points and a long lead.

Twenty-six teams engaged in the northern division contest.

PRELIMINARIES.

Waynesfield, 19; Prospect, 17; Bellevue, 23; Steubenville, 16; Ashtabula Harbor, 32; Marion, 17; Mansfield, 39; Huron, 11; Lorain, 50; St. Marys, 8; Mt. Vernon, 37; Berlin Hts., 10; Lima, 24; Wellington, 8; Findlay, 23; Carrollton, 8; Elvira, 14; Rudolph, 4; Galion, 25; Milan, 9; Wooster, 28; Ashtabula, 8; Bloomville, 15; Fostoria, 13.

SECOND SERIES.

Bellevue, 32; Mansfield, 21; Bucyrus, 20; Findlay, 15; Mt. Vernon, 31; Lima, 20; Lorain, 38; Waynesfield, 9; Elvira, 17; Ashtabula Harbor, 15; Ashtabula, 27; Galion, 11; Wooster, 30; Bloomville, 17; Warren forfeited to Millford for non-appearance.

CONSOLATION SCORES.

Marion, 47; Rudolph, 11; Steubenville, 28; Huron, 4; Prospect, 44; St. Marys, 9; Wellington, 14; Berlin Hts., 12.

Lodges

Daughters of Veterans.

One of the most notable features in the meeting of the Daughters of Veterans Tuesday evening, February 23, was the observance of Washington's birthday. A large number of the regular members were in attendance, most of them in colonial costume. The meeting opened with the president, Mrs. Hickman, as leader. The president gave a brief talk on some of the characteristics of Washington, closing his remarks by reaching the death bed scene of this wonderful "Father of Our Country," which was touching in the extreme. The daughters then gave quotations in unison, led by the patriotic instructor, Mrs. Adams. All the old time beauty and grace of Martha Washington was portrayed by the daughters in the floorwork, and the feeling was apparent that the original Martha had no greater occasion to be proud of her prestige as the wife of this great commander than to be the daughter of the heroes of the early sixties.

The business of the evening consisted mainly in hearing report of "plantation supper" and arranging prizes to contestants for selling greatest number of tickets. Mrs. Adams and Mrs. Young were in the lead and each received a badge of the order. To the one attending the greatest number of meetings during the year the president gave a card case and 50 calling cards. Mrs. Cott received the prize, having missed but one meeting during the year 1914.

At the close of the meeting a Martha Washington tea was served. The next meeting will be March 8th. A class of four will be initiated. Every member is requested to be present. Meeting will begin promptly at 7:30.

Tribe of Ben Hur.

Alpha Court, No. 51, Tribe of Ben Hur, met in regular session at Woodman hall, Friday evening, Feb. 19, with a goodly number of the members present. Interest is being revived in the lodge since the consolidation of both courts, and before long we expect to have a full attendance of the members at the meetings, which are the first and third Friday nights of each month. On next Friday evening, March 5, installation of the newly elected officers will take place, and from that time on steps will be taken to reorganize the team and have initiations. Almost every meeting there is something of importance to the members, and all should turn out and attend. Don't forget, next Friday evening, March 5 at 7:30. Business of importance.

Olive Branch Lodge No. 34, I. O. O. F.

Olive Branch Lodge No. 34, I. O. O. F., met in regular session Tuesday evening, Feb. 23, with a good attendance, and three applications were read, balloted on and the applicants elected to membership by initiation. Brother Henry Siegel a member of the building committee of the I. O. O. F. building on West Main street was present and gave us the good news that the Odd Fellows lodge of the city were out of debt on their building on West Main street. At the close of lodge, we had a practice in the initiatory degree which was put on in fine shape, preparatory to conferring the initiatory degree next Tuesday evening, March 2, on a class of candidates, and we are looking forward to a big time. All transient brothers are extended an invitation to meet with us.

Newark Lodge No. 12 K. of P.

Newark lodge met in regular session on Thursday evening with a large attendance of members and all officers present. After the usual routine of business the pace rank was conferred upon a class of four. Brother Edwin Grant, a resident of this city, but a

New Periscope for Use On Land.

This is the new land periscope copied from that of submarines, but never before used in land operations in an army. The British have adopted it for their soldiers. It is particularly useful in connection with work in the trenches, and this illustration shows a British soldier sighting from a trench where he cannot be shot by the enemy.

ROOTERS WILL GO WITH REDS TO DELAWARE

Granville, Feb. 27.—Fired with ambition for another Ohio basketball championship, a little devoid of a blemish, Denison will leave for Ohio Wesleyan Saturday afternoon to play the next to the last conference game on the Denison schedule. It is expected that about 100 Denison rooters will make the trip in one or two special interurban cars. Denison will likely line up as follows: Roudsbur, I. F.; Biggs, I. F.; Thiele, C.; Reese, I. G.; Jones, R. G.

FEDERAL LEAGUE'S ANNUAL MEETING ADJOURNS TONIGHT

Buffalo, N. Y., Feb. 27.—Federal baseball league magnates went into session early today with the intention of clearing up all business matters before final adjournment tonight. The departure of the Kansas City representatives, after a brief hearing with President Gilmore, is interpreted to mean that the league is sure of the legality of its position in the matter of the transfer of the franchise to Newark and satisfied to leave the matter entirely with the court.

The injunction has disrupted the plans of the officials, however, to the extent that not even a tentative schedule will be announced until after the decision of the court as to the legality of the franchise transfer. The schedule, it was stated, will be given out at Chicago immediately after the court makes its decision.

At today's meeting, the Kansas City-Newark matter was given further consideration. Chief Umpire Brennan and a committee of the managers presented the proposed changes in the playing rules. These include the rule barring the use of the "Emery ball," under a penalty of \$200 and thirty days suspension without pay. The changes were approved.

GERMANY'S SUPPLY OF ALCOHOL BELOW NATURAL DEMAND

London, Feb. 27.—Germany's supply of alcohol is so far below the demand that the so-called "spirits central" organization which primarily supplies the army's needs has announced that it will be compelled to limit sharply deliveries of brandy and spirits for other purposes, especially for drinking. About forty per cent of the former amount will be allowed to larger industries for use in March and slightly more to smaller concerns. The supply of denatured alcohol for fuel lights also must be curtailed.

An effort will be made to save for human consumption a large portion of the supply of potatoes now in distilleries and to induce distilleries to undertake the production of crude sugar.

San Francisco is now operating municipal street cars in Van Ness avenue.

HARLEY & CO. NO MATCH FOR NEWARK HIGH

In a whirlwind start Friday night, Newark High played Chic Harley and his cohorts off their feet in the basketball game with East High at Hickey hall. The game was a victory for Newark High by a score of 27 to 13 and East's manager pleaded as a defense that the floor was too small for the proper execution of the intricate pass work of his team. From the spectator's standpoint, however, it appeared that East's inability to score points was due to the unusual tenacity of the Newark guards and their lack of accuracy in shooting baskets from the floor.

With all the advantage of a partisan official in their favor in the first half, East was able to cage but one field goal and a single foul, though the Columbus official called frequent breaches of the rules against Newark players, suffering from falling eyesight when a Columbus player offended.

The real fact of the matter was that it took East just 17 minutes to fathom the system of team work of the Newark team and recover from their surprise and organize their play against the effective work of the Newark team.

In the first minute of play, Stephan and Warner caged three baskets so quickly that Columbus was dazed. Then Columbus intercepted a pass and got in some of their splendid pass work which seemed to be the only department of the game at which they excelled. It was useless, however, except to keep the basket away from the eagle-eyed Newark players. East worked the ball to their goal only to find their men so closely guarded that accurate shooting was impossible.

Newark's men were better conditioned than the visitors. The rapid pace set was not too fast for Newark but Harley and his team mates were winded before the play had progressed ten minutes.

At the end of 6½ minutes of play Newark was leading by a 10 to 2 score when Harley's rough tactics crippled Warner temporarily and time was called until the flow of blood from Warner's nose could be stopped. Play was resumed and in the next 10 minutes Newark scored 7 points, while East's only gain was a single point from a foul.

In the second half, East showed some of the much touted ability which was responsible for the large crowd. Davis, Lewis and Paul, divided four baskets between them and Paul caged two fouls. Eastward, Stephan and Jones secured the same number of baskets, Eastward and Warner caging the fouls and the two teams quit the second period with honors even, 10 points each.

The crowd was the largest ever seen at Hickey hall. Extra seats had to be provided in front of the bleachers on each side of the floor and the crowd encroached more than a yard within the boundary lines. At that fifty or a hundred were compelled to stand.

Newark High's great need of a suitable gymnasium was never more forcibly illustrated than last night. With proper facilities, the athletic association could net a neat sum each session from basketball alone. The lineup and summary:

Newark (27) East (13)
Easterday, lf Davis, lf
Rawlings.

Warner, rf Lewis, rf
Stephan, c Paul, c
Young, lg Casey, lg
Jones, rg Harley, rg

Field goals—Easterday, 2; Warner, 4; Stephan, 4; Jones, 2; Davis, 2; Lewis, 2.

Foul goals—Easterday, 1; Warner, 2; Paul, 3.

Referee and umpire—Reinhold of Newark, Richards of Columbus alternating.

Time of halves—17 minutes.

JUNIORS WIN.

In the preliminary game between classes of the City of Newark, the defeated Freshmen 21 to 16. It was a burst of speed during the last few minutes of play that gave the Juniors the lead which proved too much for the youngsters to overcome. During the most of the game, but a few points separated the two teams. This game was hard fought from the first whistle. There is every indication that some splendid material is being developed in the lower classes and under the direction of a regular coach, the future basketball prospects for the Newark school are bright. The lineup:

Freshmen (16) Juniors (21)
Mayer, lf Jones, lf
Powers, rf Meyer, rf
Chesley, c De France, c
Ohara, lg Bieberbach, lg
Frenier, rg McLaughlin, rg

Goals—Mayer, 4; Powers, Frenier, Jones, 2; De France, 3; McLaughlin, 3.

Foul goals—Mayer, 2; Powers, 2; Jones, 2; Meyer, McLaughlin, 2.

Referee—Rhodes.

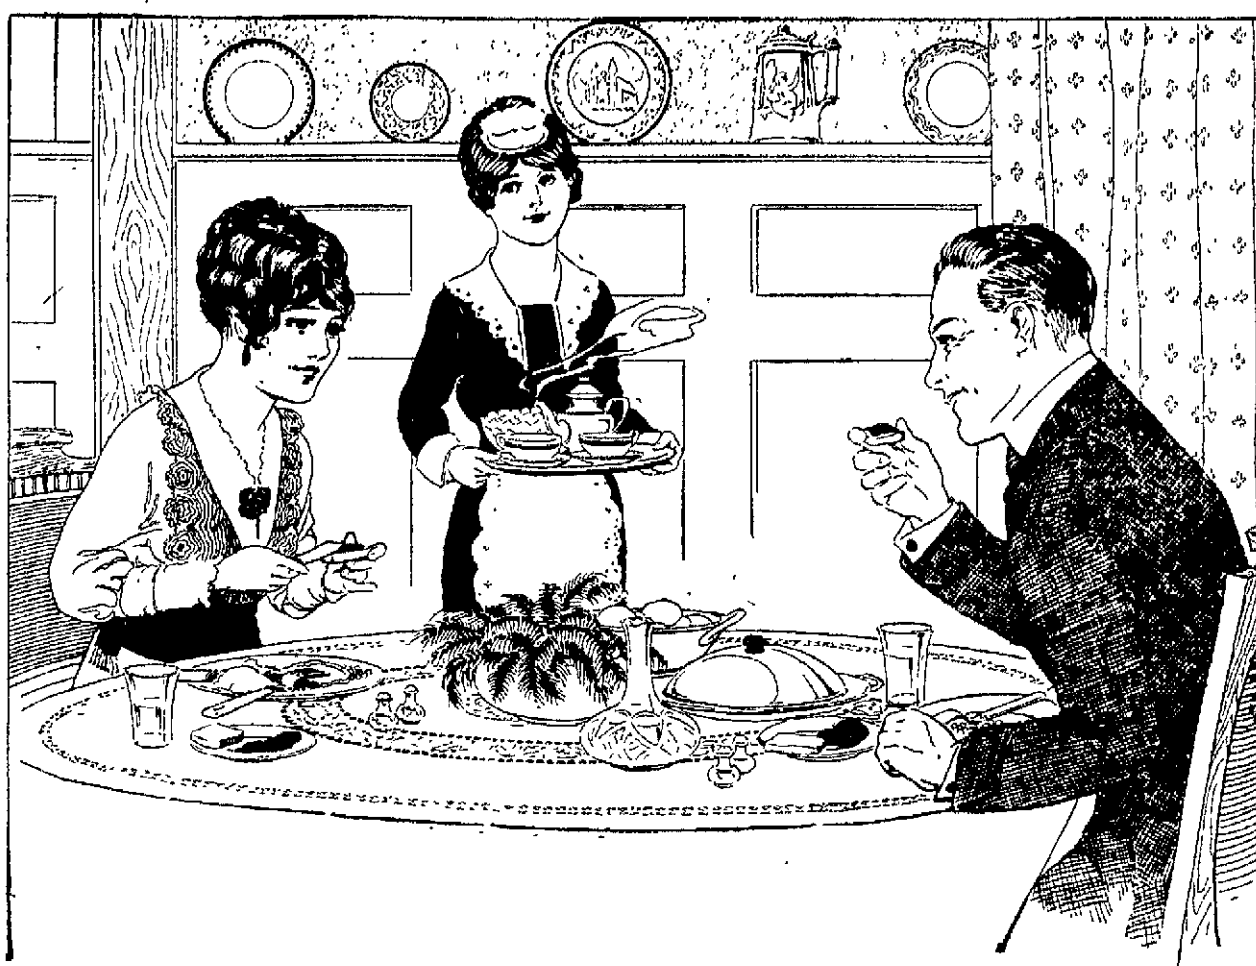

Time of halves—15 minutes.

OTHER SCORES.

Newark, 27; East, 13.
Hilliard, 25; Dublin, 17.
Lancaster, 22; Westerville, 20.
Plain City, 38; London, 9.

"Just the old home taste I've hankered for"

How many times have you, too, wished for apple butter like that which was made on the old homestead years ago?

How often do memories steal back at the thought of it? Of the sweet-scented apple orchard, flowering in the spring, ripening under the kisses of summer sunshine, and in the fall giving up its luscious, red-ripe fruit for that delight of the long winter months—golden brown apple butter! Ah, how good it was!

The minute you taste—

Lippincott
TRADE MARK
Apple Butter

—you'll realize you have found the old home taste again. And no wonder! Just consider how Lippincott Apple Butter is made—

We follow a famous recipe used on an old New England homestead for over fifty years. We use nothing but the choicest and tastiest of apples, the most fragrant of spices, and the purest of white granulated sugar.

And we make it in a bright, spotless factory-kitchen where

those good old-fashioned standards of honesty and purity prevail, amid clean wholesome surroundings, by clean, wholesome people.

Order a trial jar now—enjoy again the old home taste you've hankered for.

Pay As You Go Policy.

Twenty years ago most cities and towns, on making any large public improvement, used to pay for it in bonds running 20 and 30 years. A good many people have only recently had to reinvest seven per cent bonds issued as far back as 1880 or 1885 by many of the larger cities. During much of this period, these cities have been able to borrow money for four per cent and even less. The burden placed on the tax payers by local governments that issued these bonds was enormous.

There is today a growing realization of the heavy burden placed on tax payers by this policy of making posterity pay. Interest rates are higher now than they were a few years ago. Cities that issue serial bonds for 15 and 20 years will pay two dollars for one.

Many of the old timers used to argue that it was a good thing for a municipality to have a public debt. It tended toward economy, they said. It checked the spendthrift element, and led to a conservative financial policy. There may be something in this. But as a whole the present generation is paying dearly for the light hearted and nonchalant financial policy of its fathers.

It is a favorite politician's scheme to borrow money, load off the burdens of administration on future years, provide a low tax rate for the current year, and go to the people on the issue of economy. Frequently it works. But some day debt must be paid. Then it is learned that nothing stops the growth of a town quicker than high taxes. Authorities on municipal finance today all favor paying for improvements in the least possible time.

Seeing An Exposition.

The pleasure and profit to be derived from a great show like the Panama-Pacific exposition, now open, depends on the amount of common sense possessed by the sight-seer.

Most people start out on such an undertaking in a mood of elation produced by the stir and excitement and novelty of the scene. They walk and walk, conscientiously studying guide books to feel they have seen it all. After a time every new building is left with a sigh of relief. The idea seems to be not so much to see a thing, as to be able to tell other people you have seen it. The act of looking at objects in a display may seem an easy, even indolent process. But there is fatigue in it. Art lovers say two hours in a picture gallery will use them completely. The eye is a delicate instrument. Constant looking must involve much nerve strain. Also people walk distances they would not attempt at home.

A great exposition like the Panama-Pacific is a final triumph of civilization. If life were not so rushed, one could easily spend a month there and find pleasure and food for new thought every day. The tourist who gives it but a week, or often only a few days, attempts an impossible task. Fifty cents worth of wheel chair a day may make all the difference.

Feb. 27 In American History.

1795—General Francis Marion, famous leader of South Carolina partisans in the Revolutionary war, died; born 1732.

1845—General P. H. Sheridan set out from Winchester, Va., with the Army of the Shenandoah, to capture Lynchburg, Va., and proceed to North Carolina and unite forces with Sherman.

1906—Professor Samuel Pierpont Langley, a scientist of worldwide reputation, died; born 1834.

ASTRONOMICAL EVENTS.

Evening stars: Mars, Saturn. Morning stars: Jupiter, Venus, Mercury, Arcturus, the great star of constellation Bootes, seen rising north of east in the early evening.

TAKE A LOOK IF YOU HAVE TIME

The Frique.
There once was a maiden antique
With manners distressingly unique;
When asked if she'd spare
At the club once a while
She answered, "I haven't the chique."

"Buz!" Hopgood explains his failure to remain on the water wagon by saying that he got up and gave his seat to a lady.

Man's most distinguished characteristic probably is his desire to see how close he can skate to the hole in the ice.

Some of the garbage goes into the can. The balance of it is distributed through conversational channels.

A woman begins to admit she is growing old long before she believes it to be true.

A man keeps some things to himself but he never makes a secret of the fact that he sleeps out doors the year around.

Wuff!
The hold up man has a stern way of making us heed his commands. He went into a clock store, and the poet looks all held up their hands.
—Cincinnati Enquirer.

Once through a pasture field he crept
With footsteps so soft and quick;
Next morn the milkmaid wildly wept—
The cows held up their milk.

If the women had their way, there would be more husbands and fewer lovers. If the men had their way, there would be fewer husbands and more lovers.

Buck Kilbr doesn't believe any great wrong is committed when the mind of a child is disabused of the notion that there is an individual of the name of Santa Claus.

When a man is afraid to back his proposition with money he sidesteps by saying: "I am not a betting man, but if I were," etc., etc.

Jasper Willoughby, who recently announced his candidacy for the office of city clerk, frankly admits that his friends did not urge him to get into the race.

"I understand Boss Slump wants to run for congress," said a man to Eph Wiley yesterday. "Boss expects to run for congress," Eph replied, "but what he really wants to do is to run for President."

Those who attended the Willoughby-Smithson wedding say the condemned man exhibited unusual courage throughout the ordeal.

Spirit of the Press

Forty years ago the death rate from tuberculosis in Massachusetts was three times as large as it is now. Between 1862 and 1902, it was reduced again by one-half. In no other state has the death rate from the disease been so much cut down.
—Youth's Companion.

Stock Speculation.
A ruling by the Internal Revenue Department that profits made by stock speculation must be returned as revenue liable to income tax, while losses in the same effort cannot be deducted, is to be recognized as entirely in accord with the speculative principles, that winnings count but losses are not to be considered.
—Pittsburg Dispatch.

The High Cost of Killing.
Statistics show that it has required \$90,000 worth of Zeppelins to kill 60 persons, thus adding the high cost of bombing to the rest of the world's burdens.
—Washington Post.

Play a Bigger Part.
So many people drift into disappointment and dreariness because they are dissatisfied with the materials of life, and would like to play a bigger part than they are entitled to play. It is all a deep mistake, the worst mistake a man can make. It is not the impression a man makes on life that matters; it is the impression which life makes upon him.
—North American Review.

Pointed Observations

Some men can look an automobile in the face without feeling embarrassed in the pocketbook.
—Macon Telegraph.

The Electric Steel company of Pittsburgh is declining to bid for part of an order of \$4,000,000 drop forge shells by the British government because of "humanitarian reasons" raised by the familiar question, "Our company," said President Bryson, "refused to consider this contract because we don't think warring nations should be encouraged." But, of course, Mr. Bryson's company is really encouraging the nations that are warring against its would-be customer.
—Springfield Republican.

The Department of Agriculture has taken a census of the birds, which is probably as good a way of wasting money as any other.
—Rochester Herald.

Congress has rejected a bill creating a United States Academy of Immortals. Believing that Americans have a greater regard for live ones?—New York Evening Sun.

If matters are carried too far, America may show its resentment by withholding shipments to both England and Germany and thus start them impartially.
—Kansas City Journal.

It would seem as if hardly anybody could have as much trouble as the Ship Purchase bill has.
—Indianapolis News.

It really doesn't look as the Boston Evening Transcript would have us believe—as if the United States is held

in low esteem by European diplomats. Ambassador von Bernstorff, at least, must have had an exalted opinion of American persuasiveness when he proposed that Secretary Bryan should cajole Great Britain into giving up its most efficient weapon in its struggle against Germany—that food blockade.
—Washington Herald.

The German government has not yet dared to inform the people that the French Government is back in Paris.
—Toronto Mail and Empire.

Uncle Walt

SPEEDING ALONG.

But yesterday I celebrated the advent of the glad new year (for which I watchfully had waited) and wore a smile from ear to ear. And now the almanac informs me the year's already ready six weeks gone, and soon this overcoat that warms me I shall be privileged to pawn. Oh, Time, when all the rest are tooling, and loafing through the golden days along the highway you go tooling.

Your tallyho and spectral bays. When all the rest are sweetly snoring, and human toil has known a slump, your wagon wheels go ripping, roaring, down, down to the eternal dump. We mortals labor in the daytime, a few brief hours, and then repose, we feel we ought to have our playtime, and see the moving picture shows. There is a full in our endeavor, whenever we can find excuse, but you, oh, Time, rush on forever, rush on like blitzen broken loose. You make us old, before we know it, impartly you sweat us all; the priest, the plumber and the poet—from all of them you take a fall. Rest, Father Time, slow up your paces—you need a holiday quite bad—and you will please all tribes and races from Petrograd to Edinburg.

THE BOY FARMER

Or a Member of the Corn Club
By ASA PATRICK

Copyright, 1915, by American Press Association.

(Continued from Wednesday.)

CHAPTER VII.

SAM met Mr. Burns in town one day in September. The agent's district embraced several counties, and he had been absent for some time. The two had not seen each other for several weeks.

"Hello, Sam!" accosted the agent. "How's the corn?"

"That corn is all right, Mr. Burns," replied Sam, "and I'd like you to come out one day this week to see it gathered and measured."

"All right, I'll be out Friday and bring along the committee that's going to report on the contest acres in this county. Will it take long to gather the corn?"

"Yes, it's going to take quite a bit of time, for unless I'm mighty badly mistaken there's sure some corn out that patch."

"Well, you've tried farming for a year. What do you think of it as a business?"

"I think it's the finest business there is. I like it better than anything else I can think of, and I'm going to stick to it and learn it."

Mr. Burns smiled. "I see," he said, "that you don't think you know all about the business. Did you read those books that I told you about?"

"No, sir," said Sam, replying to the agent's first remark. "I really don't know much about farming. I need more experience. Most of what I know I've learned from reading. As for those books, I've not only read them, but I've studied them too. I've bought several more since then, and I'm going to keep on buying till I get all the best ones in my line. I don't believe it pays to economize on books, do you?"

"No, it doesn't," said Mr. Burns. "If you know the science of farming it is easy enough to learn the rest. But you never can farm intelligently without learning the science of it. What other books did you buy?"

"Well, I bought Bailey's 'Manual of Gardening' for mother, but I'm studying it myself. There's a whole lot to learn about gardening, and every farm ought to have a garden. Besides that, I bought Fletcher's 'Sole-How to Handle and Improve Them' and Dugan's 'Diseases of Cultivated Plants' and 'Weeds, Insects and Insecticides.'"

"They're just the books you need," said Mr. Burns. "If you keep on reading and studying this way it won't take you any time to finish the course in the agricultural college when you go down there."

Friday morning early Bill Googe came over with his wagon and team, and he and Sam started in to gather the contest acre. The day before Sam had gone over the patch and gathered the ears selected for seed and piled them at the edge of the patch. Before 8 o'clock they had one big load gathered and were just driving out to unload it in a bin that Sam had prepared when Mr. Burns and the judging committee arrived.

The men stood around, examined the ears and watched them unload, then went back to the patch and helped to gather the next load, which required but a very little time for all of them. After that Sam brought out some melons and cantaloupes, and the men feasted in the shade of a tree while he and Bill Googe gathered the remainder of the corn.

By 11 o'clock the last of the corn had been gathered and unloaded. Mr. Burns and the committee then measured the pile of seed corn and calculated the contents of the bin.

"One hundred and thirty-nine bushels," announced Mr. Burns. "Now for the cost."

Every item of expense and labor connected with the acre was put down.

all this was added up and the result divided by 139.

"One hundred and thirty-nine bushels; cost per bushel, 11 cents," announced the agent again. "Well, Sam, you're sure going to win some of those prizes. Several of the boys are going to beat you on production, but the cost is where you come in. Your acre shows a big profit. Well, gentlemen, let's go down to the next place. You'll hear from me later, Sam."

One hundred and thirty-nine bushels, and Fagan had made twenty-five bushels to the acre just opposite. One always feels relieved when a long, hard task is finished. This was Sam's feeling as he watched the men drive off. He had done his best and his work had been fairly measured. He felt more free now to finish up the work on the farm and turn his attention to school and study.

The young farmer removed the husks from his seed corn, then went through it and made a second selection of the finest ears. From these ears he removed the defective grains at the ends and then shelled the rest into stout sacks.

In selecting seed cotton he pursued pretty much the same plan. After picking the cotton from the finest stalks and bolls he had it ginned and saved the seed. These seeds he put in a screen that let the small and lintless ones pass through.

This method gave Sam the finest seed from the largest and most perfect plants, both of cotton and corn. He could have sold at high prices much more than he had to spare of either kind. One day, just after the seed had been selected and was stored away, Miles Fagan came over to buy.

"I want to buy some of that cotton and corn seed of yours," he said. "How much can you spare me and what'll they be worth?"

"I'm selling them at \$2 per bushel for either kind," Sam told him, "and I have only six bushels of corn and twenty of cotton seed to sell."

"My, but that's a high price!" exclaimed Fagan. "Still, I reckon they're worth it and I'll take the lot."

"Can't let you have them all," said the boy farmer. "I've promised Bill Googe half of them, so you can have three bushels of corn and ten of cotton seed."

"That ain't as many as I need, but I'll take 'em," said Mr. Fagan.

Sam's school chums gathered most of his cotton crop, for which he paid them at the rate of 60 cents per hundred pounds. Ten and sometimes twelve of them would come out early Saturday morning and pick until night, in which time no less than a bale would be gathered. When the last straggling locks of the patch had been gathered Sam found that his crop had yielded one bale to the acre. The five bales he sold for \$250 and stored away 150 bushels of seed for feed.

The four acre tract of corn yielded seventy bushels to the acre, or a total of 280 bushels, all of which Sam put in the barn with that from the one acre. He didn't intend to sell any of this crop, as he could make more by feeding it to hogs.

The crops were now about all gathered. There remained the peas and the pumpkins that had been sown among the corn and the turnips, which were not yet ready to be gathered.

Sam hauled out many loads of big golden pumpkins with the one horse wagon. There was not much market for pumpkins, but he managed to sell about 100 at 5 cents each, or a total of \$5 worth. And still he had more pumpkins than he knew what to do with. He knew, however, that what the family did not use would be fine feed for the hogs and cows when the cold weather of winter came on. So he carefully stored them away.

With the black eyed pea crop it was the same. Sam thought that he had never seen so many peas in all his life. He sold \$20 worth, gathered what would be needed at home, and then, the vines still full, he turned in the hogs and cows for a week's feast.

According to agreement, Bill Googe came over when the stock had cleared out most of the pea crop and set to work with a large plow turning under vines, stalks and all. The cotton stalks were large, and a great many of them, as well as some cornstalks, were left above ground. But when Sam sowed the ground with winter oats and rye and had Googe follow him with a disk it cut the stalks to pieces and left the soil smooth and unbroken.

Soon after they finished sowing a gentle rain began falling, lasting for a day. It sank into the soft soil and seemed to touch the planted grain with magic. In a very short time the field from end to end was one long carpet of green.

The year was growing old, and the great bulk of the work was done. Sam now had more leisure than he had had at any time during the year. Of mornings there was sometimes a hint of frost in the air, but the days were yet hot and sultry. Sam's friends, Fred Martin, Joe Watson and Andrew

White, had visited him several times that summer in addition to the days that they had worked. But he had something that he thought would make a pleasant surprise for the boys, so he invited his neighbor, Bob Fagan, and those three from town to visit him on Saturday. Sam's surprise was some large watermelons, the last of the season, that he had covered up with grass and kept fresh and sound. The melon crop had been gone for a long time, and this would be a treat worth giving on what would probably be their last visit this year. Even Bob Fagan would be as much surprised as any, for they never grew melons on the Fagan farm and knew nothing about keeping them until cold weather.

The boys came, and the day proved to be suitable for the occasion. It was a hot, sultry day and seemed to belong more to midsummer than to autumn. First the melons were carried to the creek near the swimming hole and dumped in a clear pool to float round and round and cool. Then the boys were off on a hunt for wild grapes and pecans. They found both. Winter grapes and fox grapes they found hanging in thick, purple clusters from vines that ran along branches and from tree to tree. To get them the boys generally had to do a lot of climbing, but they liked this, though they had to be careful about getting too far out on weak limbs.

The pecans' hulls were popping open and dropping their fruit to the ground, so they had little to do except to pick

gave a whoop and, running to the bank, spring into the air. They came down head first, for the water was deep, and there was no danger of striking anything. Chug, chug, chug, they went, one after the other. The water was as warm as on an August day, and the boys had fine sport. They dived after pebbles, had contests of swimming under water, floating, treading or swimming on their backs.

Somehow that afternoon seemed too short to the boys. They had been swimming a long time when Joe Watson spoke up suddenly:

"My, but look how low the sun's getting! We've got to be hiking, boys!"

"Well," said Fred Martin as they were dressing on the grassy bank, "we've had our last melon for this year."

"And our last swim, too," added Andrew White.

"Yes, that's so," said Bob Fagan, "but they were both daisies for last ones."

"No need to grieve, boys," Sam explained. "You forget that we'll soon have snow and Christmas."

"That's the truth," they exclaimed in chorus. "They'll be here before we know it."

This new subject afforded conversation for the boys till they came to the place of parting.

Sam himself as he walked slowly homeward kept thinking of Christmas. The Christmas feeling was getting in his blood, and that's a delightful feeling to have.

The young farmer on arriving home immediately set about doing the evening chores. He felt vigorous and fresh and happy. Nothing seemed lacking. Nevertheless when he had finished the chores and gone indoors he found a letter that added to his feelings of pleasure. The letter was from Mr. Burns, the agricultural agent, requesting him to be present the following Saturday at a meeting of the Boys' Corn Club, when the prizes for the state and county would be awarded.

The following Saturday morning Sam Powell was up early and away to town to be present at the meeting of the corn club. He didn't feel sure that he would win a prize. He thought that he might win one of the smaller county prizes, but, as for the first ones offered for the county and the state, of course he didn't have any chance to win.

If he could just win the gold watch offered by the governor or the trip to Washington or the \$25 in gold or the Jersey cow he'd be satisfied. But, anyway, he said to himself, if he didn't win a single prize this year he would next

(Concluded Monday.)

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME.

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains, stiff, painful, swollen joints, pain in the limbs and feet, dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my well-known, reliable, Chronicure, with references and full particulars by mail. (This is no C. O. D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chronicure succeeds where all else fails. Chronicure cleanses the blood and removes the cause. Also for a weakened, run-down condition of the system you will find Chronicure a satisfactory general tonic that makes you feel that life is worth living. Please tell your friends of this liberal offer, and send today for large free package, to MRS. W. SUMMERS, 131 E. Washington Avenue, South Bend, Ind.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which exerts an overwork on the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from your pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Keep It Handy for Rheumatism. No use to squirm and wince and try to wear out your Rheumatism. It will wear you out instead. Apply some Sloan's Liniment. Need not rub it in—just let it penetrate all through the affected parts, relieve the soreness and draw the pain. You get ease at once and feel so much better you want to go right out and tell other sufferers about Sloan's. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle today.

Touring Car

\$1075

J. A. Tolde

The Car You Buy Should Be Equipped With A High Tension Magneto

There are two kinds of ignition—the ordinary battery system and the high tension magneto system.

The battery system is the cheapest.

It is not always reliable though many popular priced car manufacturers still furnish it.

The high tension magneto system is the most expensive.

It is the most certain.

It is the most uniform.

Practically all the highest priced cars are equipped with the high tension magneto system.

So is the Overland!

Two additions to the church last Sunday, and we are expecting several this Sunday. We are planning for Promotion Day in the Sunday School and Baptismal Day.

DON'T FUSS WITH MUSTARD PLASTERS!
Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

Y W C A NOTES

Miss Anne Smith, of Alexandria, who has accepted a position at Norton's Book Store, is the newest member of our Y. W. C. A. family, making twenty-two now living in the boarding home. Once more the rooms are all occupied.

The anxiety felt by the members of the Association for our much loved Mrs. Schmitt, who has just undergone an operation, is somewhat relieved by a letter from her sister, which says that Mrs. Schmitt is recovering splendidly. We hope to have her back with us well and strong again for the Master's work, to which she is consecrated.

Mrs. J. B. Jones, who has been ill with the grippe for several days is much better and will be with her Bible class again on Tuesday night.

The Pittsburg girls are thinking today, if never before, that "All that glitters is not gold," and I wish that every girl in Newark who has a notion in her head that the life of a "show" girl is attractive and easy,

Faithful Effort Promotes Permanent Value

Worth works wonders—values are created through effort!

Better things will come when the minds of men everywhere are suffused with the understanding of their true ancestry: "Now are we the Sons of God." That being true, to create, for the benefit of others is the greatest pleasure; to permit others to create for us, with no return of effort on our part, is a grave injustice.

"We are not responsible for what we accomplish, but we are responsible for how faithfully we try!"

Enjoyment centers around conscientious effort, persistent work, and constructive thought for improvement.

"Be ye doers of the word and not hearers only!"

Be producers, not mere consumers! Be sharers in labor for betterment, not mere participants in values already created.

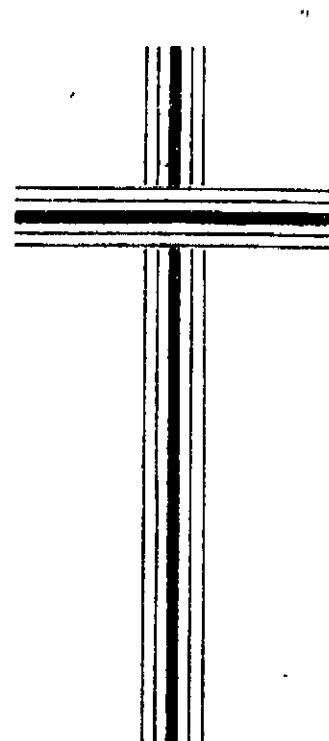

Church services will be more enjoyable to those who are really interested in quickening the religious spirit of the community.

To get the best out of church services we must have been conscientiously putting something into them—contributing to the spirit of thanksgiving and praise so that we may pass it along.

Every service has a place in your growth; the blessing is cumulative—it increases with repetition.

"ENTER INTO HIS GATES WITH THANKSGIVING, AND INTO HIS COURTS WITH PRAISE; BE THANKFUL UNTO HIM AND BLESS HIS NAME."

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOFFLEY.)

We get values for ourselves by helping contribute values.

In every church of this community there is work for everyone in the community; a place for the expression of a worshipful thought, for the exercise of a worshipful spirit.

What we add to the value of the services depends on what we are within ourselves; what we bring with us to that service.

A mere response as a duty is not going to yield a genuine pleasure, but if we go to church because we enjoy it, certainly our enjoyment will be heightened if we stimulate others to go.

A pleasure shared is a pleasure doubled; a welcome hand, a cordial invitation, an uplifting thought, shows the soul's state of health.

If we, who regularly go to church, will but stimulate others to go, the health, the morals, the spiritual content of the community will increase by leaps and bounds.

It those who have ideas which will make the service better, adding to the quickening of the spirit, will just add themselves to the service, the value will be greatly enhanced.

No service should find us lacking in our receptive attitude; no message should fall on unwilling ears, and no service deserves absent treatment.

Again Opportunity comes and asks "Here am I?"

for children, in the near future; as soon as the gripe lets up, so we can get the mothers out with their babies. We have nearly fifty on the Cradle Roll now. You are cordially invited to attend all services.

Y M C A NOTES

The school work for foreign men was conducted as usual this week at Riverside, Webb street, and at the building. The attendance was small on account of the weather.

The Monday Talks, D. A. R. and the Builders exchange held meetings in the building this week. The former organization showed stereoscopic pictures in Taylor Hall.

Charles Allen is assisting some with the general office work since R. M. Thompson left. Ralph McLaughlin, Goddard Chase and Chas. Gardner have assisted in the gymnasium work the past week. Member Archie Goodwin is reported sick at his home in East Main street. The members are glad to hear that Samuel Sachs is improving.

The Zanesville Times-Recorder is publishing a series of Health Talks written by Fred Glenn in their Saturday issue. All the Newark boys rejoice at Fred's success.

The commercial high school team and the East High team of Columbus made the "Y" their headquarters while here playing the Newark boys.

Every young man in the membership should choose some church as "his church" and should make it a regular practice to attend every Sunday. The Sunday School is one of the greatest blessings to any community. Every young man should attend.

Physical Director Wilson Galloway was confined the house three days the first of the week with the gripe. The members are glad to see Harold Kemp out again after his motorcycle accident.

The checker tournament among amateurs has caused a great deal of interest. Some of the successful players were D. C. Brown, Treudale Stevens and Wendall Postle. R. M. Newkirk and Lloyd Brooks were close seconds.

Some of the boys were so fortunate as to have the privilege of eating from the Weiland and Crawford cake won by member Wendell Postle in the guessing contest. Wendell may represent the "Y" again.

Saturday afternoon the Junior boys' team will play the Junior boys' team at Granville in the college gym in a game of basketball. When Granville team played here a few weeks ago it was a close game and our Juniors are sure that they can win again. They will be accompanied by manager Don Power and the physical director, Mr. Galloway.

The boxing alleys are being brightened with a new coat or two of shellac and will be in good shape again for use the middle of next week.

Y W C A NOTES

Miss Anne Smith, of Alexandria, who has accepted a position at Norton's Book Store, is the newest member of our Y. W. C. A. family, making twenty-two now living in the boarding home. Once more the rooms are all occupied.

The anxiety felt by the members of the Association for our much loved Mrs. Schmitt, who has just undergone an operation, is somewhat relieved by a letter from her sister, which says that Mrs. Schmitt is recovering splendidly. We hope to have her back with us well and strong again for the Master's work, to which she is consecrated.

could have heard the stories of the two girls whom Miss Moore, general secretary of the Y. W. C. A. in Lancaster, sent to me Thursday to be helped on to their homes. They promised to help prevent other girls from doing what they did and so perhaps their experience may count for something more than just teaching them their lesson. With the aid of Mayor Bigbee, we were enabled to send them through to their homes in Pittsburg. They left home only a week ago with this troupe under the impression that they were going to make lots of money and have a good time too. But they found neither. The manager left them with no money to pay their board bills and they were put out of the hotel. They then went to the mayor and he sent them to Miss Moore at the Y. W. C. A. The other members of the troupe are planning to put on vaudeville shows in small towns, but these have had enough of the show business.

The industrial clubs held their regular business meeting on Monday night at the Association building. There is no limit to their enthusiasm, for it permeates even the business meetings.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full testimonials. Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that ever color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wreth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wreth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Goes to Springfield.
 Foster Weiant has resigned his position with the Hub clothing store and gone to Springfield to act as baggage-master for the Ohio Electric railway company.

Condition Improving.
 Mrs. A. H. Marple of North Fourth street, who was so seriously burned when her clothing caught fire from an open stove several weeks ago, is now improving.

Fined for Larceny.
 Burt Griggs, charged with drunk and petit larceny, pleaded guilty before Mayor Bigbee Friday afternoon. He was fined \$5 and costs on each charge and ordered committed to the city prison.

Fined For Drunk.
 Arrested on three charges, drunk, disorderly conduct and visiting a resort, Mike Shondo, a foreigner, was fined Saturday morning on the drunk charge and ordered committed to the city prison. The other two charges were continued indefinitely.

One Charge Dismissed.
 Charles Sparks, arrested on an affidavit charging non support of a minor child, was arraigned before Mayor Bigbee Friday afternoon. An additional charge of intoxication was placed against him and he drew a fine of \$10 and costs on this charge and was ordered committed to the city prison. The non-support charge was dismissed.

Million Shoe Strings.
 John Lynch, a shoe string peddler, arrested shortly after midnight by Officers Sunkle and McClure, on a charge of intoxication, was fined \$5 and costs and ordered confined to a cell on bread and water. The officer in recording the arrest, detailed that 1,800,000 shoe strings were found in Lynch's possession. No one verified the count.

Seriously Ill.
 Mrs. W. W. Fleming and daughter, Mrs. W. L. Kregner of Chattanooga, Tenn., were called to Newark on account of the illness of the former's sister, Mrs. S. E. Pfiffer of 19 Front street, who has been confined to her room for the past couple of weeks. Mrs. Pfiffer's many friends sincerely trust that her illness may soon take a turn for the better.

Old Charge Brought Up.
 Ed Parlet of Chatham, appeared before Mayor Bigbee Saturday and filed a new affidavit against Burt Cochran, in jail under bond, charging him with forgery. It is alleged that Cochran signed Parlet's name to a check for \$17.50. An affidavit was filed before Former Mayor Ankele but it was found to contain a defect and the new charge was made. No date has been set for the hearing.

County Temperance Rally.
 At the First Presbyterian church, this city, on Saturday, March 6, there will be a big get-together meeting of the temperance forces. We not only invite but urge every interested worker in the county to be there. We need your counsel. A state speaker will be present besides a number of sharp, brief speeches will be made by local speakers. First session of convention, 10:30 a. m.; dinner for 25 cents served by the church; at once let Charles O'Bannon know if you can be there for dinner. The church must have this information in order to prepare dinner. Committee.

At the Gem Monday.
 "Aftermath," a heart gripping drama, written by Professor Wm. Addison Hervey of Columbia university, portrays the upward struggle of two young Americans, husband and wife, from the depths of poverty and despair to the heights of prosperity and happiness in the midst of which they are confronted by the tragic past of the young wife, which she had believed buried. For a time a vortex of shame threatens to engulf both, but dominant love finally lifts them above the menace of the past. The play is splendidly acted by the famous leading lady, Virginia Pearson, supported by the popular photo-play star, Owen Moore, and a consistently good cast of famous players.

SENTENCES

PASSED UPON TWO PRISONERS BY JUDGE T. B. FULTON SATURDAY

One Goes to Mansfield, One to Ohio Penitentiary—Case Taken Up On Error—Court News.

Judge Thos. B. Fulton Saturday sentenced Chris Toma to the Ohio penitentiary. Toma was tried on the charge of grand larceny for robbing a West Main street bakery.

In the case of Harry Baumgartner who had entered a plea of guilty to the charge of forgery received a sentence to the Ohio State Reformatory at Mansfield.

The above prisoners with Clarence McClain, sentenced to the penitentiary several days ago, will be taken to the state institutions by Sheriff C. H. Swank on Tuesday.

Superintendents Meeting.
 The twelve district rural school superintendents are meeting in the office of County Superintendent Elmer W. Jordan today for the purpose of discussing betterments, etc. Today is also salary day and they were all given vouchers for their monthly pay by County Auditor Jesse Hursey.

Quarterly Session.
 The county commissioners will have a busy time of it the first of the week for on Monday, Tuesday and Wednesday will be held the quarterly session at which time numerous sheep claims will come up for hearing and adjudicating. A number of road cases are also scheduled for hearings.

Real Estate Transfers.
 Harry D. Fulton to Robert N. Fulton, lot in Hudson avenue, \$5.
 Maud M. Ross to Godfrey Stough, inlot 2149 city, \$1, etc.
 Barbara Graden to John Penn, lot in St. Louisville, O., \$1,400.
 John A. Chilcote to Barabart Braden, inlot 5499, city, \$1, etc.
 Orrilla Fravel to W. F. Hughes, six acres in Jersey township, \$1,350.
 Robert W. Irwin to T. J. Irwin, lot 1619, city, \$1,600.

Thos. T. Cault to James Redman, lot in Mount street, city, \$1, etc.
 Anna E. Proctor to Eddie J. Mack, 49 acres in Union township, \$1, etc.
 Frank E. Slabaugh to A. A. Stasel et al., two parcels in Hull and Atherton's addition, \$5,000.

Divorce Petition.
 Norris V. Snelling has filed a divorce petition in probate court against Hazel M. Snelling. The petition recites that they were married May 23, 1909, and are the parents of one child aged four years; the plaintiff states that defendant has been guilty of extreme cruelty in that on many occasions she has declared that she did not want to live with him and that on Jan. 25, 1915, defendant told plaintiff to "take your clothes and get the hell out of here." He states that defendant has been keeping company with a man whom he names as correspondent and that she has been corresponding with others. He seeks a divorce, custody of the child and all proper relief.

Justice Scotts Court.
 The case of Bash vs. Bash is being tried before Justice Fletcher S. Scott and a jury this afternoon. The parties to the suit are brothers and reside near Homer. It is a forcible detention or ejection case and twenty-one witnesses have been subpoenaed from various parts of the county.

Appearance Day.
 Today was appearance day in Squire F. S. Scott's court and twenty-two cases were on the docket for hearing, only several of which were heard the balance being continued.

Answer and Cross-petition.
 An answer and cross-petition has been filed in the case of Laura A. Crawford vs. Michael M. Crawford, in which he denies certain allegations and admits that they were married June 27, 1905, and that two children aged 8 and 3 are issues of the union. In the cross-petition he charges the plaintiff with adultery committed with various men, naming one in particular, that plaintiff uses profane language and that she left him on Nov. 6, 1906. He asks for a divorce, custody of the children and all proper relief.

Barnesville Revival.
 Dr. and Mrs. LaManse who conducted revival service here last winter in the First M. E. church have just closed a series of meetings in Barnesville, O. There were nearly 400 accessions and last Sunday about 700 dollars was raised for the evangelists.

MASS MEETING FOR MEN ONLY

Dr. Albert E. Smith, President of Ohio Northern University will speak to men only at 2:30 o'clock. Dr. Smith is a very able preacher of the gospel and is one of the greatest speakers to men in the country. He is a great man with a man's message to men. Every man in Newark should hear Dr. Smith at the First Methodist Episcopal church on Sunday afternoon. Dr. Smith will also be in the Sunday school and in both morning and evening services at First Church on Sunday, giving ample opportunity for all to hear him.

WAR ZONE

HAS NO TERRORS FOR HUNDREDS OF PASSENGERS WHO LEFT TODAY.

American Flags Painted on One Lusitania Among Those Sailing For Liverpool.

(ASSOCIATED PRESS TELEGRAM)
 New York, Feb. 27.—Five passenger liners bound for ports in the war zone, set by Germany, around the British Isles, were included in today's sailings from this port. Hundreds of passengers were aboard. The Lusitania, now the largest, as well as the fastest passenger ship traveling the Atlantic, had many cabin passengers booked for Liverpool. The American liner St. Paul for Liverpool, the Holland-American steamer Rotterdam for Rotterdam, the Touraine for Havre and the Kristianafjord for Bergen were the other sailings.

American flags and the words "American line" in letters four feet high, were painted on both sides of the St. Paul's hull. Two more American flags were painted on her bow. The Rotterdam was marked for identification by lettering on her hull giving her name and destination.

MONTHLY MEETING PUBLIC LIBRARY ASSOCIATION HELD

At the monthly meeting of the Newark Public Library association in Taylor Hall, February 25th, eighteen members were present. The treasurer reported a balance on hand of \$54.77. Twenty-five dollars had been received by Mrs. Reese from the Brightening Circle of The King's Daughters, which will be used in the children's room. The tea given by the Daughters of the American Revolution and The Monday Talks on February 22, netted the sum of \$24.00. Other clubs will follow with "teas" at intervals of a few weeks.

The president appointed the committee which will visit the County Commissioners to discuss the matter of a county library. Neither Mrs. Reese nor the corresponding secretary had received any replies from the various communities in the county in regard to their support in our effort to secure county funds for doing county work, yet requests for library privileges continue to come in and the librarian struggles on to supply what is asked whenever possible. How a city library is to continue to meet both city and county demands with finances inadequate for city needs alone, is a riddle the association cannot solve. The county "may levy a tax of not more than half a mill on each dollar of taxable property in the county"—but will it? Or will it continue to get something for nothing?

COR. SEC. LIBRARY ASSOC.

Readers' View Point

Free the Bird.
 Editor of The Advocate:—Isn't there a law to prohibit caging wild birds? If so, why is that poor little Black bird shut up in the cage with the squirrels in the court house park.

It is now coming spring and it makes my heart ache, to see how that little helpless bird longs for his freedom.

Surely a BLACK BIRD is not such a rare thing, that it needs to be deprived of its liberty for the people to look at.

God meant that little bird to be free and by all means, let it be free. X. X. Z.

Mr. Fred Baker has returned home after an extended trip through Florida.

POTATOES

FURNISH MORE NOURISHMENT THAN BREAD COSTING THE SAME AMOUNT.

If Bread Price Goes up, Tubers Will Take Place of "Staff of Life."

(ASSOCIATED PRESS TELEGRAM)
 Washington, Feb. 27.—If wheat remains at its present high figure or continues to rise in price and if there is a corresponding increase in the price of bread, scientists in the department of agriculture suggest that the ordinary household will find it advantageous to eat more potatoes and less bread," says a statement issued today at the department.

"With potatoes at 60 cents a bushel, 10 cents worth—or ten pounds—will give the consumer a little more actual nourishment than two one-pound loaves of bread at 5 cents each. If prices change sufficiently to make it desirable from a financial point of view, there is no scientific reason why potatoes should not be substituted to a great extent for bread."

GREAT REVIVAL IS CONTINUING AT AMSTERDAM

The great religious awakening, which started on February 7th, at the Amsterdam United Brethren church, continues to move on with the firm, steady and certain tread of victory at every service.

The interest and conviction of the truth is deepening as the days go by. 15-vari-iteesdeR.C. with CnUmac-gb m and the Gospel preached in the first two weeks of the meetings is bearing fruit at each service, and the non-church people are becoming more seriously affected.

Last night, the pastor spoke from I Kings, XVIII, 21, "Why halt between two opinions, if the Lord be God serve him," and it was well received. During the services, two persons sought and found the Christ, seven were baptized and four joined the church.

Great services are expected for the Sabbath afternoon and evening and still greater victory is looked for on the Sabbath evening, when others will be baptised, and join the church, and no doubt others will seek and find the Saviour.

The excellent Young People's society of 40 members will be organized and placed in working order on Sabbath evening, and on Sabbath afternoon, a members meeting will be held, and plans laid for the continuance of the good work.

As long as souls find God, no time will be set for the closing of the series, and announcements are made for the coming Sabbath and Monday evenings.

Rev M. R. White of the Newark Tenth Street church will be with the pastor again, beginning Monday evening.

It now seems as if every soul in the little National Road village will find the Lord.

The largest Sabbath school session for many years is looked for on Sabbath afternoon.

Abe Martin

Uncle Ez Pash says he don't look fer peace in Europe as long as th' cigarettes hold out. It begins to look like th' country would be sick an' tired o' baseball again this year long before th' season opens.

RATIOCINATION NOW

Every Prudent Man protects his property by insurance from the remotely possible loss of fire. How much more it is his duty to guard his family against the loss entailed by the absolute certainty of his own death.

Nothing can take the place of life insurance. The man who says he prefers to save the money which life insurance costs, forgets that while he is saving, his wife and children are without protection in case of his death.

C. W. GUNION.

Let him insure his life, and he immediately arrives at the position to which, by any other plan he can only look forward after years of labor and saving.

Don't wait to insure because you don't feel able to take out a policy for a large amount. Your more convenient season may never come. There may come a day when by reason when failing health you are no longer insurable. Death may forever rob you of your opportunity. Besides, every year of delay increases the cost and decreases your opportunity to get life insurance on the most advantageous terms.

Take out a policy now, too late tomorrow. We offer you a contract that embodies all the advantages found in any life insurance policy that is written—Come and See.

A POLICY That affords Positive Protection. That constitutes a Safe and Profitable Investment.

G. W. GUNION Dist. Agent for John Hancock Mutual Life Insurance Co., Room 701 Trust Bldg. Phone 6137

LARGE BUILDING

MOVED EIGHT MILES—An unusual piece of house moving was recently accomplished at Cleveland, Ohio, when a three-and-a-half-story building, occupied by a yacht club, was blocked up on barges and towed eight miles over Lake Erie to a new site on an island in Rocky River. The structure is 52 by 78 ft. in size, and placed an aggregate weight on the three scows which were employed of approximately 310 tons. The largest of the barges, 49 ft. wide and 120 ft. in length, was lashed in the middle and supported 80 per cent of the load. A picture of the building during its removal is a feature of the March Popular Mechanics Magazine.

HUNDRED MEN OF DOLLINGS COMPANY MEET

SLOGAN OF ORGANIZATION IS
"MAKE THE INDUSTRIAL
DOLLAR SAFE"

At Evening Session Blair Motor
Truck Proposition Was Present-
ed—Will Finance Factory.

Columbus, Feb. 27.—One hundred field men and officers of the R. L. Dollings company held a meeting, school and banquet at the Hartman yesterday afternoon and evening.

The afternoon was occupied in discussing methods of salesmanship and in the exchange of experiences. Every county in the state was represented by Dollings men. The company has a system of maintaining supervision over the concerns which it finances, and has for its slogan, "Make the industrial dollar safe." The importance of emphasizing this was urged upon all salesmen. F. O. Somers of Butler county was awarded the palm as high man for the company with a record of \$148,000 worth of securities sold through his individual efforts in the last year. The Dollings company is a wonderful organization of bright and capable men who are producing results. The Dollings company never undertakes a financing proposition without first making a most careful investigation and it exercises the right to maintain supervision of all concerns that it finances. This is in accordance with the idea of making the industrial dollar safe.

At the banquet held in the evening C. E. Born, president of the Central National bank of Columbus, state treasurer R. W. Archer, C. E. Mason, President of the First National bank of Hamilton, J. P. McCune of the Blair Motor Truck Company, Newark, C. H. Spencer of Newark, C. D. Crites, president of the First National bank of Lima, C. A. Bliss of Columbus, W. D. McKinney of Columbus, Col. R. L. Dollings, William Hohl, district manager of Newark and others spoke. W. G. Benham, treasurer of Franklin county was toastmaster.

At the evening session the announcement was made that the Dollings Company after a thorough investigation had decided to finance the Blair Motor Truck Company of Newark. In a statement on this proposition Col. Dollings said:

"The Dollings Company deals in municipal bonds and seasoned non-taxable preferred stocks, such as those of The Burton-Townsend company with a record of forty years of success—The Rude Manufacturing company with a record of never passing a dividend in forty years—The Columbus Chain company with continuous dividends, and other concerns of equally high standing.

"Every day there comes to The Dollings company's headquarters propositions to be financed or reorganized and these propositions are referred to a department for investigation. Nine out of ten will not stand the acid test. Recently there was brought to our attention The Blair Case Electric Bus and Truck which seemed to possess such unusual merit as to be worthy of careful consideration by investors.

"We are today giving a statement of the investigation made and we offer the stock as a semi-speculative security. We have placed every safe-guard possible about the offering to insure to the purchaser a full return for the investment. Proper restrictions have been made as to salaries, management and policy. While we do not offer this as an investment having security equal to that possessed by our other preferred stocks, yet we are very favorably impressed by the reports, and if these are sustained by future developments the returns to our friends should be very satisfactory.

The Dollings Company issued a prospectus placing copies in the hands of each of its representatives telling about the Blair truck and gaso-electric bus, and quoting the written opinion of the Westinghouse Electric and Manufacturing Company. Already the financing of this Newark concern is well under way. The fact that the Dollings Company has undertaken the work is a guarantee of its success.

Announcement was made that a Blair gaso-electric bus seating 48 passengers will be seen in operation in Newark the latter part of next week.

Two stones resting on each other in the River Tinto of Spain are soon united by a deposit which forms over them.

RUSSIANS FIGHT DESPERATELY TO REJOIN MAIN ARMY

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 27.—A dispatch to Times from Petrograd says that information has been received in the Russian capital that several units belonging to the 20th Corps, which was surrounded by the Germans in the retreat from East Prussia, still are fighting stubbornly and probably will be able to rejoin the Russian army.

RUFUS PUTNAM RAISED FLAG OVER OHIO BUILDING

The Ohio building was dedicated Thursday at the Panama-Pacific International exposition.
Rufus Putnam, formerly of Newark, O., now a resident of California, raised the flag over the building. Putnam is a great grandson of General Rufus Putnam who commanded the 48 men who at noon of April 17, 1788, planted the first American colors on Ohio soil.

BECKER'S CASE IS TO AGAIN BE APPEALED

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 27.—The next move of course for Charles Becker, whom the supreme court yesterday denied a new trial for the murder of the gambler Herman Rosenthal will be an appeal before the court of appeals on legal points in the report of this new effort to have Becker's case once more before a jury.

Martin T. Manton who conducted the former police lieutenant's case before Justice Weeks was expected to file notice of appeal from the court's decision on District Attorney Perkins today. The motion for a reversal of Justice Weeks' decision is expected to be argued before the court of appeals on March 24.

ATTACKS

MADE UPON GOVERNMENT BY
EXTREMISTS IN CHAMBER
OF DEPUTIES

Because Prefects of French Cities
Have Been Ordered to Prohibit
All Meetings.

(ASSOCIATED PRESS TELEGRAM)
Rome, Feb. 27.—Vehement attacks upon the government were made in the chamber of deputies yesterday by the extremists because of instructions given Prefects to prohibit meetings even when they are described as private if there is reason to believe they would result in disorders. The order was designed to prevent clashes between those who favor Italy's intervention in the war and those who advocate strict neutrality. A tumult arose when the extremists declared the prohibition of such meetings was a suppression of liberty and in violation of law.

Premier Salandra replied to the criticisms of the government. He declared the instructions to the Prefects were designed to protect liberty, which was threatened by violence, raise the dignity of the country which had been injured by dissensions and cement more unity which would lead to triumph. As the extremists shouted that it was a plan to prevent Italy's intervention in the war, the premier declared amidst applause "I do not know whether our nation is destined to march to war, but if this shall be the case, we must all unanimously obey the orders of the fatherland and the king."

DEPUTIES MARK REGULATIONS ON SALE OF LIQUORS

(ASSOCIATED PRESS TELEGRAM)
Paris, Feb. 27.—The chamber of deputies adopted this afternoon the principal paragraphs of the bill limiting the number of new bars which may be opened and approved others making more stringent the regulations governing the sale of liquors. The bill in its completed form probably will be passed next week.

Some of the finest examples of electrically equipped coal mines are to be found in Nova Scotia.

YOUNG MAN KILLED BY FAST TRAIN

Jack Romine, age 18 years, son of Mrs. Oliver Romine of near Hanover, was instantly killed by a Pennsylvania passenger train, Friday night, at the crossing just a short distance from the Romine home.

Jack Romine in company with his cousin Merrill, had been to Hanover to attend services at the Presbyterian church. At the crossing he stepped off one track to let a west bound freight train pass, but stepped directly in front of the Pennsylvania passenger train No. 20. He was thrown down the embankment and instantly killed. His companion aroused the neighbors and he was carried to his home, about a quarter of a mile distant, the accident happening at what is known as the Romine crossing, Corner W. L. Jackson, was called and viewed the remains. Both legs were cut off and the head was crushed. He is survived by a brother and his mother. The funeral services will be held on Monday morning at 10 o'clock at the M. P. Church at Hanover cemetery.

TO DRAFT BY-LAWS FOR AUTO DEALERS NEW ASSOCIATION

F. W. Simpson, chairman of the committee on constitution and by-laws of the Newark Automobile Dealers Association, announced today that he had called a meeting of the committee for Monday night, when such data as has been collected will be drafted for presentation to the dealers at Tuesday night's meeting.

Mr. Simpson has been hard at work since the last meeting of the Automobile Association, gathering information relative to what would be necessary in a promulgation of such a constitution.

Mr. Simpson is very enthusiastic over the prospects of the automobile show to be staged the week of March 22-27 in the Arcade and Arcade Annex. He says that this year's automobile business will eclipse that of last year by many millions of dollars.

The most optimistic series of tangible business statistics said Mr. Simpson, emanating from a manufacturer of motor vehicles since the start of the European war, has just been made public by John M. Willys, president of the Willys-Overland company of Toledo. Mr. Willys says that the number of privately owned motor cars abroad is so depleted that American motor car manufacturers are meeting a growing demand for cars to replace those confiscated for military purposes.

"This fact alone shows conclusively that in Europe, as in the United States, the motor car is considered a vital necessity. Even in the face of extreme financial stringency on the other side of the Atlantic, the Europeans believe that a car is an investment which will net them good returns on their money."

Mr. Simpson says that already a number of patrons of his garage are planning on entering the automobile parade to be given during the week of the show.

Bill of Exceptions. A bill of exceptions has been filed with the clerk of court in the case of Jane Parks vs. Joseph Walton to make the case to the court of appeals on error. The suit was brought to recover damages for assault and battery, and on the trial the jurors awarded plaintiff \$75. To reverse the verdict and obtain a new trial defendant goes to the court of appeals.

©Harvey E. Wiley

DR. LAYMON

DR. WILEY in his LABORATORY

"Bad mouths are doing far greater damage to the people than smallpox." This is the startling statement of Dr. Harvey W. Wiley, famous food and health specialist of Washington, D. C. Dr. Wiley is urging the National Mouth Hygiene Association to throw its powerful influence, to start a general movement carrying the "gospel of sanitation and mouth hygiene into the home."

The "clean-mouth" movement is attracting more attention than any other hygienic movement, physicians declare. Cities all over the country are providing dental examination of school children. Fifty progressive dentists of the National Capital have just agreed to give two hours each month to the treatment of school children. In Boston, a dental clinic for school children has been opened and the movement is spreading to other cities.

Dr. Wiley's championship of the "clean-mouth" movement was heralded with unconcealed joy by those who have been conducting the fight against mouth diseases. The most dangerous of these is what doctors call pyorrhea alveolaris, or "Riggs disease," not because a doctor of that name first recorded it. It is called "the great white plague of the teeth." Dentists say sixty per cent of the people have it.

A singular fact is that while Dr. Wiley was talking of vaccination for smallpox and none against teeth, word came from a thousand miles away of a new method of vaccination by which "the great white plague of the teeth" could be cured. The research work was made in the Indianapolis Bacterin Laboratory by Dr. Gilbert D. Laymon, who is said to have been working for the last five years.

Those who have been permitted to observe the working of the new treatment say it is much the same to the terrible mouth disease that anti-toxin is to diphtheria, although there is a distinct scientific difference. Whatever it is, the new vaccine treatment has attracted attention from physicians and other scientists all over the country, for the reason that the big-hearted physician is said to have found himself often baffled with the fact that this peculiar malady is said never to be the same in any two cases.

The new scientific idea about the Indianapolis man's experiments is what he calls a "vaccine of individuality." The virtue of the treatment is said to be the isolation of bacteria which he achieved through experiments on guinea pigs and rabbits. The work has already led to an arrangement by which dentists are taught to administer the new vaccine treatment. Patients who cannot afford to pay are treated by Dr. Laymon himself without cost.
